B

If you have had a person  
dear to you pass away, you  
have felt the lonely, lost,  
and chilling feeling when you  
are left alone.  
That must be the feeling  
of thousands of mothers,  
fathers, wives, and children  
when they get a telegram  
merely stating "Killed in Action."  
What thoughts must go through  
a mother's mind. All the she  
had planned for him; a big

business, a wife, children  
and security.

All that she had built up  
in twenty years to be shot  
down in a second.

As the night of problems  
with this great loss?

It must be because  
that sorrow is everywhere.
