FALL SCHOOL TERM BEGINS MONDAY

GRAPEVINE REPORTERS GO TO TULARE CENTER

(The GRAPEVINE got its second major "scoop" when Works Division Director C. H. Merrill kindly allowed press representatives to accompany the work crew to the now vacant Tulare Assembly Center. Staff reporter Sam Nakagawa gives his impressions of the Center.)
By Sam Nakagawa

The day was at morn, the morning at 7:30 o'clock, and the wind, icy cold, as some 25 Works Division and press crew members journeyed on a 50 mile foray to clean-up and reconnoiter at the now-vacated Tulare Assembly Center.

After shivering the entire distance, we astonished the military guard who thought he was seeing apparitions, the last evacuees having left the day before.

SEA OF FLOWERS GREET EYE

Greeting the eye upon entrance was a large sea of flowers covering the whole front portion of the track except for a "V for Victory" swathed in the middle. We later discovered that the Center was completely bordered with flowery vegetation.

Toward the central sector of the oval, we perceived more greenery which

Scott and Wayne have a fist fight that's as blood-thirsty as any seen in years and it's over Marlene.

In the supporting cast,

there are Margaret Lindsay, Richard Barthelmess, Harry Carey and William Farnum.

ACCEPTING THE CHALLENGE LEFT BY TULARE RESIDENTS

On Friday, September 4, the last contingent of the Tulare Assembly Center evacuees left for the Gila River Relocation Center, leaving behind them an enviable record of cooperation and harmony during their four months' stay there.

Unlike the residents of this Center, the majority of whom are from a radius of 50 miles from here and thus are known to many of the local non-Japanese, the Tulare Center evacuees were total strangers from the coast regarded by the people of the Tulare area as "dangerous enemy aliens," and coming during the peak of public opinion against the Japanese, they were not favorably received by the local populace.

Yet by their diligence, industry, and harmonious co-operation, they not only overcame this antagonistic feeling but created such good will with whomever they came in contact that their departure was regarded with deep regret.

This observer, during a trip there recently, saw many material evidences of their industry and heard sincere expressions of praise for the departed evacuees by the remaining administrative staff.

We, the Fresno Assembly Center residents, came here under somewhat less trying circumstances and were provided with one of the best administrative personnel of all the Centers. We face a challenge in the fine record left by the Tulare Center residents.

Whether we do as well or better, is in our hands for we are the ones who will derive the benefits. Let us accept the challenge. --By Carl Kurihara

TO THOSE WHO CONTRIBUTED

The launching of the motion-picture theater has brought another form of entertainment to this Center, which is being acclaimed by the young and old alike.

The moving picture, it seems, has become an institution in this country, for each town, village, and hamlet seems to possess at least one playhouse where the latest pictures are shown to eager audiences. It has become as accepted as the traditional hot dog and ice cream.

As the world becomes grimmer, individuals long more and more for self-forgetting entertainment in their spare time. The motion picture provides a relief from the stark realities of life--and for a few hours transports the individual into realms of romance, vicarious traveling, and experience of different kinds.

We in this Center are grateful to those persons who have made it possible for all of us to enjoy the pictures. To these kind souls we say, "Thank you!"

KNITTING FEVER

In feminine circles the knitting epidemic has spread like a fever, and anyone who hasn't yet started a sweater or a suit is virtually a conversa- tional outcast.

"How's your outfit coming along? Have you started to bind off yet?" The di- rections run something like K2 P3 and you are supposed to follow instructions and perhaps read a book at the same time. As for me, I'm not getting anywhere fast. (Oh yes, I'm knitting, too. Trying, rather) It's a shame what beautiful work I do, an expert always has to come along and undo for me again. That's why I never get anywhere. I've been working on the same ol' scarf since last year, and just yesterday someone came and unraveled the whole thing again. See there?

BRAGGING AGAIN

We're mighty proud of our GRAPEVINE hangout and wouldn't exchange it for anyone's parlor, but the Poston Press Bulletin Of- fice at Camp 3 still claims to be the only press room boasting a picket fence with a swinging gate. They also have a fancy news- paper rack and awnings for their windows. Still, bet- ting this place is the only newspaper office where they have monopoly on the shower next door.

HERE'S HOW

And then there's Harold Araso, rising young editor at Hospital 2, who has been trying quite hard to get his name in the Paper. It's all very simple, Harold. You don't even have to mis- place an umbrella. There now.

REMINDERS *

Sry, folks, if you've nothing to do, I think there's laughter in store at the Bowl tonight. So on hand to meet Rochester.... Six more days to meet the deadline for the VIGOROUS literary sections. Come on, you hidden geniuses, how's about that poem you pro- mised to write?

PRESSMEN JOURNEY TO TULARE CENTER FOR MAJOR 'SCOOP'

(Cont'd from pg. 1 col. 1) turned out to be a miniature golf course minus the usual obstructions. The grandstand, which was included in the Center boudoirs, housed the offices which were compactly arranged under this one roof. E.E. Pirley, general assistant manager, explained that the stand served a dual purpose being utilized for movies and assemblies as well.

EVACUEES FROM COAST AREA

Pirley characterized the evacuees, who were from the coast area extending from Monterey to Pasadena, as "fine people" and remarked on their "perfect conduct" and how he "hated to see them go". He related the clean-up campaign that was carried on prior to their departure to the Gila River Relocation Center.

LIBRARY HAD 10,000 VOLUMES

Adjacent to the offices were many of the recreation facilities including tennis, basketball, and croquet courts and judo and sumo arenas. The hospitals, surrounded by lawns, were situated in one location. Also nearby was the large library which we were told formerly contained 10,000 volumes contributed by outsiders.

A visit to the canteens of which there were two, revealed that service had been through the large window counters.

CENTER HAS LOVERS' LANE

Accompanied by one of the deputy sheriffs in a patrol truck, we were taken on survey "across the tracks" which had been fenced off after that section had been relocated. A thoroughfare shaded by trees constituted the Center's "lovers' lane."

The Tulareans held their Saturday night dances on the street dividing the two sections.

With completion of the inspection tour, we could well imagine the fine spirit that must have prevailed in order to adjust themselves to a space less than half of the area covered by our own Center.

WRA LAUNCHES CAMPAIGN FOR MORE WORKERS

(Cont'd from pg. 1 col. 2) Six hours from 10 to 12 a. m. and 2 to 5 p.m. and will interview prospective recruits until the quota is registered.

The conditions for work have been stipulated and compensation has been set at the prevailing wages. The jobs will not only be in sugar beets but will include truck garden crops such as tomatoes and potatoes. Those accepting the offers will leave as soon as possible and commence work upon arrival at their destination in Box Elder County of northern Utah.

PERMANENT JOBS OBTAINABLE

According to Baker, arrangements may be made later to work in this sector for the duration of the war while others may return in December or earlier. Families or single men are acceptable with living conditions guaranteed by the relocation authority.

Scollay pointed out that prevailing wages have increased approximately twenty percent this year. Good crops are expected by the company but the labor shortage has been acute.

EMPLOYMENT FORMS READY

WRA representative Baker has released application forms for persons seeking any employment outside of Center. "Filling out the forms does not entail obligations on the applicant but is merely a means of surveying the number of people seeking outside employment," Baker said.

SEKIKAWA PITCHES SECOND CONSECUTIVE ONE HIT GAME

Paced by Cooper Sekikawa's sensational one hit, no run game performance, Florin Ayes whitewashed Delano by a score of 13 to 0 Saturday at Centor diamond. It was the second time Sekikawa failed to enter baseball's hall of fame by just one hit.

Sam Tsukamoto had a perfect day at the plate with two triples and a single while Buddy Yasukawa connected for a triple and a single while Yosh Tsukamoto and Dick Kurima were credited with a double and a single each.

FLORIN GETS 13 SAFETIES

The northerners got 13 runs on 13 hits. In the outer garden, Sam and Yosh Tsukamoto caught several difficult fly balls to help Sekikawa.

As a guest writer of the Spotlight column, I would like to introduce to you Sam Nakaguma sport columnist who hails from Delano. Known to the Press Gang as "Saturday P.M." column is drawing favorable comments from his many followers. A member of Delano High's class of '42, he was editor of the sport section in his school paper and in the annual. Interesting to chat with, this youthful scrivener will go places if opportunity is given.

BASEBALL TO CONTINUE

With the diamond classics still in active stage of competition and another round planned for the next few weeks, this writer finds great improvements among the "B" division players and these youngsters have been putting on a real exhibition of tight ball games.

EYE LEAGUERS HIT HARD

Experienced with several years of background, the "A" division ball players have displayed several incidents where strategy and quick thinking spelled victory for the team. That certain 'power behind the bat' was shown more noticeably in the upper league batters but the "B" swatters are not to be underrated as the solid cracks of the bats reverberated with more energized punch as the season progressed.

FOOTBALL PLAY PLANNED

Casaba season is running currently with keen competition and drawing pretty good crowds at evening and morning games. Organization of six men football teams should create interest for the fans who love nightkin classics. At any rate, the sport fans will have plenty to see in variety of entertainment as far as sports are concerned.

H-K "OLD STARS" DEFEAT A-F NINE

After being dealloeked twice in previous engagements, the H-K "Old Stars" baseballers finally breez-rohata's steady chucking to win 20 to 10 from the A-F nine Sunday morning.

Errors were plentiful on both sides but was to be expected as the creaking structures played a fast game.

John Nakagawa hit a circuit drive in the second inning and also got two singles to take hitting honors. Sam Tamara hit well for the H to K team.

"ALL STARS" STAVE OFF LATE RALLY TO DEFEAT WAREHOUSE SUMOISTS

By fighting off the desperate third round bid of the Warehousemen, the "All Star" sumo team won the coveted Gold trophy 23 to 19 during a tournament held Sunday.

With one point separating the teams during the latter part of the last round, Ikeda, Abo and Kiji clinched the title for the "All Stars" by trimming their opponents.

Taken by surprise, Warehousemen got off to a poor start trailing 10 to 4 at one early stage. The second round saw the Warehousemen cutting the lead down to eight points. Fighting hard to over-take the leader, the gang staged a nine point rally in the third round, but the bid was cut short by the more experienced opponents.

IKEDA REMAINS UNDEFEATED

Ikeda, Clovis powerhouse, proved his worth by being the only wrestler to remain undefeated. Takeda and Abo shared high honors in the "wild and woolly" three men free-for-all.

Outstanding members of the "All Stars" were Adiyama, Nakamura, Ise and Kamikawa, while Hiraga, Yonaki, Yamanaka and Kennel led the faltering warehousemen to a thrilling finish.

HANFORD DODGERS, FRESNO BEES NINES FIGHT TO 8-8 DEADLOCK

Hanford Dodgers and Fresno Bees fought to an 8 to 8 tie Friday evening in a thrilling diamond encounter as both aggregations tried vainly to win this important game.

A win for Fresno meant a tie with the Dodgers in the top rung of the B class pennant competition.

George Fujii, Chuji Mayovaki and Mako Satoda helped the Dodgers with their batting power while Nori Masuda and Hachi Omachi got three hits apiece for the Raisin City boys.

G. Fujii proved to be the fielding star of the game as he snagged "Windo" Odaka's long fly in left field on the dead run.
