ED. EXHIBIT TODAY, SUNDAY AT 1-13, 16

YOUNG STUDENTS DISPLAY MUCH TALENT AND ORIGINALITY IN THEIR WORK

"This exhibit is far superior to the one shown previously. The teachers and the pupils have put in both time and effort to make their final showing something that the schools and this Center can be proud of. It is interesting to see how much original talent these young students have displayed in their work," stated Superintendent

Stewart Nakano, referring to the contributions of the Center School students to the weekend Educational Program.

Their works are on display all day today and tomorrow at 1-13 and 1-16.

The nursery is exhibiting the hand works of the tiny tots' accomplishments of the past three months: the 1st grade, a novel

scrapbook and expressive art work; the 2nd grade, interpretations of various poems into crayon-work; the 3rd grade, miniature barrack and encasement of butterflies with a natural background in a frame.

The 4th grade, potato printing and colored paper hand cut-outs; the 5th grade, word derivations--largest being 125 words from one root word; and the 6th grade, soap carvings.

The 7th grade has one of the most interesting displays in the way of a project concerning details on all of the relocation centers in the different states.

ABSENTEE BALLOTS NOTARIZED TODAY

All absentee voters must have their absentee ballots notarized by Notary Public Ben Tsudama TODAY from 1:30 to 4:30 p.m. at the Social Welfare Clothing Distribution Booth next to the Cashier's Window.

All ballots must be unmarked. They must be marked in the presence of the notary.

Voters must mail their own ballots after it has been notarized and sealed.

ALL-PROGRAM JIG NEXT WEDNESDAY

Another all-program dance will be held next Wednesday evening.

The "Copycat Capers" last Wednesday was comparatively successful.

ORATORS TO SPEAK TONITE

Six outstanding Center orators will display their command of words TONITE at 8 p.m. on the grandstand. This Speech Exhibition, the first to be held in S.A.C., is part of the weekend Educational Program, sponsored by the Education Dept.

Miss Ovena Larson and Miss Elizabeth Humbarger, both of the Stockton High School faculty, and Mr. E. B. Levy will be guests for the evening. Kats Nagai will be general chairman.

Miss Grayce Kaneda and George Matsuo will speak on "The Preparation for Peace". Miss Helen Murozaki has chosen the topic, "How Education is Important for Preparation for Peace".

Jim Doi will speak on "The Importance of Cooperatives", while Barry Saiki has selected "The Heritage of the Nisei". Ken Saga's topic will be "The Importance of Recreation".

Center-ites are requested to come promptly and to keep the smaller children out of the center section of the grandstand.

Rejoining his family on August 18 was Mr. S. Ishimaru, who was interned at Bismarck, North Dakota.

CENTER STORE WILL NOT CLOSE ON AUG. 28, 'SAYS HANLON'; JUST RUMOR

"No, the Center Store will definitely not close on the 28th. It is just an erroneous error," stated Mr. W. H. Hanlon, store executive, when asked about the closing date of the Center Store.

There is no set date. Instead a new supply of drug sundries and cakes will come in today. Mr. Hanlon

stressed, "It is difficult to get supplies--especially drug sundries. This is due to a shortage and the fact that it takes a week to get the shipments from San Francisco where before it took only a couple of days."

"We're doing business on an average of \$800 a day," smiled the store executive. However, he adds a request that all bottles be returned to the store, because they are charged for missing bottles.

"It's really embarrassing--so many bottles being out," concluded Mr. Hanlon.

CALL FOR PAY-CHECKS PROMPTLY

There are still about 19 persons who have not called for their paychecks for the month of July 10 to August 9 revealed Center Cashier John Gordon.

The workers who have worked eight hours or more during the last payroll month are advised to call for their paychecks immediately at the Finance and Records Office before they are returned to the San Francisco Office as unclaimed checks.

EDITORIAL

OUR DUTY

Cloistered as we are, we, in the Center, are acutely aware of the gravity of the war, being waged throughout the world for the defense of democracy.

It is a titanic struggle--more appalling in savagery and treachery than any war in history. And significantly, we have a part in it, too.

As Americans, our every action should be directed toward an Allied victory. But what of us, in the Center? There are limitations on us as to what we can do, but effective contribution to the war effort is a distinct necessity for us.

Some of our number are in the ranks. They are training to battle for our colors and are rendering their service to America as fighting men. In far-off bases scattered throughout the nation, they go through their daily routines to be prepared -- prepared to uphold the will of a free and democratic people against the whole world, if need be.

In Manzanar Relocation Center, camouflage net production has been initiated and their output has reached prodigious figures. Unfortunately, we have no such advantages.

Though economically, it may not be feasible for us to buy defense bonds and stamps, our aid in such small matters as conservation of water, of electricity, of food, and other commodities would not only be desirable but should be practiced.

Democracy is a living fluid thing-- its defense and perpetuance should be the primary factor we must be concerned with throughout the war and in the future years to come.

IT'S A LONG WALK, BUT —

Who walks 10 miles per day? Mess boys? Mailmen? Canteen workers? Guess again! Yep, believe it or not, it's the Boy Scouts!

For the past two Sundays they have been hiking the 1½-mile track. Let's see, 1½ into 10 goes 9 times... nope!! too much. So that makes it 8 times that the "Be Prepared" boys go around the track.

They plan to do 10 miles per day on six consecutive Sundays; and on the last Sunday 20 miles.

The brave (?) Scouts are: George Akimoto, Paul Shimada, John Shimakawa, Bob Kishita, Bert Sato,

ALLAN HAGIO: "I like the way everyone is getting along without any trouble."

JOHNNY AKABA: "Free coupons and pretty girls."

KAY YAMAGUCHI: "My wife."

GEORGE HORITA: "There isn't much to say."

TED MIRIKITANI: "However, everything is satisfactory. In fact, much better than we had expected."

ED SAKO: "Making new friends. Time to do things--such as read, talk and play."

Watercolors and oil paintings drew favorable comments.

George Akimoto, well known for his cartoon work here, shows his talent in beautiful watercolors, crayon drawings and commercial posters.

Kay Kato has on exhibit precise pencil sketches and one watercolor of the Center Store; Hiroki Mizushima, pencil sketches.

Kr. Y. Yoshioka displays four oil paintings; Koichi Inouye, works of the commercial nature.

3,000 ENJOY 'ELEPHANT BOY'

Approximately 3000 Centerites enjoyed the feature movie, "Elephant Boy", last Thursday and Friday evenings from 8:20 p.m. in front of the grandstand.

"Elephant Boy" starred Sabu and depicted life in India's jungles. Its climax was the exciting elephant hunt in which Sabu took a vital part.

"A Day with Kagawa", a film on cooperatives, and "Famous Fights", showing Jack Dempsey and Joe Louis, were also shown.

WOOD CARVINGS ON DISPLAY NOW

Under instructors Roy Hattori and Mas Hagio some of the finest assortment of wood carvings will be shown at the Edex Hall today and tomorrow.

Among the amazing carvings are a schooner and a plaque with large eagle carved inside it. Other wonders are little animals, a mother holding a child in her arm and a group of six different boats carved on one piece of wood.

The celluloid carvings from toothbrushes should also attract many eyes. Among these are small gatas, animals and a ring with a small gata carved on it as a design.

NOT AN EARTHQUAKE

BRANUM (B-19) TAKES OFF

In the cold gray light of dawn two nervous figures stood conversing in a low serious tone. Around the figures in a blurry circle were silhouetted several strangers against the glowing sunlight. Suddenly one of the figures straightened up, ran for a short distance and leaped into the air. The circle broke instantly. An umpire rushed forward to measure the broad jump.

"Yah...yah...yah...." droned the ump, "leaped blah..

blah...blah...feet for his third try." Then the other contestant, gigantic brawny 225 lbs. Supervisor of Supplies Clint A. Branum, leaped nimbly to his feet, sped gracefully down the runway, and with unbelievable agility made a prodigious leap. He took off like a B-36 bomber, floated dreamily through space and landed yards beyond his opponent. The spectators oiled and goggled, wide-eyed with wonder.

"I told you all drugstore cowboys," drawled the southern speed-demon, "that I could lick any of you in the broad jump."

TERRORS CINCH TIE FOR FIRST HALF CROWN; BLAST TROJANS 8-4 TAKEUCHI, KINJI HIRAMOTO AND JIM HIROMOTO PACE SIXTH INNING RALLY

Three crushing doubles in the dramatic sixth inning by the undefeated Terrors' "murderer row" doomed all hopes for the Trojans of ever seeing the first half pennant as they went down to a heartbreaking 8-4 loss.

With the score knotted at four all and with two gone, the Terrors started moving when Mauch Yamashita and Ben Mikawa got life on bases with a single and an error, respectively. At this point like lightning, Mike Takeuchi, Kinji Hiramoto and Jim Hiromoto riddled the barracks with two base wallops to sink the Trojans.

The game was closer than the score indicates. The Trojans tied the closely fought game in the first half of the sixth, when Frank Horita, after doubling to the barracks, came home on Ishi Sano's hot infield grounder. Just prior to the deadlock, Ben Chikaraishi teed off for a long home run to deep center.

Second seaker Kinji Hiramoto sparked the winners with two hits besides driving home four important runs.

Frank Horita with three doubles was the big gun for the losers.

STATE LEAGUE EAST OUTLASTS WEST

The greatest potential softball pitcher in the center is not taking his turn on the mound, but instead playing first base.

The undeveloped star is Dodgers' tall Will Kagawa, who definitely has the stuff to be the best.

In his only appearance Kagawa struck out the first three batters to face him but poor support by his teammates in the second inning wrecked his chance of continuing.

He has a much faster ball than either Mike Takeuchi, Jack Maeshiro or brother George, and if he had the experience that they have, he could get places.

Softball is eighty per cent pitching because the hurler usually strikes from ten to as high as twenty-one batters per game. But until the Nisei moundsmen can duplicate these feats, they must depend largely on the defensive ability of their teammates to pull them through.

The significant feature of the success of the championship Reds was their graceful fielding performance, more than any other single factor.

Although we are not attempting to discredit Mike Takeuchi's beautiful twirling, he is only a control pitcher (and he is the tops) but if he had the blazing speed of Will Kagawa, he would be unbeatable.

Kagawa would have a better chance of becoming a superb pitcher, because he has the advantage in the height which Takeuchi sorely lacks.

Then, maybe, we could boast a team to match such strong outfits as the Stockton Fibreboards, Colbergs, Stockton Box Company and other topnotch teams of this part of the state.

Pitching is a weak spot of the Nisei softball squads.
