1776 JULY 4TH 1942

IN CONGRESS, JULY 4, 1776

THE UNANIMOUS DECLARATION OF THE THIRTEEN UNITED STATES OF AMERICA.

When in the Course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.---We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.---That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed,--That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to affect their Safety and Happiness. Providence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.--Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government.....

General Douglas MacArthur

NOISE CREED

BY KIMIKO KODANI

In December, 1941, when exploding bombs and gunfire flared in strange-sounding places, such as Mindanao, Luzon, Corregidor, Bataan, the name "Douglas MacArthur" flashed into the headlines of every paper in the land. The dauntless defender of Bataan! The Supreme Commander in the Southwest Pacific! A first class fighting man! Such designations referred to none other than General MacArthur.

His transfer to Australia as Supreme Commander of all the United Nations' Armed Forces in the Southwest Pacific may be considered the climax of General MacArthur's colorful military career. In his past exciting sixty-two years he has heard the zing of Indian arrows, the crack of Mexican rifles on the plateau above Vera Cruz, the thunder of artillery and the burst of shrapnel in the Argonne Forest, the whirl of Filipino bolos, and finally the present explosions of Japanese bombs. MacArthur's first recollection is the martial sound of bugles in Little Rock, Arkansas, where he was born on January 26, 1880.

HIGHEST RECORD IN TWENTY-FIVE YEARS

Douglas MacArthur's life is full of firsts, bests and onlys. He entered Westpoint in 1899 and as a yearling he won the rank of first corporal; as a second classman he became ranking first sergeant; as a first classman he became first captain; as a graduate in 1903 he stood at the head of his class with a record that was the highest in twenty-five years.

After his graduation MacArthur has enjoyed a series of promotions from one rank to another. In 1904 and 1906 during the Russo-Japanese War he served as military aide to his father in Tokyo, Japan. He traveled in the Orient on a confidential mission. At Mukden he saw the Japanese soldiers charge a Russian-held hill six times and joined them on the seventh successful attack. As an observer with the Japanese army, he acquired a good knowledge of Japanese military technique.

I am proud that I am an American citizen of Japanese ancestry, for my very background makes me appreciate more fully the wonderful advantages of this nation. I believe in her institutions, ideals, and traditions; I glory in her heritage; I boast of her history; I trust in her future. She has granted me liberties and opportunities such as no individual enjoys in this world today. She has given me an education befitting kings. She has entrusted me with the responsibilities of the franchise. She has permitted me to build a home, to earn a livelihood, to worship, think, speak, and act as I please--as of free man equal to every other man.

Although some individuals may discriminate against me, I shall never become bitter or lose faith, for I know that such persons are not representative of the majority of the American people.

True, I shall do all in my power to discourage such practices, but I shall do it in the American way: above-board, in the open, through courts of law, by education by proving myself to be worthy of equal treatment and consideration. I am firm in my belief that American sportsmanship and attitude of fair play will judge citizenship and patriotism on the bases of action and achievement, and not on the basis of physical characteristics.

Because I believe in America, and I trust she believes in me, and because I have received innumerable benefits from her, I pledge myself to her honor to her at all times, and in all places; to support her constitution; to obey her laws; to respect her flag; to defend her against all enemies, foreign or domestic; to actively assume my duties and obligations as a citizen, cheerfully and without any reservations whatsoever, in the hope that I may become a better American and a greater America.

NILS AARHONSEN'S MESSAGE
 The day of days is upon us again and here in the Tulare Assembly Center we are going to celebrate a good old-fashioned Fourth of July in spite of heat and handicaps.
 But on that day let us also remember that a crisis has been reached and that our country is calling upon us for sacrifices.
 The future greatness of America may well be measured by the greatness of those sacrifices. Let us, therefore, pledge ourselves to do our part for our country who has given so much to us.

DEDICATION

The Tulare News Staff humbly dedicates this issue of the Tulare News to General Douglas MacArthur, Supreme Commander of the United Forces of the South Pacific and his men, who are defending the front lines of Democracy. We dedicate it to our American Leader, who inspires every nisei soldier to battle for the rights of humanity.

WE MUST FIGHT!

BY HIROSHI TAKUSAGAWA

On July 4, 1976, a people unanimously declared their independence. A freedom, free of oppression, unfair taxation, yes, of virtual dictation and slavery. This declaration came reluctantly, for their very oppressors were of their own flesh and blood--their mother country.

But, when that decision came, there was determination behind it. Determination to win that freedom at all cost.

To win this independence, a long and bloody war was fought. Men suffered untold hardships. Men bled. Men died. Thirteen united states giving their all to win victory and freedom at any price.

Finally that glorious day came. In October, 1781, Cornwallis was forced to surrender at Yorktown. Victorious, General George Washington was elected to be the first president of what today is the arsenal and Fortress of Democracy and freedom.

Today, we are faced with a similar situation. There are forces rampant, who would enslave the world; Destroy God; Build a world out of hate, racial prejudice, and oppression.

The United Nations-nations and people, with the love of freedom are fighting to preserve that right for which our forefathers fought and won.

We, the free people, with the United States of America leading the charge, must fight, bleed, and die, that we may preserve our unalienable rights to life, liberty, and the pursuit of happiness.

Variety is the spice of life; so it is in the different Centers.

Salinas: A grand final Talent Show, dinners galore and numerous dances have taken place lately. You see, their exodus to Arizona begins July 5.

Manzanar: Something new has been added! The streets are being oiled with oil and asphalt.

Pomona: \$200 in the second week of the USO drive....not bad!!

Being one of the newest Centers, we can't blame Pomona for having election at this late date. But when movies are already being presented there, and still not here--say, I don't get it!!

Fourth of July curfew has been extended to 12 hours. Well...so what?

Stockton: Something wrong somewhere when 300 people sign up for Beginners Social Dancing Class.

Fresno: Every Center is green with envy when they hear of Fresno's "Starlight Serenade" as described by the Grapevine. It is an all musical program--mens chorus, orchestra, and chorus girls, of all things!!

Santa Anita: If Santa Anita's Avenues are named for Horses, ours could be named after Great Men. Which reminds me, Shimano's column in the Pacemaker gets more goats than one. Even the Manzanar Free Press has been the victim of his slam.

TAKE SPECIAL PRECAUTIONS IN MEASURES OF FIRE HAZARD AND SAFETY DURING YOUR INDEPENDENCE DAY CELEBRATION.

C. CARTER REPLACES H. STUMP

Replacing Harwood P. Stump, who recently left for the Army, as head of the Service Division, is Corlies R. Carter, who has been appointed acting supervisor, pending receipt of official confirmation from the proper authorities. Carter, who was formerly the Supt. of the Works and Maintenance Division is well known here.

"I was greatly impressed by the ramifications of the Service Division and its importance to the evacuees as a whole. I certainly intend to do my utmost to continue the very efficient administration it has had in the past," said Carter.

Aanonsen's Secretary Weds

On June 13, Miss Elizabeth "Bessie" Petschauer became Mrs. Vernon Stearns, it was belatedly learned today. Mrs. Stearns is the Secretary to Center Manager Nils Aanonsen.

The couple honeymooned in Los Angeles over the weekend, and both were back to their respective jobs on Monday.

Stearns, who hails from Oakland, as does his wife, is a private in the Army Air Corps, and is at present attending an Aviation Mechanics School.

General Douglas MacArthur

(continued from page 2)

When the United States entered World War I, MacArthur sailed to France with the Rainbow Division, which he had formed. Once on the battle field, courage was his outstanding characteristic. Disdaining helmet, gas mask and side-arms, he went with his men into No Man's Land. Armed with only a riding crop, he brought back eight German prisoners.

He has been decorated by twelve foreign governments. Among his array of medals are the B.S.C., the D.S.M., the Purple Heart (all with oak-leaf clusters), the Silver Star with six oak-leaf clusters, Grand Officer Legion of Honor, Croix de Guerre with three palms, and many others.

YOUNGEST COMMANDANT AND CHIEF OF STAFF

Returning from Europe in 1919, MacArthur received the position of superintendent of Westpoint Military Academy, only sixteen years after his own graduation there. Thus he was the youngest commandant in Westpoint history.

His great promotion came in November, 1930, when President Hoover gave him the title, Chief of Staff. At the age of fifty, MacArthur, the youngest chief of staff in the Army's history, inherited an outmoded American army. The post-war depression had cut down appropriations, but MacArthur fought against odds to get funds for the modernization of the United States Army.

In the fall of 1935 when his term as Chief of Staff came to an end, MacArthur was off to the Philippines, heading the American military mission to organize the Islands' defenses. When President Quezon asked him to act as military adviser to the newly formed Commonwealth of the Philippines, MacArthur accepted almost immediately, for his fondness for the Filipino was lifelong and genuine. He received the title of Field Marshall and was again faced with the struggle of getting money for men and equipment. Despite obstacles, he relentlessly persisted on the thesis that the Philippines could be defended and he made his plans and preparations accordingly.

Before his program was half completed, however, the Japanese troops moved into Thailand. The fast mounting crisis was coming to a peak. On July 26, 1941, President Roosevelt struck a blow in the Pacific by appointing Douglas MacArthur Commanding General of the United States Armed Forces in the Far East.

LIBRARY HAS WORKERS HOUR

Head Librarian, Sumire Sugita informs that for the benefit of the workers and older people, the hour of 9:30 p.m. was adjusted to 8:30 p.m. with their leisure time. Sunday hours are 2 p.m. to 9:30 p.m.

Adolescents are cordially invited to the Center Library to read the abundant reading material that is available any time during the day from 9 a.m. to 9:30 p.m. Widely claimed magazines such as Time, Atlantic Monthly, Reader's Digest, Harper's, and Parents' Magazine can be found among the variety of outstanding literature there.

Old Clothes Wanted Told

Don't you hear mother sigh as she looks at her youngsters, and how she shakes her head?

"Bobby--you're outgrowing your clothes so fast, I seem to have an excess of outgrown garments. Little sister can't wear them, and even she is outgrowing her dresses so fast. Her wearable garments are few compared to her outgrown dresses too."

The Social Welfare Department is asking for just such outgrown garments or shoes. We are making this appeal to help other in our midst who are less fortunate. Won't you bring your contribution to the Welfare Department?

General Douglas MacArthur

(continued from page 6)

At the outbreak of the present hostilities, General MacArthur's military headquarters were in the Walled City district of Manila. Although the Japanese raiders took this city in the early part of their campaign, they found the dauntless defenders of the city hard to overcome.

FORMER COMMANDER IN THE SOUTHWEST PACIFIC
 Meanwhile on March 17, 1942, Douglas MacArthur received his greatest promotion when President Roosevelt ordered his transfer to Australia as Supreme Commander in the Southwest Pacific. His arrival in Australia was acclaimed by the Allies as the first step in their march to victory.

General Douglas MacArthur's past sixty-two years of outstanding military career will be recorded in the pages of United States history books. Today he is leading daring commando raids on Japanese-held islands. His crowning achievements in the present world war is still to be seen. (The End)

11 CENTERS PLANNED FOR EVACUEES

\$70,000,000 Appropriated

Eleven self-supporting communities will soon be set up by the United States Government where the 130,000 Japanese now evacuated from strategic points of military areas will settle for the duration.

Allotment of \$70,000,000 approved by the House for the War Relocation Authority was made for the year starting July 1. The WRA disclosed that among the people now being relocated, two-thirds are American born, 30,000 under 14, and the main issue involves "questions of national security and the problem of enabling the evacuees to make a living, protect their health, and continue the education of children."

Statistics reveal that approximately 80,000 are now in temporary Assembly Centers, 20,000 are in permanent relocation areas, 10,000 to 15,000 have been "frozen" in Eastern California preparatory to evacuation, while still others are awaiting voluntary admission to relocation Centers.

The population of these relocation Centers will range from 7,000 to 20,000. Residents will engage in maintenance and operation of the Center, and will be employed in various war relocation work corps.

Essentials such as food, clothing, medical care, and education will be furnished by the government. Community stores will be set up under the operation of the Japanese, and the Government will finance the purchase of the first stock of supplies. (From Examiner)

Concrete floor cost \$2000

New concrete flooring, replacing the present wooden ones, are now under construction for the ten mess halls, with an average of one a night being completed. By working one-half of two mess halls each night, it is hoped to cause no delay or confusion in the serving of meals.

Taking almost 300 men of work, the concrete materials are estimated to cost close to \$2,000.

Much credit is due Capt. Oji, acting superintendent; Sgt. Kunihiro, assistant; and George Shigenaga, foreman, for the splendid work they are doing in promoting rapid and cooperative labor.

LAUNDRY SERVICE

Negotiations for cleaning and laundry services are being made with local laundries according to Corlies R. Carter, acting head of the Service Administration. All transactions will be on a cash basis, and service will start as soon as satisfactory arrangements are made.

---0---
 Mrs. T. Sonoda and family wish to express their deep appreciation for the many kindnesses extended them during their recent bereavement.

FIRST AID IMPORTANT

The first phase of the Red Cross first aid classes under Mesdames Wynn and Shupe were concluded with an examination held last night.

Provided that there are a sufficient number of those that pass the exams, Arthur T. Duerksen, Supervisor of Supplies, who has been teaching first aid for about five years will start an advanced class. The goal of this group who meet every Tuesday and Thursday night in the D-3 school building is to obtain instructor's certificates. About twenty-five persons are enrolled.

CAPS & GOWN TO BE WORN BY GRADUATE

Attention to all graduates! The all time problem as to what to wear at the commencement exercises has been solved at long last!

Grammar school and junior high graduates, both boys and girls, are asked to wear sport clothes, the girls preferably in pastels and anklets with low heel shoes.

Caps and gowns will be supplied to all high school, junior college, and university graduates. Girls should wear sport clothes with heels and hoisery. The boys are requested to appear in white shirts, dark ties, and sport trousers.

COMMITTEES ANNOUNCED

Working on the coming graduation exercises to be held Thursday, July 9, are the various committeemen:

Bill Morita, diploma; Kiyoko Oda, music; Helen Osaka, program; Masato Inouye, speaker; Akimitsu Shimmura, grandstand; Jessie Koyama, decoration; Samsye Ota, banquet; Fumiyoko Kodani, printing; Hitoshi Samashima, caps and gowns.

Special recognition is extended to these people for their untiring work.

Special Meeting

A special assembly of all junior high and high school students will be held Monday evening, July 6 at 8 p. m. to elect class representatives to the newly organized student council.

A boy and a girl from the 7th through 12th grades will be chosen to represent their class.

ATTENTION

All graduates participating in the graduation exercises must meet for two rehearsals on Tuesday and Wednesday, July 7 and 8, at 7:30 p. m., in front of the grandstand.

If graduates are not present for rehearsals, they will not be included in the program.

LAST CALL

Last calls for diplomas of all senior high, junior college, and college graduates! They must be turned in by Monday noon at J-6-2.

If your diploma has not arrived yet, see Helen Osaka immediately. Many diplomas have arrived at her office.

BABY CLINIC TWICE A WEEK

Dr. Ehta of the Assembly Hospital announces to the mothers of the Tulare Center that beginning Tuesday, July 7, the Well Baby Clinic will be held only twice a week on Tuesdays and Fridays, from 9-11 a. m.

YAMANAKA ELECTED PREXY

To create unity among the students, and to promote extra-curricular activities, a Student Body was organized in the Governor's junior high and high school. Nominations of the first officers were held in the grandstand at 7 o'clock Tuesday evening with elections held on Wednesday and Thursday.

Bill Yamanaka of South Pasadena was the unanimous choice for president, polling 236 votes out of the 386. Konji Kobayashi followed with 65 votes.

Elsie Morita and Oscar Inouye will fight it out in a revote to be held on July 6 and 7. They received 142 and 121 votes respectively.

Kimiko Kodani of Gardena was elected secretary treasurer with 169 votes.

Popular Leo Kama from Gardena amassed the highest number of votes of any candidate in winning the position of sergeant-at-arms. He received 247 votes out of the 381 cast for this office.

Candidates and votes are as follows:

- President
Konji Kobayashi, 65
Kiminori Nagano, 32
Shigecko Nishijima, 19
Bill Yamanaka, 236
Fumiko Yoshihashi, 32
Vice-president

LIBRARY HOLDS OPEN HOUSE

Open house today at our Center Library will reveal many new improvements in the way of books and decorations. From 9 a. m. to 9:30 p. m. a librarian will be present to answer any questions pertaining to the library.

Many books and magazines have been added to the children's and adult's departments. Some of the generous donors are Mrs. K. Otori, Suniye Ota, Rosemary Fujimoto, Ruth Kirita, and Harry Teushima. Newspapers from all former home towns and also papers from other Centers can be found in the library

To accommodate those persons desiring to work on their various craft and art hobbies such as, artificial flower making, needlecraft, woodcraft, apartment 5 in barrack C-3 will be open Monday through Friday from 8 a. m. to 4:30 p. m. beginning July 6. Saturday's, the room will be open from 8 a. m. to 12 noon, and 2 p. m. to 4:30 p. m. on Sunday's.

The public is cordially invited to come in and work on their projects at any of these hours.

Sewing Machine Wanted, Miura

In order to help those in dire need of clothing, the Welfare Department has sent in a requisition for two sewing machines, and other equipment. With Miss Amy Muroke in charge of clothing problems, and Mrs. T. Shimizu supervising the workshop, volunteers will help remodel and make clothing for the needy.

Many contributions have been received from various church and other welfare agencies, and more are coming, stated Gohachiro Miura, Welfare Chief. Although clothing will eventually be furnished by the government, the immediate problems will be handled by this department. Shoes and clothing for all age groups will be provided.

The sewing classes will also cooperate in this project.

The population of this Center is 4,888.

It does not seem likely that we will be evacuated this month. Although the above statement may be true, it cannot be accepted as iron-clad, because of almost daily revisions of orders pertaining to the evacuation by the Army, stated Center Manager Nile Aanonson.

The official announcement of removal cannot be made until ten days before evacuation, according to present rulings.

Manager Attends Frisco Confab

Center Manager Nile Aanonson was in San Francisco Tuesday, attending a general conference of all center managers from the three Pacific Coast States. The managers met with R.L. Nicholson, Chief of the Reception Center Division, and members of the headquarters staff.

Represented at the conference were thirteen assembly centers, which makes up the total number of centers on the Pacific Coast. Only routine matters such as contracts and evacuee property settlement were discussed.

When Phyllis Matsushita, ace chucker of the Compton Deb team steps up to that mound, you can expect to see a game that's sure to be the 'talk of the town.' Credited with a string of fan outs, this carried a niche for herself in the feminine sports world of the Center. More power to you, Phyllis.

Dolly Yamamoto who also hails from the southern metropolis is another ace moundman. With these two good tossers and slugger Etsuko Yoshinaga, the Compton Debs ought to have something to show for, come the end of the softball season.

ATTENTION GIRLS:

In reading the Santa Anita "Face-maker", I find that the girls there are now taking up judo. I guess there are a lot of wolves there. Maybe we gals here in Tulare had better do the same to protect ourselves from the wolves hanging around our doorsteps. Well e'nuf said so g'by till again.
