## GRADUATION CEREMONY IMPRESSIVE

### PARKINSON RESIGNS

Replacing Donald R. Parkinson as Chief Steward, according to M.F. Armstrong, according to L. J. Wilkins, Supervisor of the Mess and Catering Department. Parkinson resigned this week in order to take another job.

Armstrong was the food warehouse superintendent, and his duties are being taken up by his former assistant Leo Adams. As to the food situation, the changes in personnel will have no effect (Continued on page 2)

### OSCAR INOUE WINS ELECTION OF STUDENT BODY

After a close contest, Oscar Inouye, formerly of Santa Maria, has won over his competitor Elsie Merits of Pasadena in the vote for Vice-President of the Tulare Center School student body held last Monday and Tuesday, July 6 and 7. He triumphed by a narrow margin of 183 over 173 compared to the previous election when the count was 142 for Oscar and 121 for Elsie Merits.

Good luck, Oscar!

### Education Vital Says Speaker

On a flower bedecked stage, 150 students received their diplomas at an impressive and unique graduation ceremony Thursday, July 9, at 8 p.m. Following the introduction of honored guest Bill Davis from the Tulare County School Board, three well presented speeches were offered by Yoshie Fujita, Amy Hiratsuka, and George Takamoto who represented, respectively, the high school, junior college, and university graduates. Their topics for the night were Education for Service, Morale, and Leadership.

T. R. Nickel in his address to the audience commended the educational group for their work on the graduation and stressed the importance of education for leadership and morals. A congratulatory message and best wishes to the graduates were presented by C.R. Carter, Supervisor of the Service Division.

Attired in caps and gowns, 103 high school, junior college, and college graduates received their diplomas which were presented and granted by Melon Osaka and C.R. Carter. 47 grammar school and junior high graduates followed this group. Nine students were honored with CSF Life Membership and CSF Torch Bearer pins.

Musical selections for the evening were: an Aria from Suite Antique for two violins and piano by Toshi Harada, Tsugio Iwahara, and Kiyoko Oda.

## INSURANCE OBTAINABLE

Persons evacuated from Military areas are eligible for old age and survivor's insurance, if determined by the Social Security Board. Reports reveal that a considerable number of evacuees have become eligible, and others, who were receiving payments before evacuation, are not doing so now, because their whereabouts are unknown.

Aliens as well as citizens are entitled to these provisions but their place of employment must be covered by the Social Security Act.

Any person falling in either of the above classes should apply to the nearest office of the Social Security Board or send in his or her current address to that office.

Applicants in this

Center should contact the Social Security Board, Post Office Building, Fresno, California.

### NOTICE

The Center management requests that the Fire Regulations as listed and distributed to apartments shall be posted in each apartment. Particular attention is directed to rule number 9 which reads "POLYMER AND FIBER SHALL HAVE AUTHORITY TO MAKE INSPECTION OF ALL APARTMENTS FOR FIRE HAZARDS." One hundred per cent cooperation is expected when departments are making their inspections. Copies of the Fire Regulations can be obtained at the Tulare News office.

### COLUMN-TORIAL

There is no time in the life of a man, when he can just sit and be idealistic. The industrious quality of the Japanese has made them law abiding and has kept them away from charitable institutions. We cannot afford to lose these characteristics now. We need every ounce of our energy to battle this tremendous obstacle in preserving our inherent qualities. We need the aid and sympathy of our American friends, who have stood by us through these many years. The test of the Japanese-Americans to survive this present and future ordeal and become normal individuals will require superhuman efforts on the part of every one concerned in the problems of evacuation and relocation.

We as a racial group have boasted about our characteristics. Now we have a chance to prove this. If we can come out smiling from this crisis, there will be little doubt left for other racial minorities to misunderstand our earnest desire to be accepted as part of a greater America. Soft complacent living has not produced great men. Courage, patience and industry on our part will stem the tide of false understanding of our people. We believe that from this tumult and confusion, a new race of Americans will rise from its midst to brighten the torch of Liberty.

We give our vote of thanks to Harold Leach and his Recreation Department for their splendid Fourth of July program. They have given us proof that cooperation with hard work can accomplish anything.

## HONEST YOUTH RETURNS \$10 To POLICE STATION

Honesty has triumphed in the case of Haruo Bayashi, formerly of Arroyo Grande, and now residing at F-3-2. On July 7 Haruo saw a ten dollar bill floating around between two barracks. He took it and immediately turned it in to the Police Department who returned it to the locker, San Marishita of C-7-3. How many of our Center residents would have done the same?

## BABY GIRL BORN To SUZUKI

Weighing 7 pound 3 ounces at birth, a baby girl was born 10:40 Tuesday morning July 7, to Mr. and Mrs. Eamezo Suzuki of Compton. The proud parents and family reside in E-4-4. Members of the family include: Masuko 18, Kiyoshi 16, Aiko 14, Takako 10, and Takashi 7. Miss Suzuki is the sixth child in her family and the tenth baby born in the Center.

Drs. James Higa and Howard Suenaga were the attending physicians. Both mother and child are reported to be doing well.

## Warning

People are warned not to trample into flower beds found alongside the fence and side of buildings. Special precautions must be taken around the infirmary, E, and F sections.

on the quality or quantity, stated Wilkins. Due to the increasing difficulty in obtaining fresh foods, canned goods may be served but they never will take precedence over the fresh articles, he added.

# SCHICK TEST TO BE REPEATED AGAIN

## MESSAGE TO JAPAN POSSIBLE

Under the auspices of the International Red Cross it is now possible to send free cablegrams to immediate families or relatives residing in Japan.

Compositions of the message are to be in English and made as brief as possible. Forms for sending the messages may be obtained through G. Miura of the Social Welfare Department in this Center. To avoid congestion in the administration office, persons are requested to fill out the forms at their departments and then return them to the welfare department.

Because of the wartime conditions, it is expected to take months for the messages to reach their

destination. However, as evacuees may have access to this service even to the relocation centers, Mr. Miura announces that there is little need for rushing any messages.

Each family is limited to send one message, as the estimated cost per cablegram dispatched is approximately 3 to 12 dollars.

## July 13 Set

On Monday July 13, the Schick test for diphtheria will be repeated for children between the ages of 6-12 years from 9 to 11 a.m. announced Lorne Hayske, assistant supervisor of the Service Division.

The test was given on July 7 with 279 of the 531 children of this age group responding. The remaining 272 children are urged to attend the clinic next Monday so the Center will have a 100 per cent record.

It was also pointed out by Lorne Hayske that many of the children, who were among the first to receive the shot, did not return for a reading. These children are urged to return Monday, July 13 from 6:30 to 8 p.m.

## CONTRIBUTIONS

The latest contributors to the Center library are Alice Kimura of Santa Paula, Mr. Tami of Oxnard, I. Kakinoto of Santa Barbara, and K. Yamuchi of Inglewood.

## INTRODUCING the queen & her court

Tall and slim Masako Kanda possesses a pleasing personality, also a candidate from Santa Maria. She has been affiliated with a girls' organization in her hometown, and finds enjoyment in crocheting and sewing. Her ambition is to become a good dressmaker. Hardworking Masako spends her day in the C Mess, and during her spare hours, divides her time doing odds and ends, always making herself useful. "I was happy to represent our J section," she concluded.

Fumiko Moyama is a former Guadalupean and graduated Santa Maria Union High as an outstanding senior, an honor rarely won by a Japanese student. She was actively connected with the Young Buddhist Association of Guadalupe. An all around athlete, Fumiko has won many awards for her achievements. Nursing falls easily in her line, while teaching little children is a future outlook and happiness.

A pioneer of Santa Maria, Hina Sakaji is the smallest of the eight princesses. Dancing, reading, and collecting snaps are her hobbies to while the hours away. Stenographic work appeals to her very much and hopes it to be her ambition. Hina has held various offices in the Young People's organization and has taken part in the choir. "I was glad to represent our section and the experience was thrilling," explained Hina.

After completing high school, Kikuyo Yamada of Guadalupe crossed the waters to enroll in the Kelsen Girls' School where she remained for two years. Later she entered Stephens College in Columbia, Missouri. She claims she has a very expensive hobby, that of collecting perfume bottles. A friend of all, Kikuyo possesses all the essentials needed of a popular, well liked girl. "It was more surprising than anything else," finished Kikuyo.

## Post Office RECONSTRUCTED

New counters and shelving have been constructed in the post office department eliminating the unnecessary hunting for parcels and packages on the floor.

Delivery of packages which heretofore had been made through the front door has been changed. Hereafter, persons calling for parcels must go to the rear of the post office to make their claims.

Packages must be opened and inspected in the presence of the claimant before they can be forwarded to the callers. This is in accordance with regulations received from the San Francisco office, declared chief clerk, S. Umeda.

L. F. Woods and Capt Russell will inspect the packages between 8:30 a.m. to 5 p.m. daily.

WILSON NEWS

# CENTER LIBRARY POPULAR HOME NURSING COURSE TO BEGIN JULY 13 TOLD

## 400 Visit Daily Reported

Over 400 people enjoy the facilities of the library daily. George Shimizu of the Center Library located in J-6 revealed that the available books are donated, the library has an extremely wide selection of good reading for all ages.

Some of the adult fiction are: "Three Loves," by Cronin; "The Good Earth" by Pearl Buck; "Rebecca," by D. Maurier; "Native Sons," by Richard Wright; "We" by Charles Lindbergh, and novels by Kathleen Norris.

The adolescent books, located on the south side, consist of "Jungle Book", " Heidi", "C.C." series, "Ruckelberry Tim", works of Jane Grey, and many others. Blood-curdling mysteries are also available.

The poetry, magazine, and newspaper section and miscellaneous makes the library quite complete. Such magazines as Harper's, Reader's Digest, National Geographic, Parent's, Forum, Life, Fortune, and Atlantic Monthly are plentiful, and may be taken out for two days instead of the former one-day period.

The Times and the Examiner newspapers are in every morning; while exchange papers are belated a few days. At present, the following home-town papers are available: Santa Maria Times, Tulare Times, Pacific Citizen, Ventura Free Press and the Pasadena Independent. There will be added in the near future. Various Center papers are also accessible.

Under the able supervision of Sumire Sugita, improvement in the Center library is rapidly taking place. The gloomy walls were enlightened by the colorful mural in the chil-

Mrs. Ritchie Patterson, registered nurse at the Tulare County Hospital has volunteered her services for the Home Nursing Course which will begin Monday evening, July 13, from 8 p.m. to 10 p.m. at P-7-1.

The course will be covered in 12 lessons. She will be assisted by Miss Mullens, also of the County Hospital Nursing staff.

Mrs. Patterson's method of teaching will be

from the hospital angle while that of Miss Leona Erug was from the Public Health angle. However, both will have the same goal--that of taking care of babies as well as the sick and prevention illness in the home.

Young matrons as well as working girls will be given preference in enrollment at this time. Further courses for the school girls will be conducted in the daytime at a later date.

## Marigold to be Given Away to Center People

### EXHIBITION

A contest of skill in woodcraft, art work, and sketching will be conducted this Saturday and Sunday, July 11 and 12, in barrack C-3-5.

Anyone interested or talented in these arts should have submitted his work in yesterday. All work are the products from within the Tulare Center.

Prizes will be awarded.

Beautiful ball of yellow, gorgeous African Marigold will be yours only for the asking.

Mr. Y. Nishida, P-6-14, former nursery foreman of Santa Barbara, will personally give a maximum of two dozen plants until the supply is exhausted to any one who wishes to beautify their yard.

"Before obtaining the plants a thorough cultivation of the ground is recommended. Also, more chances of success will result if the plant is transplanted during the evening. Someone will always be available in P-6-14 during the nights.

The yellow marigold will grow up to two feet high, full bloom, in about three weeks. Daily care includes thorough watering every morning and night."

Several mounted pictures, and original water color paintings created by the artistic workmanship of Alice Uchiyama. Another feature is the bulletin board, showing the latest literary news from the Sunday Times.

A fine of 2¢ per day will be the charge for overdue books and magazines. To those who desire all books should be returned to the desk librarian, instead of the box, before 9 a. m. to 9:30 p. m. every Monday through Saturday. Sunday hours are from 2 to 9:30 p.m.

said S. Yamamoto, assistant to Nishida. To those who desire to make a large garden, ample supply of plants will be given. Take Mr. Nishida's gracious offer and Mr. Yamamoto's advice, make yourself a garden and beautify the Center!

# RELOCATION CLARIFIED

## QUESTIONNAIRES DISTRIBUTED

Questionnaires are now available at the unit headquarters or the Welfare Department for those wishing to attend colleges or universities this fall. Tom Bodino, a representative of the National Student Relocation Council, clarified many of the problems before a local committee headed by Mrs. Royden Susa-Mago on Thursday.

On Friday, Bodino addressed a group of interested students and instructed them on the filling out of the forms, and answered questions pertaining to the relocation. These questionnaires must be handed in to the Welfare Department by noon Monday in order to enable the Relocation Council to begin their survey immediately.

There are three ways to settle the financial problem, namely by obtaining a scholarship, part time work, or by funds raised by the Council. No loans will be made.

Although financial independence helps, the primary requisites are character and scholarship. The first group of students will have the task of introducing the American-born Japanese into Eastern Colleges and Universities and whether any others will be accepted, will be determined by the conduct of the pioneers, stated Bodino.

There will be no restrictions placed on a student once he is released from a Center. Students released from an assembly Center may not return to same, but will be free to return to a relocation center.

## DANCE 'COOKED UP'

Drastic plans for this Saturday night's dance have been "cooked up" by the J Mess Hall crew. All workers must find dates or else! Any girls who don't have dates will have to wear shorts all week while waiting on the tables while the fellows will have their hair cut in the style of an eccentric butch hair cut. Oh, horrors!

## ONLY FOR A DAY

Fail me not today, dear  
one

In all you do and say,  
Let the day be ripe and  
full

If only for a day.

II  
Travel the path of unmeas-  
ured joy;  
Unburden your soul of its  
woe.

Make life pay its divi-  
dends;  
Enjoy it to the brim.

III  
Let not your heart be sick  
with sorrow;  
Unfurl your thoughts of  
fear and hate.

The shape of death is yet  
to come;  
The seed of life has just  
begun.

IV  
Fail me not, dear one  
Though all your hope be  
lost.

Bent the air with mirth  
and laughter  
If only for today.

Peace reigned the  
Center. The cool breeze  
stole into the approaching  
eve. Heat stricken vic-  
tims sat about welcoming  
the refreshing successor  
to the heat. The more  
fortunate were at church.  
Peace reigned the streets.

Blitzkrieg! Yells!  
Exclamatory cries of all  
sorts! A truck at an ex-  
traordinary speed accom-  
panied by a blast of horns  
came to a sudden halt.

Throughs of groups  
quickly gathered. Fire!  
Fire! Tragedy amidst!

Great calamity! Some were  
thinking of making a 50  
yard dash to gather their  
invaluable possessions.

For by now the men aboard  
the truck raced for the  
faucet, connected a hose,

dashed for buckets, hurled  
water about with good dis-  
play of strength. Those  
in the showers appeared  
with clothing other than  
their own. The hero of  
the event was a man who  
thoughtfully gathered ev-  
eryone's possessions into  
the open only to have un-  
grateful remarks hurled at  
him.

But the fire. Where  
is the fire? No fire? A  
brave soul emerged from  
the group and boldly in-  
quired as to the action of  
the men. The response was  
calm and polite, "a fire  
drill."

The crowd decreased.  
Vacated chairs once more  
were occupied and the heat  
again became the principal  
topic of discussion.

## Biography

Mrs. Charlotte Chiyeko Susu-Mago was born Charlotte Douglas in Westminster, Maryland, and is the daughter of Dr. Claude C. Douglas, head of the department of Greek, and professor of New Testament History and Christian Theology at the University of Southern California. Dr. Douglas, who was Methodist Circuit Riding minister in the East, came to California when Charlotte was four years old. As the years passed by, the child

"grew in wisdom and in stature", and was graduated from the University of Southern California "Cum laude" and winner of Phi Beta Kappa, Phi Kappa Phi, and Phi Chi Phi honorary scholarship keys. Thereupon, she packed up her grips and went to Japan as a Missionary and taught English for five years at Yokohama Eiwa Jogakko and Ferris Jogakko.

Mrs. Susu-Mago returned to Los Angeles in 1937, took a few more

courses in education at S. C. and passed a State Board examination for teachers in Americanization. She has taught at Central Evening High School and Lincoln Evening High School in Los Angeles. For the past two years she was secretary to the Secretary-Manager of the Pacific Coast Cement Institute.

"She married me in a Leap Year," said her husband and added, "You know what that means!"

## JUST LIKE A KID — by Marjorie Hasegawa

The other day I watched a tot, not yet in his teens, gazing intently at a muddy puddle. After a moment of deep concentration, he cautiously ventured into the ooze. His bare, tanned feet were covered with the cool, comforting mud and the childish grin of contentment could be detected on his plump face.

Within a short time, the mud had climbed above

the much-scarred knees and the climax of our hero's day had been reached. He splashed through the length of his mighty swamp -----he had conquered all the worries of the day.

Observing all this, I could almost feel the tickle of the soothing mixture and half unconsciously I sighed enviously, "That must be lots of fun! I feel like joining him." A companion near by heard

this comment and frowning, said with disgust, "You know, you're just like a kid!" I laughed at this remark at the time, but when I sit like this before a typewriter, staring at nothing, I remember "Just like a kid" and I wonder if we all are not "Just like a kid".....

The cool, soothing mud is that tot's pleasure but it's yours and mine, too!

## To Unite Families

Applications for transfers between Centers must be made to the Welfare Department, and not direct to army headquarters, according to Center Manager Mills Amannsen. Requests received by other than the local office will be returned to the Center Manager without action, he added.

According to a policy set up by the W.C.C. ... transfers at this time will be made only to unite immediate families. Transfers will not be authorized when both parties involved will be evacuated to the same relocation area within a reasonable length of time.

Applications should include name, age, height, weight, sex, family number, reason why transfer is desired, point to where transfer is desired, whether or not the requesting party can and will meet the travel expenses, etc. All applications will be reviewed, and approved or disapproved according to the policy as stated.

## INSPECTORS DUTY EXPLAINED

The public health unit of the health and hospital section of the service division wishes to remove any doubt in the minds of residents of this Center as to the purpose and function of the Public Health Inspectors. These workers, identified by arm bands bearing the insignia H.P. (Hospital Police) are instructed to inspect periodically all toilets, showers, kitchens, mess halls, barracks, grounds, and incidental buildings for the purpose of maintaining high standards of sanitation.

In the interest of community health, all residents are requested to be tolerant of visits to their barracks when made by inspectors wearing the Hospital Police arm bands.

## INFIRMARY IMPROVED

All three units of the Infirmary are now being provided with much-needed shelves. Sanitation and neatness will be made easier from this improvement being made under the able direction of E.E. Pixley, Superintendent of Works and Maintenance.

Heavy demands for changed beds for patients made necessary the installation of two more refrigerators in the Infirmary.

# BALL PARK MAY BE CLOSED

## ARE BOYS BRAVER THAN GIRLS? CAN THIS STORY BE TRUE?

Nervous, quivering, frightened, howling, timid and even brave children ranging from six to twelve years trampled into infirmary One, dirt and all, yesterday morning to get their Schick test. The test which hurts little was a regular one, but the results—ludicrous, amazing, and strange-as-it-seems were not!

Actually, the victim of the test was the doctor and not the children. A few youngsters would not come into the clinic, some

were stubborn and would not give their names, and others wiggled their arms so that the doctor could not apply the needle. The doctor even got his white pants imprinted with dirt that belonged to the shoes of one frantic boy.

To the amazement and awe of all, was the fact that more of the stronger sex cried than the girls. According to one nurse, only one girl cried, while many boys trembled and bursted into tears or caught the contagious wail from another boy.

## Rules Must be Strictly Observed

New rules and regulations regarding conduct in ball park was released by the administration this week. These rules and regulations must be strictly enforced or violent measures will be taken and the use of the ball park will be denied thereafter.

### RULES AND REGULATIONS

I. All Japanese must stay within the inside fence of the Play Area and no exception to the rule. Anyone violating this rule will be ejected from the field by the Police Department.

II. From a safety standpoint and to prevent so many balls going over or under the fence all participants playing catch, warm-up or any miscellaneous games with a ball must be done south of ball diamonds and balls pitched or batted east and west.. The only exceptions are the actual playing of official games on the diamonds.

III. All balls must be thrown or batted with due respect from the point of safety and lost equipment.

## SYMPHONY HOUR SET FOR MONDAY

Buddhist Junior Sunday School classes will start tomorrow, July 12, at 8:30 a. m. in K-6. All those who are 14 years and over are urged to attend the sessions, announced Sunday School superintendent, James Nakagawa.

## LAUNDRY SERVICE

Regular laundry and cleaning service will be started Monday, according to Bill Garland, Assistant Store Executive. A receptionist will be located in the visitors' house at the M street gate, to receive all outgoing garments.

Hours will be from 9 a.m. to 5 p.m. on all week days, excepting holidays.. Finished articles may be called for between 2:30 and 3:30 p.m., at which time payment for the service will be made directly with the laundry agent. It is estimated that it will take about four days for the service.

The company handling this work is the Model Laundry and Dry Cleaners of Tulare. Terms are strictly cash.

## 700 BOOKS DONATED BY REV. NICHOLSON

A truckful of over 700 books and numerous boxes of magazines has been generously donated by Rev. Nicholson of Pasadena and the Pasadena Friends Organization recently.

While the heavier magazines will remain in the library, many will be given to the Recreation Hall for indulgement. New shelves will be provided in the library this Monday to accommodate many of these books.

Eat less, chew more; ride less, walk more; worry less, work more.

## ATTENTION!

Councilmen are requested to return the flags to the Tulare News.

# LA BULLDOGS TO ENCOUNTER GUADALUPE TEN

L. A. Bulldogs clash with Guadalupe in a replay Monday at 6:30 p.m. in the last game of the first round "A" League. The outcome of this encounter will see the Bulldogs coping with the first round championship, or a three way tie between the Bulldogs, Pasadena, and Guadalupe if they (L.A.B.) lose.

The high-touted Bulldogs will enter the fray as heavy favorites with only a tie game to mar their clean record.

A defeat at the hands of Pasadena and a tie are chalked against Guadalupe.

The probable starting lineup as follows:

L.A. Bulldogs	Guadalupe
N. Oyoda c	T. Murata
M. Oki p	B. Ishimoto

## HALL OF FAME

The first no-hit no-run game in this Center was by Bill Yokoyama, American League pitcher of Lompoc, against the Freelancers.

His phenomenal pitching record was not recognized until his no-hitter, although he had pitched two one hitter and a two hitter previously, averaging 10 strikeouts per game.

Due to Yokoyama's superb-pitching, plus the fine support of his teammates, they have won every game by decisive landslide scores and no team has yet scored on them.

The scores for Lompoc's game with the Jr. Bulldogs and Freelancers were 21-0 and 19-0 respectively and not 19-0 and 19-4 as printed in the last issue.

## SIDELINES by S.T.

Today, Sidelines will introduce two unheralded lads from the athletic department. They are the athletic stock clerks. Here they are:

Sam Okamoto, a product of Pasadena. A semi-rugged looking boy, courteous, cooperative and friendly but very very modest. Won't tell much about himself but rather give his co-worker the plug. He was too well occupied to participate in sports while in school. However, he did play for the Pasadena Goshawks, a J.A.U. "E" basketball team. Likes all sports but prefers basketball above the rest.

George Hayakawa, also a Pasadena lad, was planning to tackle engineering as a major while at Pasadena J.C. Active squadman in football, basketball and track. Qualified for the 100 and 220 dashes of the C.I.F. But could not enter due to evacuation. Capable of running the century in 10 flat and the furlough in 22.8 which is really stepping it. Also played basketball for the Goshawks and Crown City.

These two soft-spoken boy's earnest efforts have gone unnoticed but they never slacken their efforts to serve the athletic people as they work day in and day out with courtesy unsurpassed.

What over happened to the Mess Hall League? The Recreation Department is getting disgusted with the mess league and unless teams come out and play their scheduled games the league will be disbanded. Come on, mess hall, start the league rolling again.

BY A.U.

Samtering around ye dusty ol' ballpark at dusk at the girl's softball league game, this weary reporter noticed that the once enthusiastic crowd, consisting mostly of the Tulare "wolves", has thinned out considerably..... What's the matter all you fellows and gals?...Is your interest dying?...Is the heat too much for you?... Or are you just conserving the rubber on those dusty boots?

Let's see a revival of that "peppery" spirit and go root for our home town girlst...Moisten those vocal chords with good ol' Tulare water and give out with the noise!

Seven basketball teams, Gardena, Santa Barbara, Alhambra, Arroyo Grande, Compton(good baseball team, eh, Phyllis), Oxnard, and Pasadena has been organized. So far only the Santa Barbara and Arroyo Grande teams have been out to practice faithfully each night....What's the matter with the rest of you girls?...Not going to let them jump the gun on you, are you?...After all, practice makes perfect! Santa Maria, Guadalupe, and San Gabriel have not been officially organized, so let's get to work, girls! All mess hall workers are also encouraged to form teams to play against each other.

To complete this rambling reporter's column, a fervent call for a 1942 Girl's Basketball Rule Book has been issued by the girls sports' department....so all you generous donors...give forth!

## COMPTON TEN TO ENCOUNTER YARD PLAYER

Tonight in the American League, Compton, one of the league leaders will tussle with the Corporation Yard at 8:30 p.m. Sundays' bill schedules Gardena vs Meat Loafers, and Lucky Strikers meeting Freelancers. On Monday the Corporation Yard tangle with the Jr. Bulldogs with the two strongest tens, Compton and Lompoc meeting in a crucial battle on Tuesday.

## ARROYO GRANDE VS. POLICEMAN

Topping tonight's National League bill will be Arroyo Grande meeting Police in an effort to become undisputed leaders. The Sr. Firemen tangle with the "C" Wolves for the second game. Tulare News meets Pasadena tomorrow night. "C" Wolves make another appearance Monday against the Councilmen. Dominguez encounters the Sr. Firemen on Tuesday.

## SUMO COMING

This coming Wednesday at 7:30 p. m. in the main sumo arena, a first-class Sumo Tournament is in store for Center citizens.

The contestants will be divided into the children and grownup groups, with prizes to be awarded to the winners. The main attraction of the evening will be the elimination of 3 and 5 contestants.
