

EVACUATION TO BE COMPLETED AUG. 11

Centers Not Affected by Order

Final orders for the evacuation of all Japanese from California areas outside of those in Centers was posted Wednesday by the Army and requires the exclusion be completed by August 11, Lieut. General J. L. Dewitt, commanding general, Western Defense Command and Fourth Army, announced.

PAY CHECKS TOTAL \$12,156.95

A total of 1230 paychecks were given out between the hours of 1 and 5 p. m. and 7 to 9 p. m. Wednesday, it was reported by Center Cashier J. J. Hodel. This record was due to the splendid cooperation of policemen who were in charge, and the workers themselves, he stated.

Checks totaling \$12,156.95 were given out to 1463 people for the month of June.

The three new Civilian Exclusion Orders involve an estimated total of 6,150 Japanese from designated regions of Fresno and Tulare counties. Evacuation will be from the northwest corner of Tulare County, including Dinuba, Visalia and Oroquieta districts.

Registration of the Japanese affected by the new orders will be conducted July 27 and 28 at the Civil Control Stations in Sanger, Reedley and Visalia Municipal Auditorium. (From the Tulare Advanced Register)

FOODS REQUIRING COOKING PROHIBITED

Federal regulations prohibit the possession and the serving of foods which require heating or cooking in the quarters of the evacuees, though it does not apply to the preparation and heating of formula food for infants, was announced by C. R. Carter, Supervisor of the Service Division. Foods requiring heating will be confiscated without compensation by the Interior Police when delivered to the Center, in accordance with the regulation. This will go into effect Monday morning, July 27.

ASSIGNMENT SLIPS IMPORTANT

The Assignment Office advises all workers of the importance of their reassignment slips in claiming pay roll checks and in making any adjustment of irregularities in the amount of wages received, declared James Esaki.

In the event that we are relocated in a permanent Center, the checks will be forwarded to all individuals at their new addresses; therefore, it will be necessary to present your work slip at the Relocation Center for proper identification.

Duplicate copies may be secured at the Assignment Office in the Administration Building.

121 FAMILIES RECEIVES CLOTHING

The total number of 121 families or 248 individuals have received their free clothing by Wednesday, July 22. The expense amounted up to \$1294.69, an average of \$10.79 per family, or \$5.18 for individuals, according to Al Avila, Clothing Executive.

Heads Responsible for Blankets

Family heads are reminded that they are fully responsible for all Government blankets issued to them and all unused blankets should be returned to the Personnel Account Office, announced Susumu Kojima, Personnel Assistant.

People who have borrowed Government blankets from individuals are requested to return them or have the necessary adjustments made. In case of adjustments, the heads of the families involved should report together.

RED CROSS BUSY

Latest Red Cross Knitting news reports that their present supply of yarn is almost exhausted. However, many sweaters have been completed, in the last three weeks totaling eight women's coat style sweaters, three children's, one pair of gloves, and one man's sweater. and put them on the new arms which have been provided for this purpose.

JACL OFFICE IN WASHINGTON D.C.

A new branch headquarters of the Japanese American Citizen League has been opened in Washington D. C. to protect the rights of the Japanese and to obtain better coordination in the work was revealed by Nobu Kawai, JACL chairman of this Center.

Mike Masaoka and George Inagaki head the new office. The main Utah office is still under operation.

FIRE REGULATIONS

Fire regulations prohibit the stringing up of clotheslines between barracks. All Centerites are asked to take them down

OUR DANCES DISCUSSED

Since any dance through careful planning and thought can be turned into a successful, enjoyable, and gala affair, why can't our Center shindigs be of a higher caliber?

The mere placement of a recording system by the street, cornmeal on the "floor", and a few dim lights does not comprise a good dance. It needs sponsorship by an educated group informed on the conduction of such affairs. This so-called social board, possibly composed of college students and graduates, could work to produce variation and orderliness.

By variation might mean novelty dances or ones limited to couples only. Our get-togethers have so far had too overpowering a number of stags as well as spectators. Orderliness comprises a well-mannered group out for some good clean fun by dancing.

Each Saturday night we note the same group upon the floor. What about our other young Center residents? In a place such as this, enjoyment should not be limited to a specific number. We must all work for a harmony of living within these quarters.

Another point to note is the age group attending. Many of the dancers seem to lower the age limit to quite a degree. Perhaps some ruling should be detected from this point.

Let's see some action on these preceding points! With more intelligent thought and attention our dances will be able to boast above those of all the other Centers.

COLUMN-TORIAL

RELOCATION RUMORS

Speculations on where the populace of the Tulare Assembly Center will go is rampant here. A slight tension is beginning to formulate in the hot Tulare air with the consistency of the prophets. There is nothing wrong in guessing games, but it is remarkable the way rumor-mongers can credit the source of their news from authoritative individuals. Another admiring thing about rumors is the way it picks momentum and when it reaches a crisis for explosion, it suddenly disappears in thin air and there is something else on the menu.

○

Mothers with many children are consistently made to worry unnecessarily with the wild tales of heat, lack of water, snakes and reptiles found in relocation areas authorized by the rumor-mongers. The tragedy of rumor strikes most deeply into the hearts of mothers, who must protect the little infants from the ravages of nature and the elements. Sleepless nights and worries of methods to combat discomforts are consistently caused by the so-called 'harmless rumors' of thoughtless individuals.

○

Stop rumor and give the Administration a chance to properly announce any subject pertaining to relocation.

○

FIRE PROTECTION

The fire alarm which sounded in the Center Wednesday at mid-noon really woke the heat-dazed populace of the Center. We admire the speedy response of the Center fire department. They really are on the job for all emergencies. It will be a good suggestion to have a careful checkup of our neighbors living around the Center on fire hazards.

GLEANINGS

Santa Anita

Research and writing talent is being sought for to compile the documentary history of Santa Anita Assembly Center. Hark ye, fellow Centers, are you going to let them get one step ahead of us?

Merced

Sentimentality reigns as the columnist of Femalites comments on the ideal boy. Sez she: He should have carrot top hair, turnip nose, radish lips, cabbage head, cauliflower ears, mustard complexion, celery stalk build, almond eyes, fig-fig-ure, lady finger hands and---(take note, gals!)-daikon legs!

Fresno

About 400 ventilators will be installed in the apartments in the near future. Such 'rare luxuries' as tables and chairs will be built by the Works division.

Puyallup, Wash.

The bouquet of the week is extended to this Center for showing such wholehearted interest in the nation's war efforts in purchasing \$8250 worth of war bonds to date.

CINEMA

"Stanley and Livingstone" featuring Spencer Tracy, Nancy Kelly, Richard Greene, and Sir Cedric Hardwicke will be the second motion picture to be shown here.

BLOOMTIME HERE

It's bloomtime in Tulare! The first fruits of toil by the Center gardeners are the blooming of the zinnias in the E section flower garden.

It has taken about eight weeks for it to bloom, according to Yoshitaro Nishida, foreman of the 16 men crew.

Nishida added, "My men and I are not worrying about relocation. We just want to have this place as beautiful as possible when we leave."

Student Relocation Bulletins Available

Bulletins from various western and mid-eastern universities and colleges are now available in the library through the courtesy of Misses Flora and Marjorie Hasegawa. There are also letters enclosed with the bulletins giving information as to whether or not students will be accepted at the respective institutions. Students contemplating the continuance of a higher education are welcome to come in and look through these bulletins, declared librarian, Sumire Ogata.

Center Patrolman Receive Badges

The Center patrolmen have blossomed out with shiny new badges, complete with their rank engraved on them. The new Chief of Police, M.L. Campbell, was also presented with a gold badge by his force.

Frank B. Pena of Visalia has been added to the Caucasian force here, it was reported by Chief Campbell.

As a result of a recent meeting with the Commissioners and Councilmen, Chief Campbell states that he would like to show his appreciation for the cooperation and consideration shown him by the above bodies in helping him get started here in his new job.

THOROUGHFARES LEVELED

Every drive, avenue, and boulevard will be leveled by the Corporation and, according to Skeets Hill, superintendent. Work was started yesterday with "Baby" Tomocka on the tractor and Bill Hirose on the leveler.

The equipments are the property of the Tulare County Fair.

FIRST OPERATION

Miss Taka Kosaka, M-5-4, underwent the first appendectomy operation in the Center, Wednesday night at the Tulare County Hospital.

LABOR POLICIES FORMED

E. Kawai is Labor Adjustment Officer

The Personnel Section and the operating divisions are directly responsible for maintaining satisfactory relations with actively assigned workers.

The Labor Relations functions include the maintenance of uniform labor policies. These policies shall include the rights of workers, relations with the operating divisions and the workers in the handling of investigations, warnings, suspensions, and complaints. Every effort shall be made to eliminate causes for complaints. Each worker, regardless of wage classification, is expected to extend his whole-hearted cooperation in propounding harmony between the worker and the supervising personnel. Workers have the right to select a representative of their own choice for the purpose of adjusting grievances with the Personnel section.

The services of labor relation adjustment officer of the Center, Eric Kawai, appointed by R.E. Caviness of the Personnel Division, will be available to all jobs, and whose functional duties are to assist all divisions in labor relations problems. The labor relation adjustment officer is not requested to spy on workers nor to investigate into other legitimate activities.

Name Orchestra

A my suggestion for a name for the dance orchestra headed by Tad Yamamoto will be accepted by the Tulare News.

CONCERT HOUR

The second concert hour will be held in the grandstand Sunday evening after the church service. The program is as follows:

1. Symphony no. 5 "From the New World" by Dvorak. Stokowski directing Philadelphia Symphony Orchestra.
2. Impromptu in F \sharp major, by Chopin, and Oiseaux Tristes by Ravel - Mrs. Jane Imamura.
3. My Lady Walks in Loveliness, by Earnest Charles
4. Do Not Go, My Love, by Richard Hageman.
5. "This Flower You Threw To Me" from Carmen, by Bizet
6. Rev. Royden Susu-Mago

BAGGAGE SURVEY

The engineering department will conduct a survey of about forty percent of the apartments in order to determine the amount of baggage and personal belongings that will have to be moved, it was announced in a special Council meeting held last Thursday.

The survey, which will start soon, will include a checkup to see how much baggage, personal effects, and freight will be involved in the new movement.

This is not an indication that we will be moved in the immediate future.

ONDO

Keeping in rhythmic step to the tune of Oriental music, about 300 people turned out for the first ondo practice Thursday evening. The practice is scheduled for tonight at 7 in front of the grandstand.

With Jitsuko Hamamoto in charge, about 35 teachers taught two dances to the enthusiastic crowd.

INFIRMARY

After three weeks of tedious labor, Sae Yamamoto and E. Kashino, carpenters, completed making shelves, tables, and cabinets for the Center infirmary, last Thursday.

"I hear no evil." "I see no evil." "I speak no evil."

JOINT SERVICES TOMORROW

REV. W. MILLER TO BE GUEST SPEAKER

COMMUNION

ADULTS SING

Sunday, July 26
 Baptism and Holy Communion at 6:30 a.m. in L-4. Both adult and young Christians are invited to join in the communion service.
 Adult Service (Japanese) at 7:30 p.m. in the Bleachers. Sermon by Rev. Katsuchi Satow.

The Adult Buddhist Choir add competition to the Young Buddhist Choir as they practice regularly every Wednesday morning from 9 to 10 at K-6.

Sunday, Aug. 2
 Bishop C. S. Reifsnider, specially commissioned for Japanese work, will preach in Japanese, and administer Holy Communion for Episcopal Church members and others who desire to participate.

Led by Mrs. Shinobu Matsuura and accompanied by Mrs. Jane Imamura, they are undertaking the various hymns. Approximately 60 persons comprise the membership at present, but entrance into this class is open to those adults who are interested.

The second joint Buddhist-Christian worship will be held tomorrow evening at the grandstand from 7:30 with Dr. John Koyama serving as chairman. The guest speaker for the evening is Rev. Wendell Miller from the University of Methodist Church in Los Angeles. His topic will be in close connection with the theme, "Understanding".

The program as outlined by a committee runs as follows:

1. Prelude---Yoshiko Homma
2. Call to Worship: "Attainment"
3. Hymn: "I Would Be True"
4. Buddhist Reading: Rev. K. Imamura
5. Buddhist choir: "Lord Buddha Speaks to Me"
6. Poem: "The Human Outlook"--by Amy Morooka
7. Christian Choir: "Ave Verum"
8. Christian Scripture: Rev. R. Susu-Mago
9. Sermon: Rev. Wendell Miller.
10. Hymn: America the Beautiful
11. Benediction: Rev. Miller
12. Postlude: Yoshiko Homma

The principle purpose of this group singing is to acquaint the people with songs that are sung at the services.

PARTY HELD

COUPLES ONLY

With about 80 Kibel, Nisei and their girl friends attending, a get-acquainted party was held in L-4 last Thursday night. The evening was spent in playing games and giving impromptu performances.

This evening's dance will be for couples only, emphasized Yoichi Nakase, Entertainment and Theatre Director.

Refreshments were provided by Gohachiro Miura immediately, if the pre and Harry Miyake. The next meeting of this club will probably be held next Thursday, when they will have a general discussion meeting, with Americanization as the main theme.

Bring your own records to the dance or to C-21-5 immediately, if the pre and Harry Miyake. The next meeting of this club will probably be held next Thursday, when they will have a general discussion meeting, with Americanization as the main theme.

And girls! Better begin now and select your man for the backward dance coming soon! Boys, keep your fingers crossed!!

Wading Pool Regulations Set

At a special meeting held on Thursday afternoon, the Center Council passed a set of temporary rules to be observed by all users of the new wading pool which opened Friday. The pool will be open from 8 a.m. to 9 p.m.

From 9 to 10:30 p.m. the facilities will be available for adult use only. Recreational leaders will supervise and be in complete charge until 9 p.m. at which time a patrolman will take over.

No diving, jumping, or unnecessary roughness will be permitted.

The water, which will be changed continually, is chlorinated. A border of

Shoe Repair, Laundry Busy

Approximately 30 to 35 shoes and 15 to 20 bundles of clothes are sent out to their respective shops to be repaired and cleaned daily, according to Frank Mizote, shoe and laundry receiver.

and ten feet wide has been placed around the pool.

Katsumi Matsumoto, an Eagle Scout, who came from Pasadena, will be the life guard in charge of the wading pool.

SALT PILLS!

It is of the utmost importance that, during the hot weather, everyone take advantage of the opportunity to obtain salt tablets.

They are designed to prevent cramps, nausea, dizziness and muscular exhaustion caused by loss of excessive salt due to heavy perspiration during the hot weather.

These salt tablets may be obtained through the mess halls upon application. They may also be obtained from the Hospital. Application should be made to the Clinic between the hours of 9 a.m. to 12 noon and 6 to 8 p.m.

Make your hot weather experience more comfortable through the use of the salt tablets.

Center Heads See Evacuation

BY NEW LINES

In order to observe the evacuation process, four administrative heads went to the Pinedale Assembly Center last Saturday. Pinedale is located just north of Fresno and is in the process of moving to Tule Lake and the Colorado River Relocation Center.

Those going on the trip were Center Manager Nils Anonson, Supervisor of Works and Maintenance, E.E. Pixley, Supervisor of Personnel and Records, R. E. Caviness, and Store Executive Ben Turpin.

To enable the fire trucks to pass freely between barracks in case of emergencies without the detention of clotheslines that are strung across the buildings, new brackets extending from one end to the other have been made by the Works and Maintenance department under E.E. Pixley. The old ones made by the individuals must come down, and everyone is urged to use the community lines.

The wires are to be furnished by the residents themselves, as the Corporation Yard is unable to render service to everyone.

Bakers Busy Making Dessert

DON'T TAKE LUMBER TOLD

Yum, yum, delicious dessert-dark, rich chocolate frosting topping a beautiful devil's food cake, or a nice, frothy, lemon pie with a crust that just melts in your mouth! Doesn't the thought of it make your mouth water?

Well, we should give the bakers and their helpers a hand for turning out such desserts. Approximately 80 cakes, pies, or whatever they may be, are baked in each kitchen.

Contrary to the belief that these pastries are stored before distributed during the meal hours, they are enjoyed by the Center populace the following day they are baked. This accounts for the freshness of the cakes and pies.

"The people in this Center ought to realize the fact that every good piece of lumber they take from the Corporation Yard means less improvement and comfort for them," said Tsuni Noguchi, council chairman, concerning the "lumber smuggling" by the Center people.

A request was made by Skeets Oji, Supt. of Works Division, to the Council to try to remedy this fault, but Noguchi felt the wiser would uphold their integrity. He also remarked that the carpenters should closet all lumber when they leave the scene of the construction.

SCHOOLS LOCKED

Locks for the Unit Headquarters and schools, to prevent persons from using them for personal use, has been submitted to the Planning and Works Committee.

Until the locks do arrive, people are requested not to use the room without a permit.

Draftsmen Aid Center

All of the plans for buildings and improvements done in this Center, have been originated by the draftsmen in E. E. Pixley's office.

Kazuo Takata is the supervisor of the draftsmen, and Tomio Fujimoto, George Hayashi, and Megumi Hetta are under him. George Sakamoto is the blueprinter.

If the plans drawn up by them are authorized by Pixley, the blueprints are taken to the Corporation yard and construction begins.

PASADENA VS. L.A. TOMORROW NIGHT

This week-end will feature two of the finest softball games in the Aye League. Oxnard and Santa Maria meet tonight for the first game. Now that Oxnard has two spectacular wins, the pressure is on. Oxnard needs a win while Santa Maria has nothing to lose. If Santa Maria does not falter often on defense, Oxnard will be in plenty of trouble.

Tomorrow night, the spotlight falls on the Pasadena vs. Bulldog affair. Should the Bulldogs win their chances for second round championship are great, with only Oxnard and Guadalupe, remaining who may upset their grand train.

Monday night, the slugging Guadalupe ten will face Dominguez, former of the National League, who is desperately trying to keep up with the pace of the Aye League, while on Tuesday the Jr. Firemen meet Lompoc.

ATTENTION MOTHER

The Infirmary ask the cooperation of all the mothers in the Center who receive the milk formula and sterile water at the Baby Department. In order that even distribution be made possible, the mothers are requested always to bring an empty bottle to replace the one they take out at each feeding time. In case a mother should break a bottle, she is asked to replace it with one bought at the canteen.

Bottles may be purchased at the bargain price of four cents each. If any mothers have extra bottles in their rooms, they are asked to please take them to the Baby Formula Department. The shortage of bottles is inconveniencing the smooth running of formula and sterile water distribution. Unless bottles are available proper and efficient service is not possible. It is also requested that the mothers come for their bottles during the hours indicated in the following schedule

SCHEDULE FOR COMING AFTER BABY FORMULA AND BABY FOOD AT THE INFIRMARY

Feeding Time	Come to Formula Kitchen
8 A.M.	6 A.M. to 7 A.M.
10 A.M.	9:30 A.M. to 10:30 A.M.
12 noon	11:30 A.M. to 12:15 P.M.
2 P.M.	1:30 P.M. to 2:30 P.M.
6 P.M.	5:30 P.M. to 6:30 P.M.
10 P.M.	9:30 P.M. to 10:30 P.M.

SCHEDULE FOR COMING AFTER FORMULA AND FOOD AT L MESS HALL

Feeding Time	Come to Formula Kitchen
10 A.M.	9:30 A.M. to 10 A.M.
2 P.M.	1:30 P.M. to 2 P.M.
6 P.M.	5:30 P.M. to 6 P.M.
10 P.M. and 6 A.M.	9:30 P.M. to 10: P.M.

Promptness in abiding by this schedule will do much to establish harmonious relationships between the mothers and those who are serving them in the Baby Formula Department. It is especially desired that mothers return the 6 P.M. bottles immediately after feeding. The baby formula department respectfully asks for the cooperation to all mothers concerned, and hopes that it can provide a helpful and friendly service.
