EDITORIAL ON H. R. 5004 IN D. C. RECORD

WASHINGTON, D. C., June 5—A Stockton Record editorial supporting H. R. 5004 was reprinted in the Congressional Record last week at the request of Representative Walter H. Judd, (R., Minn.) author of the bill, the Washington JACL ADC office reports.

The California newspaper noted that the Judd measure is in keeping with previous naturalization legislation approved by Congress in 1943 and 1946 in which citizenship was granted to Chinese, Filipinos and East Indians and said that "consistency calls for the elimination of all discrimination" in immigration and naturalization laws. It emphasized that there be no fear of a flood of immigration from the Orient as a result of the Judd measure.

The Washington JACL ADC office also reported continuing evidence of editorial support for H.R. 3999. It revealed that the Grand Junction (Colorado) Daily Sentinel on May 23 editorially urged quick action by Congress in approving the evacuation claims measure.

The editorial, entitled, "Our Own Displaced Persons," said Americans are much concerned over the plight of Europe's displaced persons, "but, in our concern for the far-away 'uprooted' we should not lose sight of those in our own land who were displaced and hurried to our particular kind of concentration camps during the war."

The Sentinel said the Japanese evacuees lost their homes and businesses, representing a life's work, "and who can say that was not loss due to the war; that, under our custom, justifies compensation?" In conclusion, it emphasized that reparation for this material loss "is little enough for one country to make to these people who had committed no offense against our land; whose only crime (?) was their racial origin, and whose loyalty stood the test of four years' confinement, with its hardships and humiliation."

Anti-Red Measure Delays JACL Bills

WASHINGTON, D. C., June 5—The Senate Judiciary Committee's preoccupation with the Mundt-Nixon bill, which would require annual registration of the Communist Party and Communist-front groups, is holding up two major pieces of JACL legislation, H. R. 3999 and H. R. 3566, the Washington JACL Anti-Discrimination Committee reported today.

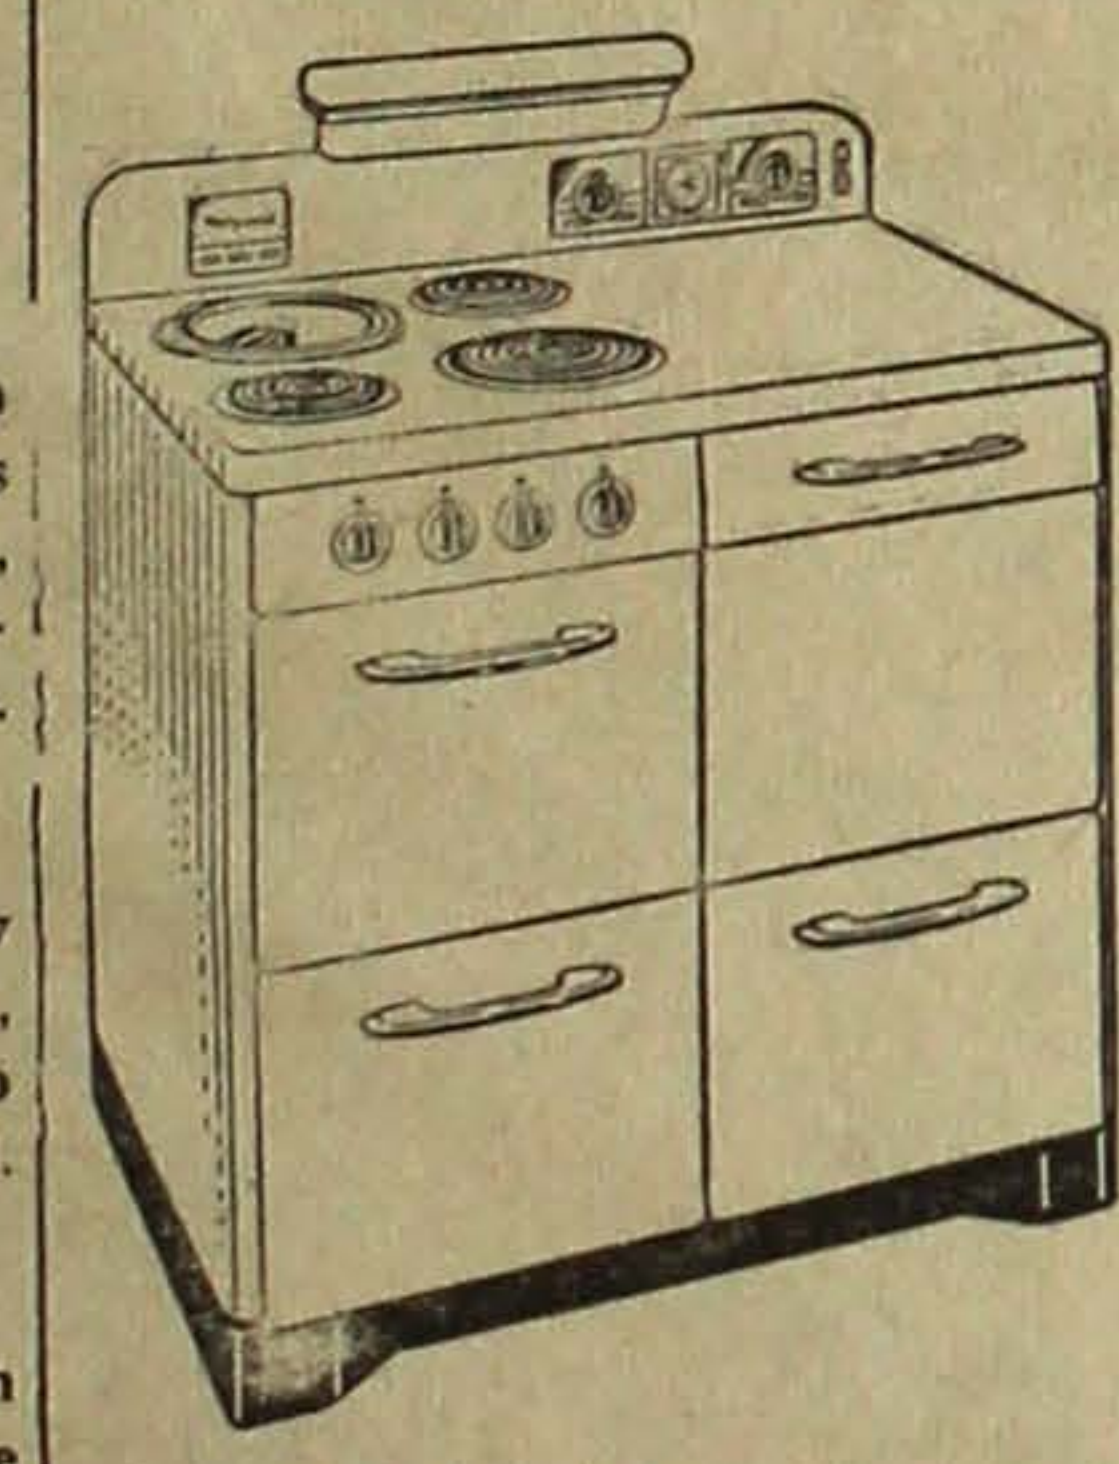

The Committee's consideration of the two bills, the evacuation claims measure and the alien deportation suspension legislation, were scheduled last week but were side-tracked at the last minute when committee members were forced to devote their time and attention to the Communist registration measure. Speedy House approval of the Mundt-Nixon bill less than two weeks ago suddenly catapulted the bill into position for fast consideration by the Senate. The Senate Judiciary Committee on Monday concluded four days of hearings on the measure, but it is not known whether the bill will be reported out before adjournment on June 19.

'Check Your Chests' June 14 to 18

Offering adults in the Jackson Street area an opportunity to "check their chests" for hidden tuberculosis, the Christmas Seal X-ray Unit will visit the Safeway parking lot at 8th and Jackson from June 14 to 18. Mrs. Joel Boutte, project chairman, announced.

The mobile unit will be open from 1 to 6 and 7 to 9 p.m. each day to give free chest x-rays to everyone 15 years of age and older. Those between 15 and 18 must have written permission from their parents.

For the third consecutive year, the visit of the unit is sponsored by the Jackson Street Community Council in cooperation with the Anti-Tuberculosis League of King County.

"No appointment is needed for your x-ray," Mrs. Boutte pointed out, "and since no dosing is necessary, it takes only a moment."

"X-ray is the most effective method of detecting tuberculosis in the beginning stages," she continued. "Unfortunately, tuberculosis has no definite symptoms when it is first starting. Therefore it is important for persons with apparently healthy chests to be x-rayed and know for sure."

The miniature x-rays taken on the unit screen out persons with normal chests. Those with suspicious shadows are referred for a large x-ray and to their own physicians for interpretation. Both films are free—paid for by the annual Christmas Seal Sale.

A confidential report of the findings of your x-ray will be mailed directly to your home within three weeks after the project.

As an additional effort to acquaint as many people as possible with the forthcoming opportunity to receive free chest x-rays, plans have been made to print posters in three languages—Chinese, Japanese and English.

Filipino Post Also Backs H. R. 5004

CHICAGO, Ill., June 1—The Filipino Post No. 509 of The American Legion, Department of Illinois, last week took action in expressing the sentiments of its members in support of H. R. 5004, a bill to remove racial restrictions in our immigration and naturalization laws. It was learned from the Midwest Regional office.

The desire to share their recently acquired status as citizens with those still ineligible for naturalization was expressed in a forthright resolution following unanimous approval of this Post. The resolution, signed by its Commander, Benito M. Lopez and its Adjutant, Florentino Soriano, follows:

WHEREAS naturalization restrictions have recently (1946) been lifted for Filipinos but other Oriental groups such as the Japanese and the Koreans who are residents in this country of long standing are still considered "ineligible" although their loyalty to this country is well established as shown in the last world war; and

WHEREAS the needless privation of citizenship which the Filipino-Americans now enjoy must be shared with all others regardless of race or national origin; and

WHEREAS the discriminatory features in the Exclusion and Naturalization laws will be detrimental to the much needed goodwill and confidence, and to the harmonization of lasting trust and friendship among the peoples of the United States; Therefore be it

Portlanders Give \$5,000 to Assist Water Victims

Oregon Nippo Describes Disaster As Repetition of '42 Evacuation Days in Terms of Homeless, Loss

(Exclusive Wire to Northwest Times)

PORTLAND, Oreg., June 5—Two persons, Sadao Mizuno and Mrs. Izumi Oyama, were still unaccounted for and listed as missing in the Columbia river flood which completely sank Vanport last May 30 into a city of watery graves.

Ninety per cent of the personal effects were lost by the approximately 104 Japanese families totalling 300 persons. The refugees, in the meantime, were being housed by friends in Portland.

This city's Japanese people donated \$5,000 of which \$1,000 went directly to the Red Cross which is working feverishly day and night to assist the

Seattleites Act Swiftly to Help

At a special meeting in Hunt Hotel early this week in Seattle, the Japanese Church Federation decided to invite all Issei and Nisei organizations to a community-wide emergency session at 7:30 p.m. this Saturday, June 5, in the local Buddhist temple.

The meeting, according to the Rev. Thomas J. Machida of the federation, will ask the support of every Japanese group here to assist the flood victims of Vanport, Oreg.

people made homeless by the fierce flood.

Mike Masanka, JACL-ADC national legislative director telegraphed his sympathy and pledged his group's aid to the refugees.

From Seattle, Frank Hattori and B. J. Yoshida arrived as representatives of the Seattle Buddhist temple.

Mrs. Oyama is the wife of Iwao Oyama, editor and publisher of the Oregon Nippo, a semi-weekly newspaper here. Their son, Albert, is a pre-medical student at the University of Oregon, Eugene, and their daughter, Mineko, is a nurse at Providence hospital.

Mr. Mizuno is well-known for his work as an artist and photographer.

In this city, temporary feeding facilities have been set up in Japanese churches for those who had no other feeding accommodations.

The Oregon Nippo in its Monday, May 31 edition described the flood as a repetition of the "1942 evacuation days" in that the people were made homeless and in that the losses reached the thousands and mark.

Northwest Times correspondent Tom Okazaki wrote:

"It all seems a nightmare that one minute a city of 18,500 people stood so proudly on a once unusable plot of 825 acres and then in less than an hour, it was just a part of the Columbia River with houses floating and crashing into one another, shattering them into toothpicks and leaving only debris in the water."

"Most families saved only the clothes they wore at the time of the disastrous flood," stated Okazaki. "And to think that they were just recovering from the effects of the evacuation that this second great blow had to strike them," he lamented.

Automobiles belonging to Jim Hongo, Jim To-rooka, Maveda and Tash Okazaki were lost in the flood. One Japanese business was lost: a cafe belonging to Nig Ninomiva was a total loss with the exception of two cash registers.

The Portland JACL chapter, the Nisei and Issei organizations all were reported doing man-size job of assisting the unfortunate. "Many Caucasian friends also have given the flood victims a helping hand," Okazaki added.

All Japanese evacuees from Vanport were urged to fill in a disaster relief card at the nearest Red Cross station or the JACL office, 1204 S.W. Third Ave., Portland.

Now Is the Time to Help Victims

Scattered bits of reports flowing in as the aftermath of the disastrous Vanport (Oreg.) flood disclose tales of untold human misery, of great material loss rising to thousands of dollars, and of two persons missing to the 104 Japanese families.

The victims, all homeless, today are being assisted either by their friends or the Red Cross. Their friends and the Red Cross will see to it that they are fed and clothed and

housed, but the elements of time and money soon will force the victims to start on their own.

The flood is not the first unpleasant experience to these people. Many of them, if not all, were homeless in 1942, too, for it was then that they, along with thousands of other Japanese, citizens and aliens alike, were sent to Hunt, Idaho, relocation center as a "military necessity" during the early part of World War II.

Knowing fully well that to be homeless is not a joyful break in life, the Japanese Americans in this area should do their utmost to aid these people in their hour of tragedy.

In the past years, the Japanese in Oregon have always been known for their hospitality.

Now is the time for all good Seattle, Tacoma and Spokane Japanese Americans to come to the aid of our unfortunate neighbors.

Toward Socialism

By GEORGE S. BENSON
President of Harding College
Searcy, Arkansas

DR. ROBERT A. MILLIKAN, one of the world's most distinguished scientists and Nobel prize winner, has referred to current proposals for federal aid to education as "another of those efforts to clear out the cockroaches by burning the house down." That is right. More federal aid might bring increased teachers' salaries, which all of us want. But I stand in constant amazement that so many folks in the education profession are blind to the tremendous dangers of federal aid.

Not to be outdone by those clamoring for money to be routed via Washington for the public schools, college and university administrators recently climbed on the bandwagon and put in for their share. At a major conference of higher education in Chicago, Dr. Alonzo Myers of New York University proposed a catch-all program that would call for expenditures dwarfing those in public school bills now in Congress.

Ask For AMONG other Your Part things, this program would set up an "Educational Reconstruction Finance Corporation." As a government project, this bureau would no doubt take bookkeeping lessons from RFC and TVA. Both of these have tucked away millions of wasted tax dollars. Experts have said that it will be impossible for RFC ever to account for all of its funds. After this ERFC, we can expect other RFCs for any group that has enough power and votes to get the ear of Congress.

Not to be outdone in the scramble, educators from several private colleges (not state-supported) fought strenuously at an above-mentioned conference for federal aid. Their impelling

tives went like this: In any disposal of federal funds, we must not be neglected! In other words, as long as Washington is throwing the money around, you have nothing to lose to ask for your share.

Must Keep TO ME, all these Local Control things look like very poor Americanism. Is this a generation that runs to Washington and Congress to receive cure for every ill that besets the community? If our local people (states and communities) haven't got the backbone to take adequate care of their educational problems, then for sure more money from the federal government will not remedy the situation. And that goes for Arkansas, too.

But the nub of it is: local communities have done plenty, still are doing things about local and state needs in education. I have no patience with those who halloo the internal propaganda machine in Russia and call it education. We have done more to educate our youth than any Communist country ever will be able to do—under Communism. There's nothing radically wrong with American education. But there will be—if we hand control over to Washington.

Education is one of the biggest enterprises in America. When we give over to the federal government the purse strings for local education, then we have taken the long step toward Socialism. What we must do is get the federal government off the necks of taxpayers. Then the states can collect more taxes and there is no reason left to get education expenses from Washington. We must draw the line on this dangerous trend. Let's have no so-called "federal aid."

Continued Influx of New Enrollees Reported by State Guard Officers

Nearly 4,000 officers and men of the new Washington National Guard will attend training camps the latter part of this month, it was announced this week, as Guard officers reported a continued influx of new enrollees.

Brigadier General E. M. Llewellyn, state adjutant general, at Camp Murray disclosed ground and air force units in this state's Guard comprised 3,909 officers and enlisted men on May 15. An overwhelming majority of these, are expected to attend camp.

First detachments of the new National Guard to train will be Harbor Defense Coast Artillery units, which will arrive at Camp Hayden, Washington, on June 10 for a two-week period. The remainder of the Washington National Guard will train June 12-26, ground units at North Fort Lewis and air units at Gray Field, Fort Lewis, General Llewellyn said.

Officers at the 41st Infantry Division headquarters in Seattle reported an increasing number of men enrolling in the new National Guard throughout the state. Major

General Ray Carroll, 41st Division Commander, attributed part of this increased interest to Selective Service legislation now pending before Congress.

As the legislation now stands, men in the 19-25 age bracket subject to the draft would be exempted by joining the National Guard prior to the date on which the bill becomes law. Physicians and dentists, who under the current provisions of the bill would be subject to draft for two years of service if they are under 45 years of age, also have shown increasing interest in National Guard enrollment.

Men between 17 and 35 are eligible for enlistment in the Guard. Veterans over 35 may become members. Complete information on the benefits of Guard membership may be obtained at the National Guard instructors' office, Field Artillery Armory, Alder 6930.

Both officers and men will receive full pay and allowances for the two-week training period this month. One day's pay, plus longevity, is received for each weekly two-hour drill session a Guardsman attends.

THE Sporting Thing

Teams Eye N. W. Fourth of July Bids

The Northwest Invitational Fourth of July Baseball Tournament which this year will be sponsored by the Nisei Veterans Committee of Seattle, is but a month away.

In Portland, today, the championship-defending Vets are quietly preparing for the Seattle classic by conquering all their foes in the Community League while worrying, in the same play, about their friends who were washed away by the flood in Vanport.

In Seattle, the Nisei Vets are girding themselves for the second and final rounds in the blue section of the Puget Sound league. The Vets, managed by baseball-wise Joe Kesamaru, are experiencing a little difficulty adjusting themselves to winning ways. And in the same circuit, White River A. C. has had a string of hard luck, finding its men floundering near the cellar.

And also in Seattle the NORTHWEST TIMES league is plodding along at a snail's pace due to inclement weather. The Lotus Mercury, the loop's '47 title winner, and Fife A. C. are currently waging a brisk two-team pennant race, and a chance to earn a bid to the Northwest meet.

Nisei teams in the Spokane and outer Portland area have not reported much as yet, but they should be heard from soon.

After all, invitations to the Northwest tournament are July's top Nisei baseball prizes.

Sideline Tonics

...don't be surprised if Lotus Mercury spans Fife A. C. in the crucial N.W. Times ball league feature the latter part of this month; Fife hasn't faced anything resembling first-class pitching as yet and hurlers Richard Tsuji and Tinky Terada will get along okay, according to coach Tommy Sakai... down tenpin alley, they're still talking about how Nels Westgaard knocked out seven consecutive strikes and then commenced to post a 243, and how, oh so close, Morrie Yamaguchi came to winning the Main Bowl "Big 50" elimination tourney... friends of Hank Yorozu of South End Merchants will be glad to know that he has recovered from his pre-game accident a few weeks ago... ambitious Rissho A. C. is planning big things in fastball (softball if you wish) and volleyball after the N.W. Times league and the Nisei Vets' Northwest Fourth of July baseball tournament are finished as soon as Nisei Vet Poison Kato's throwing arm which was injured during a practice session, heals the opposing nines in the Puget Sound loop will be more cautious about sending a runner down to second base... the best catch of the season: Horiuchi shortstop Shioyama's backhand catch of S. E. Merchants' slugging Stan Karikomi's sizzling, hot line drive...

Dark Horses Down Night Owls, 3-1

PORTLAND, Ore., June 5.—Coming in fast on the inside lane, the Dark Horses upset the Night Owls, 3-1, this week in a mixed doubles league match here.

In other tilts, the cellar-dwelling Sad Sacks held Mickey's team to a 2-2 draw and Azumano Insurance finally lived up to expectations by trimming the Dukes, 3-1.

Liberty Notes Sakamoto Skill

How Soichi Sakamoto, Hawaii's noted Japanese American swimming mentor who was recently selected assistant coach to the U. S. Olympic swimming team, developed twice as many national champions as any other coach is told by Blake Clark in the June issue of Liberty magazine.

Besides citing Sakamoto's achievement in teaching in 1937 such teen-age proteges as Kiyoshi Nakama and Holo Hirose, then 14 and 13 respectively, the article also lists Sakamoto's fundamental rules for improved swimming style for those who already know how to swim.

Wilman to Exhibit Trundling Art Wednesday, June 23, in Main Bowl

Joe Wilman of Chicago, who has a ten-year average of 203, will demonstrate why he is rated as one of the topnotch bowlers in the nation when he appears at 12:30 o'clock Wednesday afternoon, June 23, in Main Bowl.

Wilman also will roll match games against Pete Gattani who is recognized as the number one bowler in the city of Seattle. Gattani recently was named anchor man by nationally famous sports writer Royal Brougham in his column, "Morning After".

The Chicagoan finished the Chicago Classic league schedule in 1947 with a 212 average. And in the same year, he wound up seventh in All-Star tournament finals with 205 average for 64 games.

EVERGREEN BOYS' STATE

17-year old Bob Kawahara of Garfield High School, Seattle, will be sponsored by the Nisei Veterans Committee as one of 250 outstanding young men of high school age who will be sent, expenses paid, to the "Evergreen Boys' State" to be held at Ellensburg, Washington, from June 17th to 26th.

The "Evergreen Boys' State", a conference in the nature of the famous "Boys' Town", is administered by the state department of the American Legion. Outstanding high school leaders from all over the state are sponsored for this conference by various organizations such as the Lions, Rotarians, Kiwanis, American Legion, and the like. This year, for the first time, a Nisei organization will sponsor a representative in the person of Bob Kawahara.

Bob, a junior at Garfield, is the son of Mr. and Mrs. Makie Kawahara of Othello, Washington. During the present school year, he served as business manager of the Garfield "Pen", a school publication. His hobbies include the building of model coaches, in which he took state prizes in 1946 and 1947 in the annual Fisher Body contests.

BEER BUST POSTPONED

NVC Social Chairman DUFFY KIOHARA announces that the veterans' beer bust, originally scheduled for June 19th, has been postponed to a later date. The change in plans was necessitated by the fact that too many other events

are being scheduled for that particular weekend.

While Duffy has not yet decided on the new date, it will be announced in this column as soon as plans are set.

HERE AND THERE

MONROE BEPPU passed the cigars around for a brand-new daughter born last week, and also reluctantly admitted that he recently shot a 7 at Jefferson Park. Maybe we shouldn't have mentioned the latter point, but the handicap committee of the P. S. Golf club is bound to find out anyhow. The Nisei Veterans Committee acknowledges with deep appreciation, a donation of \$200 to the organization by Mr. Shigemura.

If you like to watch top-flight bowlers in action, plan to be there when the famous Joe Wilman of Chicago, one of the nation's "Big Ten", rolls a match against Seattle's Pete Gattanini at Main Bowl on June 23d. Results of the

weekend in college rowing left the U. W. Huskies as the only undefeated crew in America. And despite all the tears shed by the Dour Dane, Al Ulbrickson, Husky fans seem to have some reason to hope for a repetition of 1936, when Washington's varsity crew won at Poughkeepsie and then took the Olympic sprint crown. It's something for the boys to work for, at any rate. Speaking of the Times Fishing Derby, where are the names of all the veteran anglers who were going to be "cinch" qualifiers for a chance to win a new Dodge? Time's a-wasting, fellows.

H. R. Wins Pair From Wapato

HOOD RIVER, Oreg., June 5 (Special to Northwest Times)—Wapato Athletic club baseball team invaded Hood River last Sunday and returned home with a pair of setbacks, the score being 10 to 4 and 10 to 9.

In the regular game Kay Kiyokawa, diminutive southpaw for the host team, limited Wapato to 4 hits and had a no-hitter until the eighth inning. He was given beautiful support afield especially by Koe Nishimoto, left fielder, who made several catches tagged for extra bases. Hood River made 10 bingles off the offering of S. Uchida.

In the reserves games the locals were behind three runs until the seventh and last inning opened up when the wildness of the opposing chukkers spelled the victory for Hood River.

The running scores follow:

FIRST GAME

Wapato 000 000 022-4 4 7
Hood River 204 003 10x-10 10 5

Batteries: Wapato—S. Uchida and Mas Jio; Hood River—Kay Kiyokawa and Itaro Hamada.

SECOND GAME

Wapato 320 004 0-9 8 3
Hood River 012 304 x-10 9 2

Batteries: Wapato—Y. Umemoto, Sakamoto, Y. Umemoto, Uchida and T. Umemoto; Hood River—C. Akiyama, Mark Hasegawa and Shiro Imal.
