Five of the GI dead—Pfc. Kanetomi, Pfc. Kato, Sgt. Nakamura, Pfc. Noritake, Pfc. Shigemura—died in the heroic 442nd and 100th Battalion rescue of the "Lost Battalion" in Vosges, France.

The remains of these eight GIs arrived here this morning (Wednesday) from Army Graves Registration Depot at Ogden, Utah, escorted by Major Steven Capasso of the depot and five former members of the 442nd Combat Team—T-3 Masao G. Yamamoto, T-4 Lucius H. Horiuchi, T-5 Al X. Inouye and T-5 Toshio Fujimoto.

Ushers at the services will be twelve Boy Scouts from the Japanese Baptist church. The church has a seating capacity of 1,300, according to Dick Setsuda, NVC leader.

After the rites, a caravan of automobiles will form a procession to the Nisei Vets memorial cemetery at Washelli. The procession will be led by an automobile carrying the color guards, followed by cars with ministers, honorable pallbearers, the five hearses, the three autos with urns, the pallbearers, the gold star parents and next of kin, the dignitaries and the public.

Col. Cal Butterworth, president of Butterworth Mortuary, greatly assisted the NVMC and the NVC in arranging the hearse and casket services.

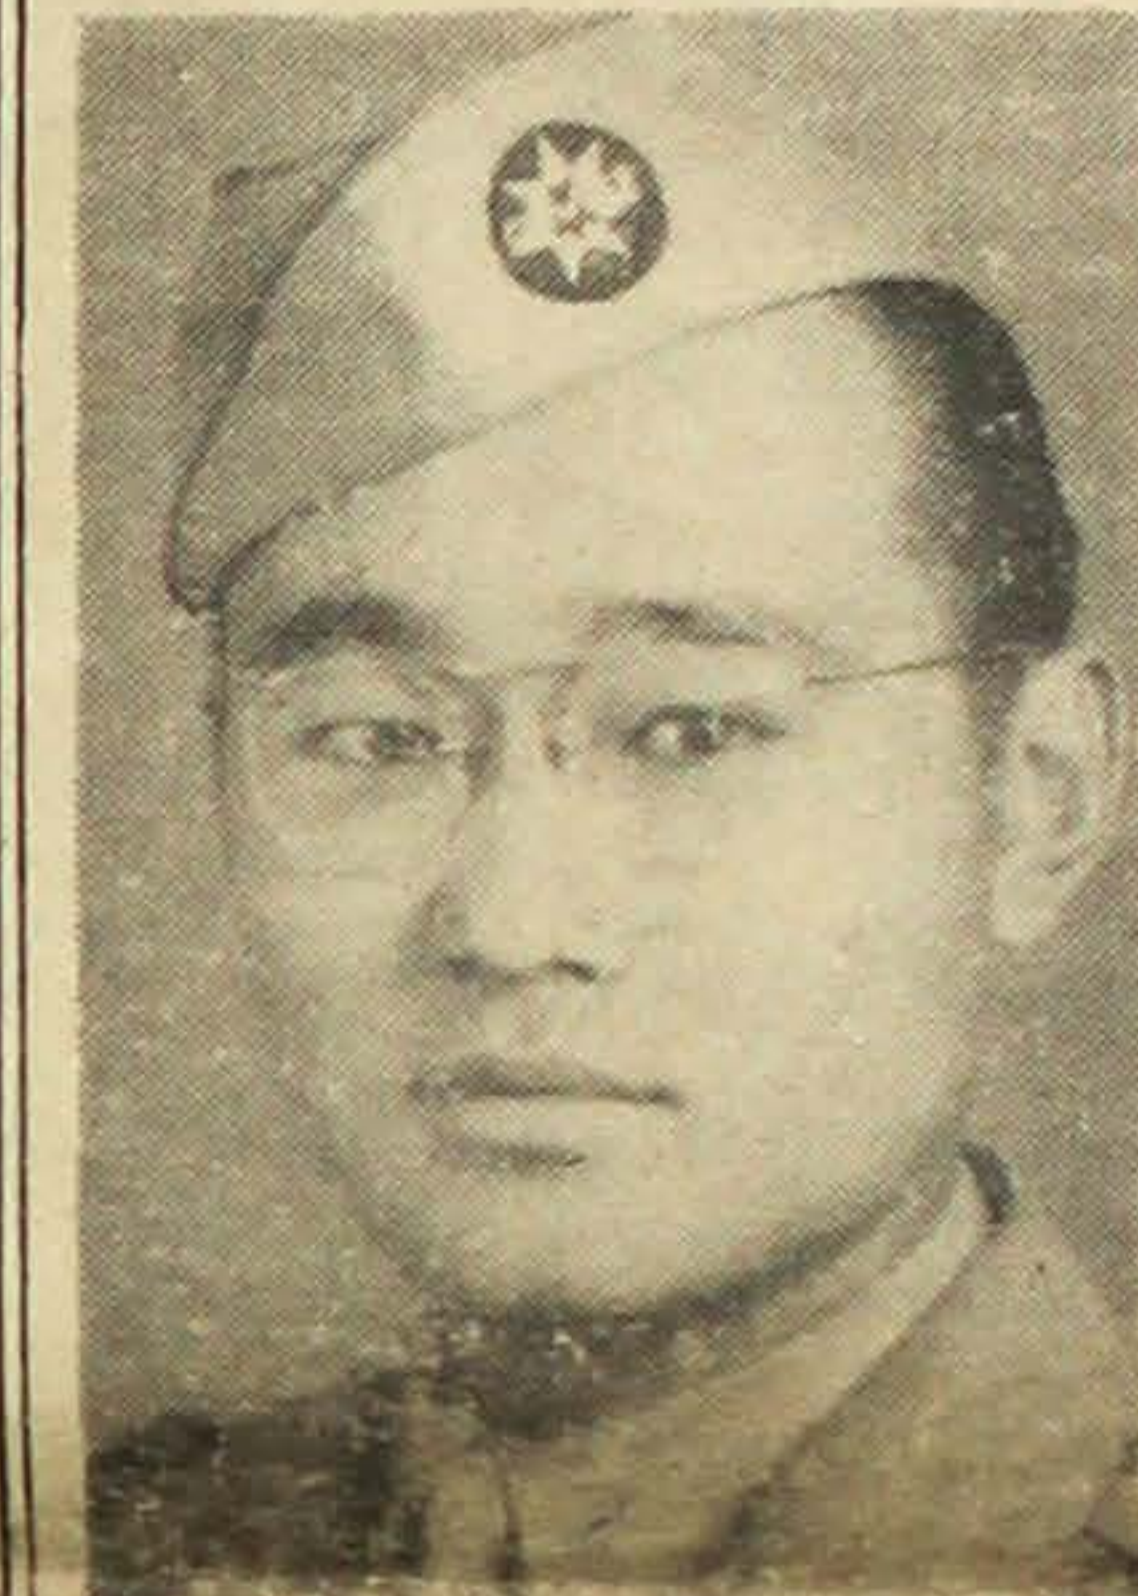

The route of the procession will be south on Fifth to Columbia, east on Columbia to 7th Ave., north on 7th Ave. to Aurora, and out north on Aurora to Washelli.

At Washelli, the main entrance to the Nisei Vets cemetery is on the east side of the street directly across the cemetery office. The vet cemetery is located southeast from the main gate. Adjacent to the burial grounds, NVC helpers will direct traffic to assist parking problems.

All Gold Star mothers are requested to meet in front of the Buddhist temple at noon Saturday, June 19, for their identification ribbons.

The ribbons will be issued to Gold Star mothers so that the ushers at the memorial services in the First Methodist church can seat them accordingly.

Gold Star mothers with no ride out to the church at Fifth and Marion, will be offered transportation at the time they are given their ribbons, assured Sam Kawamura of the Nisei Veterans Committee.

Ichihara, NVC Chief, Thanks Issei, Nisei Contributors

The Nisei Veterans Committee welcomes this opportunity to express its sincere appreciation to all the people of the community and the out-lying districts for the superlative manner in which they responded and contributed toward the Nisei War Memorial.

The success of any plan, whether to accomplish a combat mission or to fulfil a worthwhile civic project, requires coordination cooperation, faith in the objectives and the will to "see it through".

The whole-hearted participation and the close cooperation between all group, especially between the Issei and the Nisei was more gratifying than the material realization of the memorial monument or the completion of the plans for the coming services.

We hope that this harmonious relationship will continue to grow in this community.

CHI TO ASSIST VANPORT, OREG. FLOOD VICTIMS

CHICAGO, Ill., June 16 — The Vanport, Oregon, flood disaster was the subject of discussion at an emergency meeting of the executive board of the Japanese American Council of Chicago, called by its chairman Jack Nakagawa last June 4.

The Council, through a three-man committee, will conduct a city-wide effort to raise urgently needed funds for the immediate rehabilitation for 104 homeless Japanese families.

The committee, comprised of Nakagawa, Jack Yasutake, Secretary of the Chicago Resettlers Committee, and Noboru Honda, announced that appeals will be made from the pulpits of the several Protestant and Buddhist churches, as well as by other member organizations, but urged every person in the Japanese community to mail in contributions at once.

It was pointed out that the Portland JACL chapter acted immediately in organizing a relief aid program for Japanese flood victims. Its president, Toshi Kuge, has turned over \$2,500 for an emergency relief fund. An additional \$2,500 from more fortunate Japanese in the Portland area has been received by this chapter which, in cooperation with the Red Cross, has helped many evacuees obtain funds, temporary shelter, food and clothing, and has served as an information center in locating missing members of families.

The Chicago JACL, at the appeal sent to all chapters by national president Hito Okada, raised \$65.08 at its meeting of June 3, which amount was sent immediately to its sister chapter in Portland.

All Chicago contributors are asked to mail their donations to the Chicago Japanese Council, 1110 N. LaSalle Street, Chicago, Illinois.

A community-wide fund drive to assist the Vanport flood victims has been started by the Vanport flood relief committee, it was announced today. All contributions should be addressed to Vanport Flood Relief Committee, c/o Hunt Hostel, 1414 Weller St.

Jackson St. Council Completes Top Units for '48-'49 Year

With the appointment of a chairman for the recreation committee and the selection of a membership and nominating committee, the Jackson Street Community Council completed its top organization for the 1948-1949 year at the June meeting of the executive committee held last week.

Mrs. Elizabeth Dunn, a member of last year's recreation committee, was unanimously chosen as this year's chairman to succeed Mrs. Sidney Gerber.

The membership-nominating committee is constituted as a standing committee for the first time this year in accordance with the provisions of an amendment to the by-laws which was passed at the annual meeting of the Council in April.

Mrs. Robert Duwe, retiring president of the Bailey Gatzert PTA, was elected chairman of this committee. Other members selected are: Mrs. Joel Boutte, Chinn Hong, Arthur T. King, Mrs. G. D. Graves, Takashi Hori, V. O. Navea, Bruce Rowell, and Herbert Yoshida.

Both Mrs. Dunn and Mrs. Duwe, as chairmen of standing committees, are now members of the executive committee. Other committee chairmen, previously elected are Dr. James E. Jackson, re-elected chairman of the health committee, Chin Han, civic committee, and Robert M. Koba, junior council committee.

"We are pleased to have all standing committee chairmanships filled this early," James M. Matsuo, Council chairman said. "The next thing to be done is to bring the membership of each committee up to full strength. Many people selected committees at the annual meeting and they will be notified of their appointments during June.

"Others who wish to serve on standing committees should get in touch with the Council office or with someone on the membership committee. We hope to have all committee appointments made in time to begin our fall work in September."

Membership on two sub-committees was also announced by Matsuo last week. The budget and finance committee, under the chairmanship of Yoshito Fujii, includes Don Chinn, treasurer, Mrs. Lela Hall, Mrs. Anita Holliday, and V. A. Velasco. Don Chinn is also chairman of the office and staff committee, with T. A. Allasna, Mrs. Charles F. Olse, Robert Groves, Toru Sakahara, and V. A. Velasco as members.

WE REMEMBER...

With gratitude and humility, we honor these boys who gave their lives for our country and for us.

We remember them...we remember their heroic deeds... We pledge ourselves to uphold the things for which they fought and died.

May they rest in peace.

In Honor of Our War Dead

Seattle and its vicinity Japanese Americans will pay tribute to their Nisei GI war dead this Saturday, June 19.

The order of the day, according to the Nisei War Memorial Committee and the Nisei Veterans Committee, follows:

Memorial services, open to the public, starting at 1:30 p.m. in the First Methodist church, Fifth Ave. and Marion St.

Procession from church to Nisei Vets memorial cemetery, Washelli.

The services will be to honor not only the eight Nisei war dead whose remains are now here but also the other Nisei GI's who died while in the service of the United States Army during World War II.

We should like to see a record turnout.

'To Something Less than Man, 'To Forfeit Your Eternal Soul'.

Vague mists seep from the swamp

Enshrouding the bare-armed trees

Leaning to Polars, the Ultima Thule.

The astral whisper which brushed the cheek

Sighed, "Waken, love, to me."

The kaleidoscope whirl in the soul responded

"I wake, I wake, but where are you?"

The fog eddying closer,

"Not here, not there, but in faith."

In anguish the soul,

"In faith I've searched and I know not me nor you"

A chill breeze dying,

"What matters you or I?"

In faith alone

you and I

are one."

And the soul winged out, no longer lost and lone,

And no longer feared to lose.

Ah, love, I have the answer.

Your one escape is turning

To something less than man,

To forfeit your eternal soul.

All-Rose Setting For Bridal Luncheon

By Frances Ainsworth

Last week I bought a wedding present for my niece Jean, and obtained some very interesting information! Before buying my gift, I talked to my sister who told me that Jean wanted sterling silver pieces to complete her set, and gave me the name of the store where the pattern was available. So I stopped in that afternoon, and was shown one of the most beautiful silver patterns I have ever seen! It's a brand new pattern by the International Silver Co., called "Wild Rose"—and it really is a bride's pattern, designed to complement her loveliest dishes, glassware and linens. I asked the jeweler, Mr. Jones, what pieces were available in "Wild Rose"—and was simply amazed when he showed me the assortment! He told me that more sterling silver was available now than at any time during the past seven years! Well, I finally selected a dozen salad forks for Jean... and bought a

Silverware International's "Wild Rose" lovely tray in the same "Wild Rose" pattern, as a gift from my children.

So many of us think of sterling silver as a luxury, that I asked the jeweler about prices on various patterns. Well, I was certainly surprised when he informed me that the company which makes "Wild Rose" offers this pattern—and all their others at the same prices they did before the war! And Mr. Jones told me something else which should be very good news to all business girls and brides-to-be. He—and many other silver dealers—are now selling sterling silver on the "Budget Plan". This means, that in many cases, sterling may be purchased with a small down payment and a small weekly or monthly carrying charge. With that convenience, I'm sure every girl who plans to be married, will want to select her sterling pattern soon—for it's one of the most durable and cherished items of every woman's home!

Besides the 2,000 goats we are now purchasing 50 young cows to go in two shipments of 25 each. We hope to send Brown Swiss that can be milked during the winter and used as work animals in the summer.

The reception of the goats in Japan was very fine. SCAP officials were most friendly and did everything to help us even to sending me back by plane so that I could help get the second shipment off. I arrived in San Francisco 11:30 p.m. the 7th and was on the job the next morning helping with the loading of the goats.

Ty Nagano of Boyle Heights was on the first trip. Victor Muramatsu of Los Angeles and Rev. Clifford Nakadegawa were on the second trip. We are counting on the Japanese community coming across to help with the purchase of goats.

Thanks for any publicity you can give.

Hair beauty secrets... by Toni

A FEATHERCUT

If you're the woman who wants a hair-do you can take care of easily this is for you! There's nothing so casual so charming, so simple to manage as this Feathercut! It makes baby fine hair look fluffy and fuller, and it is particularly attractive for thick hair which has been properly thinned. Of course, the basis is a good short haircut and a good soft permanent, and the home permanents of the best known manufacturers are excellent. Best of all, it's no trick to set this hair-do yourself and put it up in pin curls. The sketches show you how to do it. Follow the procedure outlined in 1, 2, and 3 above. Tie a ribbon behind your ears and lend a festive look when you're planning a sport date or an evening out. (See 4).

TOURNAMENT DANCE

NVC Dance Chairman SHIG WATANABE would like all and sundry to keep in mind the big tournament dance to be held on Sunday evening, July 4th, in conjunction with the Northwest Baseball tournament. Shig has lined up Jackie Souders and his 13-piece orchestra for the affair, with the Palladium Ballroom as the place, so the music and the floor ought to be right on the beam. Dancing will start at 9:30 PM and will end at 12:30 AM (meaning "after midnight", of course).

HAIL TO ZALE

We confess that nothing in last week's headlines pleased us more than the news that Tony Zale had regained his middleweight boxing title by scrambling the eggs of Rocky Graziano in the third round of their third fight with each other. Generally, we are fairly neutral in the matter of prize fights except insofar as we might have placed a slight wager on the outcome; whether one man or the other won not being, of course, a matter greatly affecting the destiny of the world.

However, we couldn't help but feel a little different about this particular engagement. Being an ex-GI, the spectacle of an eightball like Graziano with a disgraceful Army record sporting the mantle of middleweight boxing champion of the world, left a slightly rancid taste in our mouth. His behavior in last year's bribery episode and consequent disbarment from most of the rings in the United States, too,

gave boxing a bad name and set a sour example for the youth of the nation, many of whom look up to professional athletes, especially the champions, and model their conduct after their particular idols of the moment.

Since we don't like Graziano or the maverick type he represents, the fact that a 12-5 underdog like Tony Zale, supposed to be all washed up and no match for an opponent eight years his junior, made monkeys out of all the experts and a punching bag out of Graziano, gave us a tremendous amount of satisfaction. We feel sure that Tony Zale, a veteran with honorable service in the Navy and a clean-living "rent sort of fellow, will bring back to the fight game some of the dignity and the respect that a champion should have.

HERE AND THERE

Popular HARUO KATO was united in marriage on Sunday with Kay Shigihara, and FRANK YANAGIMACHIS turn to take the vows will come up this weekend; cross two more off the bachelor list. KEN-NETH KOBUKATA, a 442nd veteran from Chicago, is visiting in Seattle this week, having finished his junior year at Grinnell College. The inclement weather last Sunday didn't keep SHIRO IWANA and JOE HAYASHI from playing good golf in the PSGA Komon

The Mailbag

Dear Sirs:

I thought you would be interested in a report from the goat deliveries to Japan. The first shipment of 2,000 goats needed was very successful indeed. We sailed with 245 goats and 22 kids and arrived in Yokohama with a total of 280 in pretty good condition. These were distributed to villages and institutions in Ibaraki, Saitama, Gumma, Kanagawa and Shizuoka. The plan is for 40% to go to farmers, 40% to institutions such as orphanages and sanatoriums, and 20% to agricultural schools.

The second shipment sailed on the Flying Soud June 8th with 280 goats and kids on board. Rev. Frank L. Fesperman, former missionary to Sendai, was in charge. These goats are to go to the Tohoku area. The next shipment will be about June 26th and will go to the south, perhaps. The plan is to locate goats in every province in Japan, if possible. Some will be

The Story of the Rise of the Shina-No-Yoru Girl

Over a decade ago, a struggling young singer became an overnight sensation in Japan with her rendition of a new ditty entitled "Wasure Cha Iyayo," meaning (roughly) "Don't ever forget me please." The song recorded by the Victor Corporation of Japan set a new sales precedent by selling over 150,000 discs in three months.

So catchy was the melody, and so honey sweet the crooning voice, that the tune completely captivated the Japanese public.

Home Ministry officials, who while themselves humming the song in their unguarded moments, decided that the public was being demoralized by such a refrain. Besides, if they left the nightingale unchoked, they would incur the disfavor of the military propagandists who were fanatically trying to whip up public interest in patriotic marches and war songs. Consequently a purge directive was immediately issued, placing this song on the blacklist, and stopping all further sales of the record.

Undaunted by the persecution, however, Miss Hamako Watanabe, who was the offending party, continued to delight her ardent admirers by introducing other song hits, prominent among which were "China Nights (Shina No Yoru)" and "Lovely Star."

Today, with the Japanese radio, screen and recording companies once again what they should be instead of megaphones for propagandistic use, Miss Watanabe is everybody's singing sweetheart, caressing away the worries and woes of both young and old with her gentle soprano voice.

Miss Watanabe was born in Yokohama. Her love for singing got her into deep water with the teachers, for the latter interpreted it as disgraceful frivolity. On one particular day, she came dangerously near to being expelled for teaching a group of classmates to sing popular songs.

Her big moment came one fine

Sunday afternoon while attending a school benefit show at the Yokohama Memorial Hall, when one of the entertainers on the program failed to show up.

Suddenly invited to substitute she climbed onto the stage. While her classmates held their breath and her mother nearly swooned, our heroine cleared her throat and although faltering at first, she slowly gained confidence and filled the large auditorium with melting tones. That very night Mrs. Watanabe went into a pow-wow with papa. The outcome of the parley was the decision to send Hamako to a music academy following her graduation from girls' high school.

Several years later, Hamako once again made a public debut. This time it was in the concert-hall of the Musashino Academy where she studied under both Japanese and European instructors. The occasion... graduation day, with talent scouts from the large recording companies among the guests. But this time, she was no longer an inexperienced singing schoolgirl.

CHEST GROUP HERE NAMES TOUR HEAD

Mrs. Guy J. Gay, leader of the Neighborhood Division in last year's Community Chest campaign, has been appointed to direct the Chest's Come-See Tours which are scheduled to begin at once and continue throughout the year. William S. Street, Chest president, announced this week. The Come-See Tour program will be developed under the guidance of a committee of volunteers.

Purpose of the Come-See program is to make it possible for groups of contributors to make personal visits to as many as possible of the Red Feather agencies. There they will see first hand the programs supported by their Community Chest contributions.

According to present plans, 50 tours will be conducted during the next six months, or an average of two a week. As a rule, groups making the tours will not exceed fifteen persons.

In addition to seeing the agency programs in action, persons making the tours will also have an opportunity to ask questions concerning the Chest or its agencies.

Individuals or groups desiring to make the tours may have them scheduled by calling MInor 2200.

GOOD LOOKS

are interesting to everybody, aren't they? Boys like good-looking girls, girls like good-looking boys. Here's some dope on how to be that way that I've had saved up for some time.

THE SECRET

to good looks, this clipping says, is: **Give yourself top-to-toe grooming.** That's all. But that means a lot when you think it over.

First, instance, what's the good of a nice-looking haircut for Johnny if his heels are rundown and cock-eyed? Something's missing, isn't there? Or what about Jane with the nice manicure but soiled sleeves on her blouse. Have you ever been like that?

The point is: good grooming can't be just half-way done, it's gotta be complete for attractiveness, and we all want to be attractive.

If you don't believe this about complete grooming, just think back to how you felt when you saw someone with half-way grooming. You've seen girls in slick ballerinas and Gibson girl boues—and dirty fingernails. The whole effect is spoiled. There's lots of examples like that and you surely can remember lots of them. Do you want to be like that?

Check off how you rate in top-to-toe grooming:

First, do you have that "well-scrubbed" look? That's really the new look this season—or every season—regardless of what the fashion in clothes is. Just look in your mirror for the answer. Something about your whole appearance will tell you whether you can pass the G.G. (Good Grooming) test.

How about your hair? Does it need a shampoo? Next your face, back of neck, ears—all very elementary, if you think back to the number of times your mother made you go through this routine—but it's still good!

Hands come next. Look at them in the mirror too. You'll be surprised at their different look. Back of hands, wrists, fingers, all need careful attention. As to nails, masculine or feminine, a weekly

manicure is a must. A tip to the girls: use nail polish only after a manicure, never as a cover-up for unshapely fingernails. Never works.

Clothes are the next consideration. When it comes to laundry, dry cleaning and pressing, they are a problem. Here's a good rule: when in doubt about a shirt or blouse, don't wear it. Send it to the laundry, at once, or wash it yourself. So often dark clothes, you think, seem to stay cleaner much longer than light ones. Don't you believe it! Just because a collar is dark blue doesn't mean that it'll stay clean and fresh too far beyond the time given a white one.

Keep on hand, for your very own use, soap flakes and spot cleaners. You'll be glad for the latter when it comes to taking out a breakfast spot at the last minute before leaving for school or your job.

About laundry and cleaning bills—they can be cut down a whole lot if you think twice before you throw a coat on a chair instead of hanging it up in the closet on its proper hanger. Spend a half hour at the ironing board with a pressing cloth some evening. You can take out many wrinkles and add new ones to budget-making.

And last, of course, are shoes. Your best foot forward is none too good, if your shoes need repairing or polishing. And no foot in any shoe looks smart if the socks or stockings are, well—undecoratively dingy.

This business of keeping well-dressed—and consequently good-looking—is a never-end job. You may sometimes think it isn't worth it, but never hold that thought any longer than it takes to stop at the nearest mirror—and there will be your answer.

Be smart—get groomed from top-to-toe—then we'll all say, Hi Good-looking!

NWA OFFICIAL SAYS SEATTLE ASIA GATEWAY

En route to the Orient from Seattle-Tacoma Airport, R. O. Bullwinkle, vice president traffic, Northwest Airlines, stated today in a conference with local NWA officials that more and more air travelers are discovering that Seattle is, and always has been, the natural gateway to the Orient.

"More and more air travelers are learning that the overland route through Seattle-Tacoma to the Far East is the best," Bullwinkle said. "It costs no more, either in time or money, to fly from San Francisco or Los Angeles through Seattle to Tokyo than it does to travel through Hawaii."

Bullwinkle, who is starting an inspection tour of the airlines' offices in Japan, China, Korea, Philippine Islands and Okinawa, said that because of the increase of air traffic between California and the Orient through Seattle, Northwest Airlines recently opened a traffic office in San Francisco.

For the same reason, Northwest Airlines will add a fourth weekly Orient flight to Tokyo-Seoul-Shanghai and return, starting June 14.

Red Cross Disaster Unit Backs Appeal For Relief in Stricken N. W. Area

The recently appointed Red Cross Northwest disaster fund committee, headed by Thomas F. Gleed, and formed of 25 leading religious, civic, professional, labor and business men and women, are actively backing the appeal for funds to be used solely for relief in the stricken Northwest area during the long rehabilitation period, according to Lew V. Day, volunteer Seattle-King County Red Cross chapter chairman.

In accepting his appointment as chairman of the committee, Gleed said that, conservatively, between fifty and sixty thousand people in the four states hit by the flood were affected by the disaster—one of the largest in the history of Red Cross.

"Thousands lost their homes and all of their personal belongings," said Gleed. "Red Cross is giving emergency aid now, housing, feeding, sheltering and securing nursing and medical aid. The rehabilitation of these thousands will take a great deal of intensive effort, and a great deal of money. It is the charter obligation of Red Cross to provide such help."

Red Cross chapters throughout the United States are appealing for and securing funds to be used solely for this disaster, and the large cities in the seven Northwestern states have been requested by the American National Red Cross to intensify their efforts to secure flood relief funds. The governors of Washington, Oregon and Idaho have officially designated the Red

Cross as the disaster organization to assist flood-stricken families and individuals.

"Day has informed me," Gleed added, "that the response to the first appeal made by Red Cross for flood relief funds has been very gratifying. But the rehabilitation job facing Red Cross is enormous. We know that the people in the Northwest want to help, and this is the way they can—through the Red Cross, which is the people's organization, created by them to help anyone, anywhere, when sudden disaster strikes."

Booths are in various banks and department stores in Seattle for the convenience of donors, or funds may be sent directly to local Red Cross headquarters, 905 Second Avenue Building. Checks should be made payable to the American Red Cross.

Ziplock Helps Curb Bicycle Thefts

If you want your bike not only to get you to school but also back again, lock it securely say the Yale experts. Mary Kay Jones, who plays a fifteen-year-old high school girl in the Broadway hit "Strange Bedfellows" shows how to put that good advice into practice. The bike-wheel can't turn when it is fastened with the new Yale ziplock. The lock case can be zipped up the notched steel shackle to fit any size needed to safely lock bicycles, duffel bags and camping equipment.

X-Ray Unit is in Area Now

"Time is running short for your free chest x-ray, so hurry to the Christmas Seal X-ray Unit now at 8th S. and Jackson in the Safeway parking lot, and make sure you are free of tuberculosis," Mrs. Joel Boutte, project chairman, warned.

Brought to this district for the third consecutive year by the Jackson Street Community Council and the Anti-Tuberculosis League of King County, the mobile unit will be open through Friday from 1 to 6 and 7 to 9 p.m. each day.

Services of the unit are limited to those 15 years of age and older; those between 15 and 18 must have written consent from their parents.

"The Council's X-ray Committee has been a great help in arranging special publicity and building up interest in the survey," Mrs. Boutte said. "They have distributed pledge cards reading 'I promise to have my chest x-ray because I want to protect myself and others from tuberculosis.' Also literature has been printed in three languages—Chinese, Japanese and English—in order to reach as many people as possible with our message about the importance of x-rays."

X-ray can find TB in the early stages before symptoms appear, and when the patient has the best chance for a complete recovery. Tuberculosis is communicable, as being symptomless in its early stages, and that means that if someone has tuberculosis without knowing he can unknowingly spread it to others and endanger their lives as well.

The Unit is equipped to take miniature x-rays which screen out normal chests. If anyone's film shows suspicious shadows, he will be referred for a 14"x17"—also free of charge—and to his own physician for an interpretation. This service is paid for by the sale of Christmas Seals.

Members of the Council X-ray Committee are: Mrs. Boutte, Chairman; Dr. Henry S. Luke, Mrs. Chin Han, Arthur T. King, V. A. Veselco, Prudencio Mori, Miss Elizabeth Shoji, Seiichi Hara, Mrs. John Polletto, Mrs. Ruth Sims, Mrs. Birdie Johnson, Mrs. Francis Blanchette and Mrs. Gladys Bias.

"All of these people have worked hard to acquaint the community with the importance of this x-ray survey. Now it is up to every one of you to help them make the project a success. Have your free chest x-ray now, and help protect your community from tuberculosis!"

Through the facilities of the Army Education Program, members of the Army may further their education in almost any field or subject.

H.R. Passage Unlikely

WASHINGTON, D. C., June 16—Wide disagreement between Senate and House conferees has rendered H. R. 3566, the alien deportation suspension measure, highly improbable of passage by Congress before its scheduled adjournment, the Washington office of the JACL Anti-Discrimination Committee revealed today.

The conferees met for the first time June 9, but the session ended in an abrupt deadlock over the Senate amendment to the House-approved measure, which would require that an alien in every case would have to secure affirmative sanction by Congress before suspension or cancellation of his deportation order becomes final. The Senate insists upon its amendment while the House objects on the grounds that it would create new discriminations to European aliens.

Both Houses, it appears, agree on one of the major provisions of the bill, which would broaden the class of aliens eligible for discretionary relief from deportation to include Japanese, and others ineligible to citizenship. With less than ten days remaining before the end of Congress and the conferees poles apart, there appears little likelihood that the legislation will come out of conference in any form.

The Washington JACL ADC office already is approaching Judiciary Committee members of both Houses to prevail upon the Justice Department to grant temporary discretionary relief to some 2,000 Japanese aliens, who might be deported if H. R. 3566 is not reported out. It is pointed out that both the

Senate and the House have approved of that provision affecting the Japanese and that the disagreement, which is holding up the bill, is on another provision—that of Congressional procedure.

The House, it is recalled, unanimously passed the bill last summer. The Senate approved it early last month with amendments. The Senate Judiciary Committee, in its report on the bill expressed agreement with the House provision calling for the enlargement of the class of deportable aliens who are eligible for suspension of deportation. The committee said it "was aware of a number of worthy cases" affecting Japanese aliens and said it "was only just" that the Japanese should be granted the same privileges in this matter as are now enjoyed by European immigrants.

All games are played at Underhill Park.

The Vets lost their first two games, 2 to 1, against Riviera Cafe, and 12 to 2 against George's Builders. Everett Matsui twirled six-hit ball in the Riviera contest but he was touched for a home run with a man on base in the last inning. The Vets, in the meantime, were unable to get but one blow against the Riviera hurler. George's Builders are considered one of the topnotchers in the circuit.

H. R. Nisei Join Softball League

HOOD RIVER, Oreg., June 16—Mid-Columbia JACL is sponsoring a softball team in the Hood River City league which is composed of eight teams including one from Wallard, Wash. All games are played under the lights on Collins field here with double-headers scheduled for Wednesdays and Fridays.

In their first encounter with Wells Sporting Goods, the Nisei nine came out on the short end of a 9 to 4 count. Too many errors and insufficient batting power in the clutch spelled defeat.

The Nisei JACLers, however, came back strong in the second league tilt to win 11 to 10 over Mayflower Milk. A four-run rally in the last of the seventh after two men were out, netted the victory.

SGA TO GIVE OKAMOTO CUP TO NO. 1 MAN

SPOKANE, Wash., June 16—Spokane Golf Association recently obtained a Joe Okamoto Memorial trophy which will be awarded annually to the best golfer in the spring and fall tournaments here.

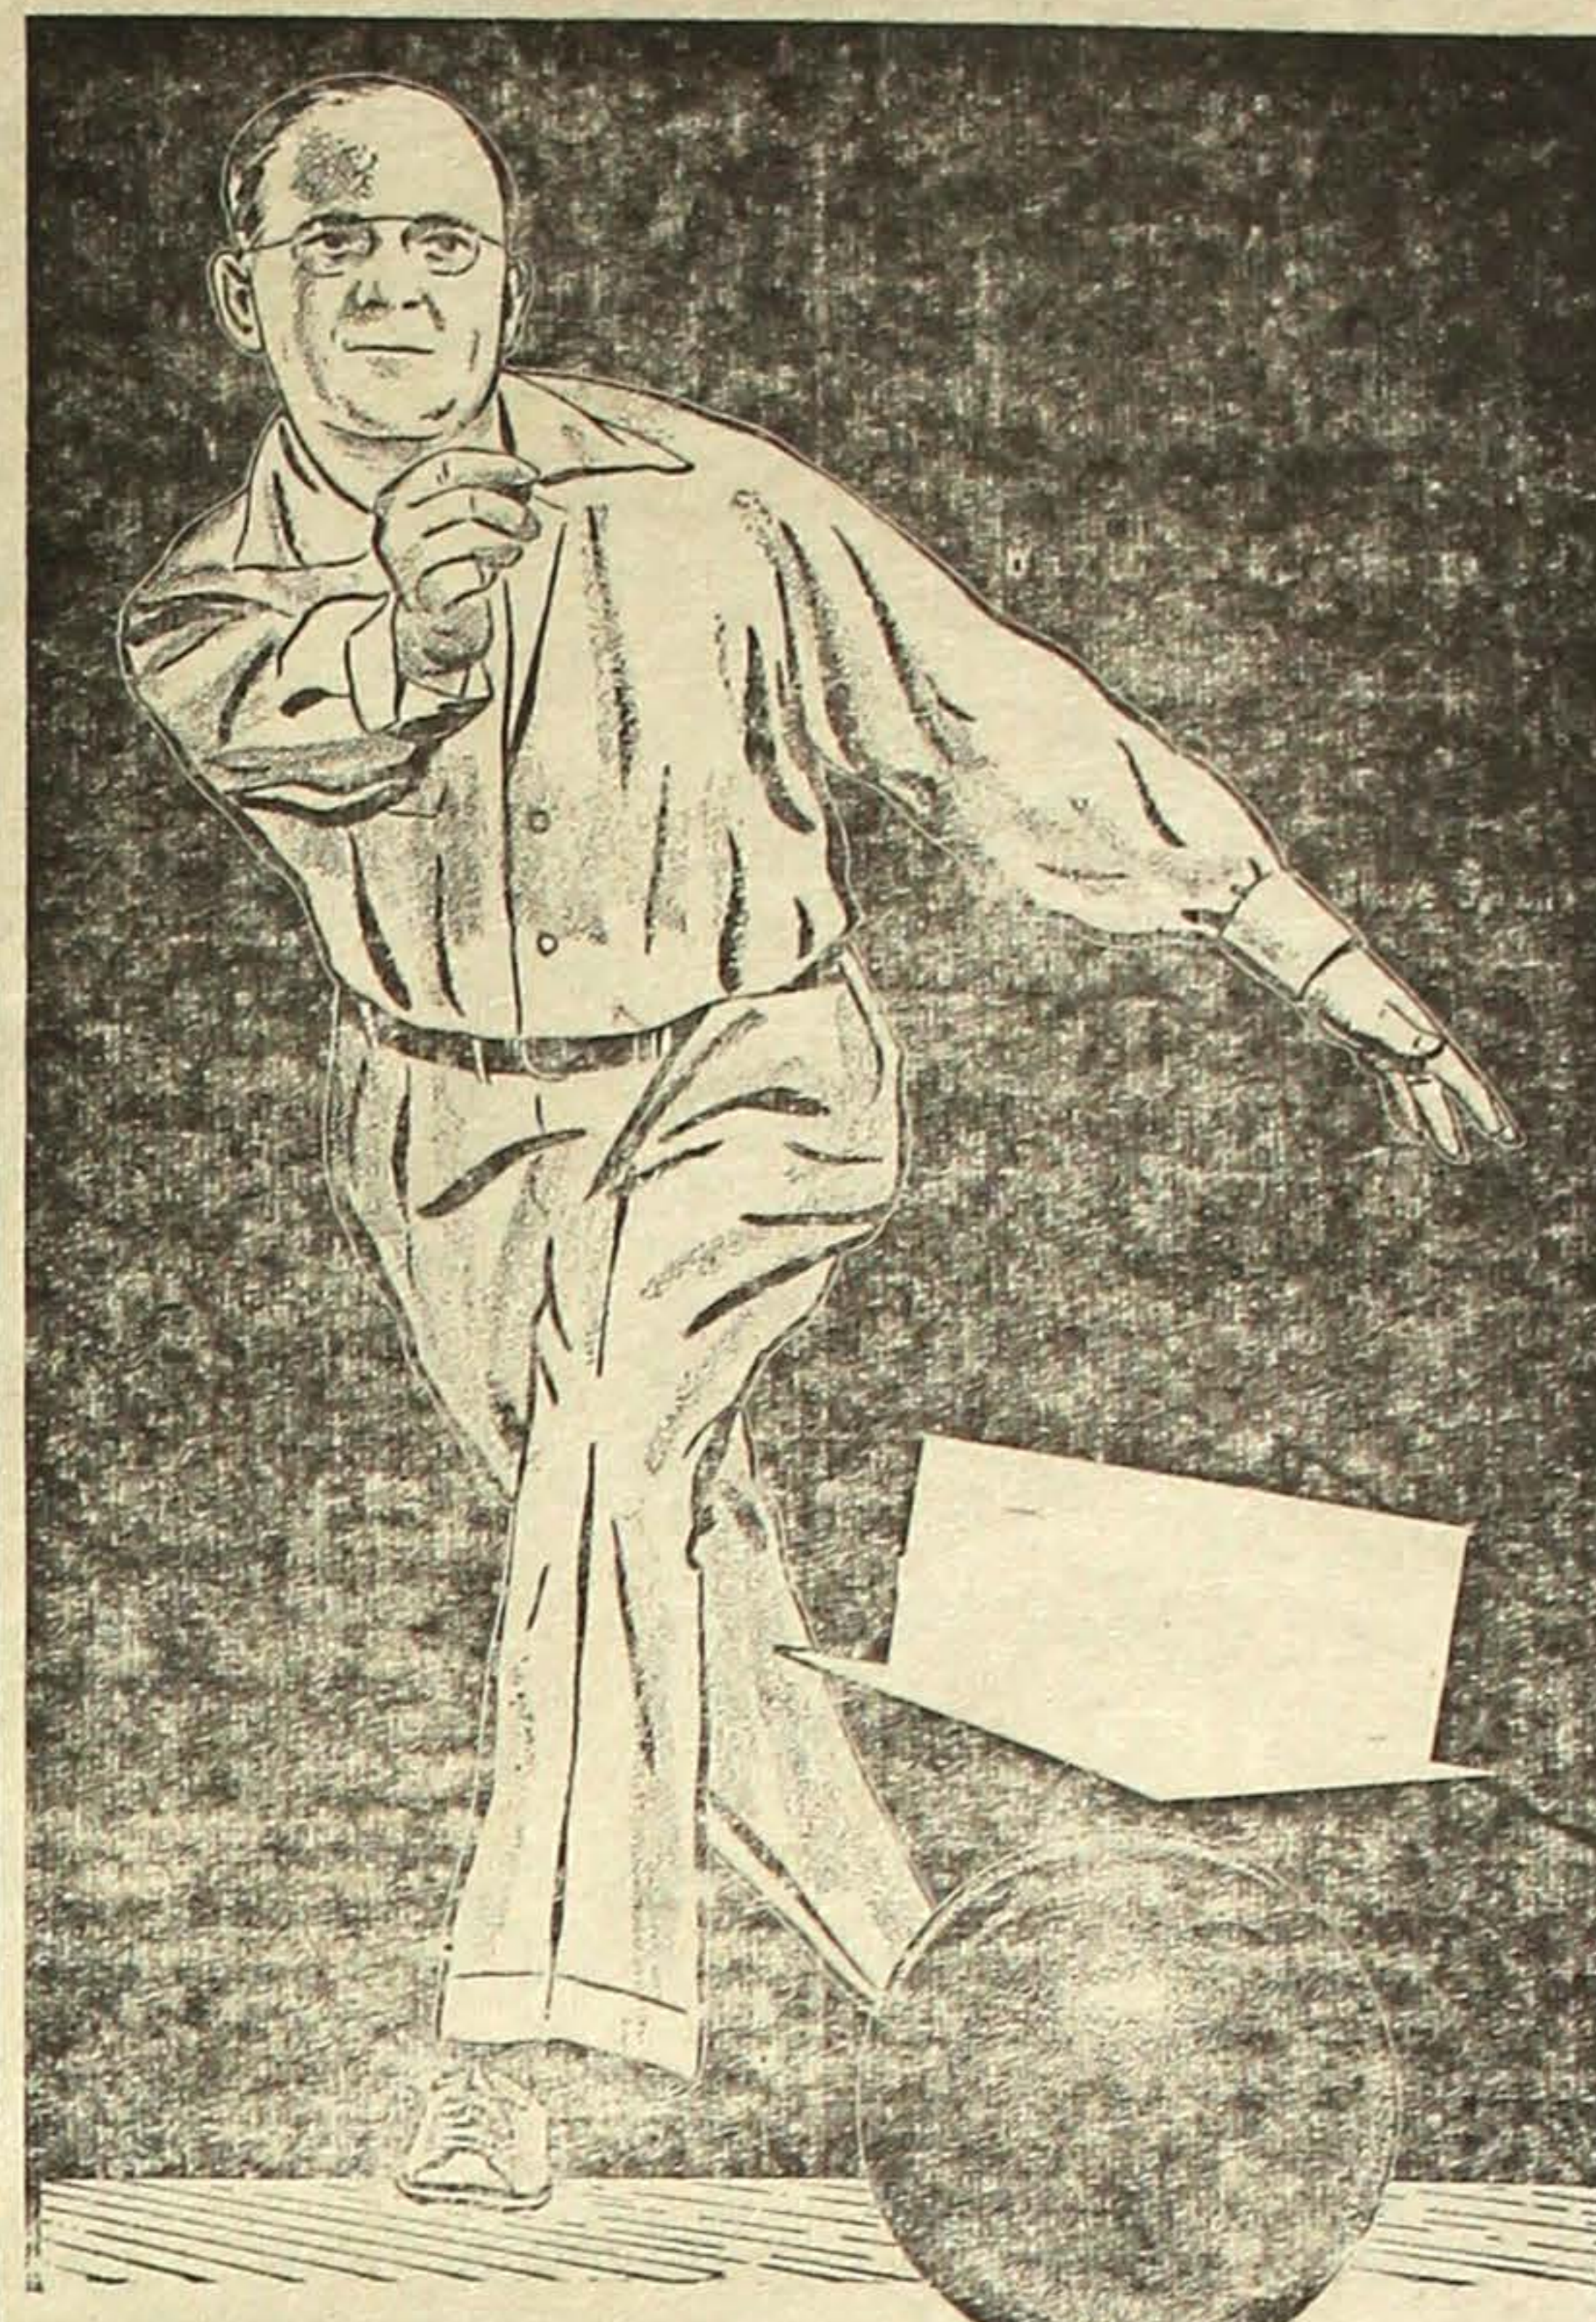

The trophy, which is 37 inches tall, will be a perpetual one and will be on display soon at the M & M Tofuya, it was understood.

The association is now asking donations for the trophy and all contributions will be accepted at the M & M.

The group's next tournament, the 36-hole handicap Spring meet, will be next Sunday, June 20. This will be half of the competition for the Okamoto cup and scoring towards the trophy will be done from scratch, according to Jack Koyama who is in charge of the prizes.

In the regular monthly tournament last June 6 at Indian Canyon golf course, Dr. Nakamura (gross 89) was first, Jerry Numata (gross 94) was second, and Jack Kovama (gross 103) was third in the "B" flight. In the "A" flight, T. Maeda (gross 88) was first, Ed Iwata (gross 89), second, and Mike Saruwatari (gross 92) third.

Sparky Kono's team lost to Fred Ishikawa's outfit last May 30, and the pay-off was a china meshi last June 3 in the Mandarin Cafe.

RECORD SMASHER—Joe Wilman is the only man in bowling history to hold all three of the game's major crowns at the same time.

Wilman, Nation's Topnotch Kegler, To Appear in Main Bowl June 23

One of the finest bowlers in the nation will come to Seattle next Wednesday, June 23 to demonstrate one of the kegling game's newest devices for higher averages. He will appear at 7 p.m. that day in Main Bowl, 306 Main St., Seattle.

He is Joe Wilman of Chicago, believed by many to be the world's best tenpin, and the new development of the game which he will demonstrate, will be the Brunswick Range-Finder. The latter has been touted by bowling experts as the easiest and quickest way to raise scores yet devised.

Local fans, bowling proprietors and others interested in the tenpin game, will find Wilman to be one of the most gifted teachers of the sport, in addition to being one of the sport's greatest stars. His session will include a match against Pete Gattanini, Seattle star. No admission will be charged.

Wilman, a friendly fellow who carries easily his many honors, is certain to be a member of Bowling's Hall of Fame. He has been captain of the All-American bowling team, was named the 1946 "Bowler of the Year" by the nation's sports writers, and performed the unequalled feat of holding the world's championship, the national match game singles championship and the national match game doubles crown, at the same time.

Joe shot into first place in 1948 in the ten-year averages of the American Bowling Congress, believed by many experts to be the truest test of a kegler. He holds the all-time ABC record high average for

two years, four years, and five years, and is a virtual cinch to create an all-time record for the ten-year stretch in 1949, since he drops a lowly 1.675 score shot ten years ago.

Joe started out his 1946 ABC games with two disheartening splits. What he did in that tournament is a good indication of how ability wins out over tough breaks. He scored successive games of 216-225-218-214-245-247-245-236-209, for a 2.054 score and his third world's title. Incidentally, Joe became one of a select field of only four men who have shot nine consecutive 200 games in an ABC.

THE Sporting Thing

All Right, Boys, Let's Cut It Out

Complaints pour into this column after each Sunday in regard to the "official" scoring of winning teams in THE NORTHWEST TIMES Baseball League.

Chief gripe, of course, comes in the form of charges that the winning team always change the hit and error marks to their advantage.

If that is the case—we hear that it is so from reliable sources—then it is time the managers assembled and acted to penalize any team which has the audacity to change the scoring after the game has been played.

Personally, we can't—for the love of glory or whatever it is—see how any player on a winning team could enjoy a fat batting average or a sterling pitching effort on the strength of dishonesty.

Come on, fellows, let's keep the records straight.

Coach Tommy Sakai will impress upon his championship-defending Lotus Mercury boys two things this Sunday when they travel to Tacoma to tangle with undefeated Fife A. C.

First, the Lotus Mercury will be risking its NORTHWEST TIMES Baseball League championship hopes in that a defeat will find the outfit sprawling into a tie for second place with one or more teams.

Second, the Lotus Mercury must win in order to get a possible invitation to the Pacific Northwest Invitational Baseball Tournament which this year will be sponsored by the Nisei Veterans Committee.

The time and the site of this all-important affair were not known at press time. The game probably will be played at Jefferson park in Tacoma, according to Art Yamada of Fife.

In the feature home town game, the South End Merchants who jolted the Mercury nine into its present predicament will meet the Lotus Ashuras from 12 noon at Rainier No. 2.

Other contests set for Sunday find Horiuchi's entertaining the South End Travelers at South Park, and the Savoy's playing hosts to Rissho A. C. at Garfield No. 2. Both tilts are booked to begin at 12 noon.
