

VET WHO FIRST SAW KAWAKITA TAKES STAND

(Rafu Shimpo Dispatch) LOS ANGELES, Calif., July 28—Ex-GI William L. Bruce, who last June accidentally encountered Tomoya Kawakita, his former prison camp boss, in a downtown department store, last week took the witness stand to testify against the 26-year-old Nisei charged with treason.

"It took me just about two seconds to recognize him. My wife asked me why I was so excited. Then I told her I've got a fellow I'm going to kill," Bruce asserted. He admitted he was unable to catch the fleeing man who he charges subjected him to insults and injuries in Geyama nickel mine camp where he was made to work as prisoner of war.

"But I did get the car's license number which I later turned over to the FBI agents," he informed the Federal Court presided over by Judge William C. Mathes.

Under Morris Lavine's cross-examination, Bruce admitted that his bitter experiences as a prisoner of war made it rather difficult for him to be objective in his statements.

He added that he did meet several Japanese who "treated me fairly... with consideration." Judge Mathes later dismissed the jury and ordered Gary W. Sawtelle, an FBI agent, to take the stand to explain the circumstances of Kawakita's arrest.

The defense contended that the arrest was made without a warrant and therefore a statement taken from the Calexico-born youth by the federal men is inadmissible as evidence at the present time.

Use Nisei Girls As 'Decoys'

SAN FRANCISCO, Calif., July 28—Using two Nisei girls as "decoys," a Negro attempted to rob an employee of the Minto Sushi as the latter was out on collection recently.

The victim who identified himself as Okazaki said he was approached by two girls, about 20 to 25 years of age, on the corner of Bush and Steiner Sts.

Both spoke fluent Japanese, he said. Suddenly one of them stuck her hand in his pocket, while the Negro appearing from nowhere grabbed Okazaki's right arm.

The trio, however, fled when they saw a Caucasian coming down the street.

Funds Sought For Claims Act

SAN FRANCISCO, Calif., July 28 (Nichi Bei Times Dispatch)—With Congress scheduled to convene for an extra meeting of the 80th session, it is expected that the nation's lawmakers will be asked to consider an appropriation bill for the evacuation claims act passed last month.

Attorney General Tom C. Clark will probably ask at this session for funds to administer the act. The original bill did not include any provision for appropriation of funds. Mike Masaoka, National JACL-ADC director, declared here earlier this week.

Although claims must be filed within 18 months, according to the act, Masaoka pointed out that immediate payment of approved claims for large amounts is out of question.

If funds are appropriated, the attorney general has been authorized under the act to pay for claims.

Over that figure, the approved claims must be processed in the same manner as other claims against the government—by special private bills in Congress.

Masaoka pointed out that the average American Indian claim is 50 years old and other individual claims are pending on the average of eight years.

442nd Feat Wins Japan Praise

LOS ANGELES, Calif., July 28—The heroic accomplishment of the 442nd Combat Team which fought side by side with Caucasians of the U. S. Army has become a symbol of faith, respect, and courage in Japan.

The youth movement in Japan is ever spreading with democratic principles always in the minds of young men and women.

There is no fear of Communism taking hold of that nation under the supervision of Gen'l MacArthur's headquarters.

Opportunity for Nisei social workers to guide the destiny of YMCA work in Japan is abundant. Many would welcome the leadership of the Japanese Americans.

These were the opinions expressed by Soichi Saito, Japan's national YMCA secretary, who departs for his homeland on July 30.

The 62-year old Christian who was last in the United States in 1941 is the second national to be granted permit to come to this country to boost the work of Japan's YMCA.

The YMCA director for more than 20 years related in Japan the attitude towards the second generation Nisei, is favorable and felt there was much that could be done to "democratize the nation" with the aid of those who can speak two languages.

He pointed out the Japanese in the United States have been fortunate to see the splendid reaction to the feats of the Japanese American Combat Battalion in Italy.

"Young men and women look toward a brighter future in rebuilding the war-torn country. We have 100 YMCAs operating today. None of them were banned during the war though outside pressure was great in trying to turn them into a militarist organization," the visitor said.

Shortly after the war had ended, Saito supervised the repatriation of more than five million persons, nearly half of them civilians, from Manchuria, Korea, China, and Siberia.

JACL-ADC Sees Winning of Struggle To End 'Limited Passport' Issue

WASHINGTON, D. C., July 28—The end is in sight of the battle to correct the Hawaii "limited passport" situation. The Washington JACL ADC office learned today from the Department of Interior that a draft has been prepared revoking the Executive Order of 1907 which originally gave rise to this situation.

By the terms of Executive Order 589, signed by President Theodore Roosevelt on March 14, 1907, Japanese aliens who have been admitted to the Territory of Hawaii under labor contract visas were prohibited from migrating to the continental United States for the purpose of establishing permanent residence.

In other words, their passports "limited" their residence to Hawaii. The purpose behind this immigration barrier had been to arrest the flow of Japanese laborers from Hawaii to the mainland, where it was feared they might undermine the labor market. Since, however, the aliens affected by this ruling are now almost all over 60 years of age and their entry could not conceivably affect labor conditions here, it was felt that present circumstances justified revocation of

this restriction. Action to this end was instigated last fall by ADC's legislative director, Mike Masaoka, through initial contacts with Watson B. Miller, Commissioner of the Immigration and Naturalization Service, and Under Secretary of Interior, Oscar L. Chapman, who in turn referred the matter to James P. Davis, Director of the Department's Division of Territories and Island Possessions.

The draft revoking the order has been sent by the Interior Department to the Justice Department for formal approval. Since the Immigration and Naturalization Service, which operates under the Justice Department has already signified its approval, the latter's consideration of this proposal which deal only with its legal and technical aspects rather than with the principle involved. From the Justice Department the proposal will pass through the Bureau of the Budget and thence to President Truman for final acceptance.

It is believed that only a few weeks will be needed now for all "processing" and formalities to be completed. Revocation of this Executive Order would permit Japanese aliens possessing these limited passports to enter the mainland for permanent residence, instead of under a six-months visitor's permit as heretofore. For those who have thus far been prohibited from taking up permanent abode with their sons or daughters who had earlier moved from Hawaii to the mainland, it will mean the removal of the barrier toward realization of that goal.

TOKYO, July 28—The Rev. Michio Kozaki, chairman of the Federation of Japanese Christian Churches, is now on a Pan American clipper for the United States en route to Amsterdam to attend the world church conference scheduled for Aug. 22.

Bishop Rensuke Yashiro, head of the Anglican Episcopal church in Japan, who is currently attending the Lambeth conference in London, is expected to join Rev. Kozaki at the Amsterdam conclave.

The flowering of civilization is the finished man—the man of sense, of grace, of accomplishment, of social power—the gentleman.—Emerson.

Progress originates in the minds of Free Men! Equality, opportunity, aggressive ingenuity, freedom from oppressive restrictions—these things have helped to make America great. Here, man is guaranteed certain inalienable rights. He enjoys blessings that exist only where freedom reigns. The birthright of a free education... free choice in his life's work... these inheritances of freedom, and many, many more, have nurtured the social, agricultural, industrial, and economic progress that industrializes mighty America! In this land where every man is free to do whatever he chooses, wherever he chooses, however he chooses, this record of Minneapolis-Moline employees is truly significant. Of the present employees, 17 have been with the company from 50 to 60 years; 158 from 35 to 49 years; and 548 from 20 to 34 years. Taking into consideration all 732 oldtimers, they constituted 25% of all MM employees at the close of 1940, with an average employment record of over 40 years. Even with the expanded employment of well over 6,000 now necessary to meet the increased demands for MM products, the nucleus of old-timers still constitutes 11 per cent of the total now employed! Such faithful service Minneapolis-Moline is proud to acknowledge. It is a record of skilled craftsmen at work in a democracy where freedom from hampering restrictions is a cherished privilege... a record of men of industry building modern machines of proved quality to help farmers meet the world-wide demand for more food, fibre, and oil. Huge Open House at Port to Mark Sixth Birthday of ATC Aug. 1

In observance of the sixth birthday of the Army Transportation Corps a mammoth open house will be held from 1:30 to 4:30 p.m., Sunday, Aug. 1, at the Seattle Port of Embarkation.

Featured will be 14 attractions including a tour through the former German luxury liner, the USAT Republic; a demonstration of a soldier-stevedore gang in action on a training ship; a tour of various Port facilities, and a display of transportation and cargo loading equipment.

Col. William H. Donaldson, Jr., port commander, extends a cordial invitation to all Seattle townspeople to spend Sunday afternoon at the Port. Lunch may be purchased in the Port restaurant.

Of special interest will be a demonstration of the inspectoscope, a large box-like object operating on a fluoroscope principle, used to detect contraband concealed in baggage. It is believed to be the only

such device in this area. A schedule of events made up into a souvenir program containing an aerial view of the USAT Republic will be given to all guests attending the open house.

The USAT Republic with a length of 615 feet and a weight of 20,000 gross tons is one of the largest passenger ships operating on the West Coast. She was built in Belfast, Ireland in 1907 by German interests. Formerly, she was called the SS President Buchanan and the SS President Grant.

The Seattle Port of Embarkation along with other Transportation Corps installations throughout the nation is celebrating the founding of the Transportation Corps on July 31, 1942.

Visitors will be able to enter all gates at the Port, where Army officers will be posted to assist with directions.

The following list of attractions under supervision of at least one Army officer can be seen at the Port Sunday:

- (1) A soldier-stevedore gang operating a hatch on a training barge
- (2) a tour of the USAT Republic
- (3) demonstration of the inspectoscope, a contraband detector
- (4) inspection of the dependents lounge room
- (5) exhibit of a giant floating crane
- (6) display of chapel in pier 39 used to receive deceased personnel
- (7) display of locomotive crane
- (8) display of new type box cars
- (9) inspection of harbor craft tied to small boat float
- (10) exhibit of equipment used in handling cargo and an exhibit of mortuary equipment
- (11) exhibit of various types of motorized equipment
- (12) display of the gantry crane
- (13) exhibit of color system used in cargo-making
- (14) inspection of Port dispensary.

The Port said there is ample parking space along Alaskan Way and that guards will be posted to offer visitors directions.

Hot Weather Wiles

If hot weather wilts you, take a tip from photographers' models who have several homely charm secrets for beating the heat.

One top-flight model recommends keeping some beauty preparations in the refrigerator. When fanning seems futile, try a dash of icy-cold astringent or cologne against wrists and temple.

Following an afternoon in a top-down car, refresh your eyes by saturating Co-ets, fluted cotton squares, in ice-cold witch hazel and placing them on your closed lids.

On "dog days" you'll find your makeup will look better longer if you "anchor" it on. Start with a freshly-clean face. Smiling into your mirror as you put on your rouge will help you get the coloring more naturally placed. Then coat a clean cotton square with powder and press—don't rub—it on your face. When you have pressed powder all over your face and throat, use another clean Co-et to brush away the excess powder. Remove any tell-tale powder from your hairline with a cotton square, moistened with astringent. A clean Co-et tucked in your compact each time you go out will help you do a quick make-over job when the summer sun seems to melt the makeup right from your face.

Good-breeding is surface Christianity.—O. W. Holmes.

VETS LOSE TO RENTON, 9-2

Outside of a barrage of base hits, nothing would have done the Nisei Vets more good than a game-calling rainstorm along about 12:45 last Sunday afternoon. But neither a shower of hits nor of precipitation occurring the Vets went down to a 9-2 defeat at the hands of the Renton Merchants.

Edo Sasaki, who started on the mound for the Vets, didn't have his usual assortment of stuff and was derricked in the fourth frame with the count 8-1 against the Vets. Relief hurler George Shimizu retired the side without further damage and held the opposition to one run thereafter, but by that time the ball game was gone with the wind, with Vet hits being few and far between.

Pitcher Phillips of Renton threw a neat three-hitter, holding the Vets hitless between the third and seventh frames, a stretch of five full innings without a bingle of any sort. First-sacker Ted Matsushita was the whole offensive show for the Vets as he gathered two hits and scored both runs. In the second inning, Ted powered the ball past the right fielder for a home run, and in the eighth frame, he singled and came all the way home as the right fielder played the ball in sloppy fashion, allowing it to roll too deep in the outfield for any kind of play. Tak Ya-

gi singled for the only other Vet hit of the day.

The short summary: Renton, 7 hits, 9 runs; Nisei Vets, 3 hits, 2 runs. Batteries: Phillips and B. Boytz; Sasaki, Shimizu (4) and Shinoda.

NISEI PROGRESSIVES

As we peruse the vernacular periodicals, somehow we get the idea that the Nisei press is giving a bit too much play to the activities of a few Nisei who are cumbering on the Wallace bandwagon, such as it is, and taking part in the party activities.

We are not questioning the constitutional right of these people to hold their particular political beliefs, nor to act as they please along the political line. But the feature play that some papers are giving to these (so-called) liberals is out of all proportion to their numbers, and is apt to create the wrong impression in the minds of other people.

We believe that most Nisei voters are either Democrats or Republicans in about the same ratio as the rest of the country, and that Nisei Progressives are also about in the same proportion. There is no Nisei "bloc" of votes, and we hope there never will be. The Nisei have no more of a pink fringe than any other group that might be named, and we object to any journalistic writings which might tend to create a contrary impression.

KANAKAS AT LONDON

While no Hawaiian Nisei swimmers made the U. S. Olympic team, two former 442nd veterans will cover the games for island newspapers. Johnny Tsukano will report for the Honolulu Star-Bulletin, while Robert Iwamoto will cover for the Hawaii Times. Both Tsukano and Iwamoto will be remembered by Combat Team veterans as members of the 442nd swim team which won the Fifth Army title, as well as mopping up at Camp Shelby and in the Southern AAU meet at New Orleans.

Nakanishi Pitches White River To 8-5 Win over Rainier Beach

Behind Ted Nakanishi's steady pitching, White River A. C. grabbed its second victory of the season in the blue section of the Puget Sound Baseball League last Sunday by defeating Rainier Beach, 8 to 5, at Liberty park in Renton.

White River produced its winning runs in the fourth when Sam Iwasaki, Chub Hori, Shig Shimokawa and George Iwasaki connected for singles in that order. Infield bobbles and outfield flies scored them. First sacker Hori had a double and two singles.

Rainier Beach opened hostilities in the third by tallying four times on three straight singles and a couple of errors.

Second sacker Frank Shigeo drove in half of Fife's ten runs as he banged out three timely singles and a homer.

Yoshito Mizuta, Stan Karikomi and Terry Kurimura hit hard for the losers.

Fife Eyes Title, Faces Ashuras

The long, drawn out NORTHWEST TIMES Baseball League season—long, drawn out because of the rains—may well come to an end this Sunday when Fife A. C. bumps into the Lotus Ashuras at Rainier from 2 p.m.

Favored Fife A. C., which finished the regular schedule at the top of the standings, is expected to throw Joe Asahara against the unpredictable Ashura nine. The Ashuras have Shig Akada ready but they might surprise Fife by using left-hander George Mamiya. If Fife's men win, they will automatically be crowned league champions.

If the Ashuras win, Fife will receive another crack at the Lotus nine for the title.

Bowlers Await Supper-Dance

Chinese and Japanese American bowlers of Main Bowl will have their big social moment when they have their supper-dance from 8:30 p.m. Thursday, July 29, in the New Chinatown Cafe on the corner of Sixth Ave. and Main St.

Grant Beppu will be master of ceremonies, and the main speakers will be Sue Fuller, secretary of the Women's City Bowling Association, and Tom Gassman, president of the Seattle Bowling Association.

A large turnout of Oriental American keglars is urged by Fred Takagi, Main Bowl generalissimo.

The cost will be two dollars per person and it will include a full-course chicken or steak dinner and several hours of dancing to the music of the cabaret orchestra.

ASHURAS PUNISH MERCURY IN ALL-BUSSEI TILT, 16-9

Leading Ashura batsmen were Ben Deguchi, George Mamiya, Paul Minato and Koichi Suto. Deguchi collected three hits, including a four-bagger. Mercury's Blotz Suyama and Willie Kawata also rapped out homers.

Racial Discrimination Even in Death Related

By JACK SCOTT
(In The Vancouver Sun)

As men, we are all equal in the presence of death—Publius Syrus.

On March 5 at 3 p.m., Frank Crawford, aged 35 years, born near Edmonton, Alberta, came to his death. He was a faller at the Holberg camp of the B. C. Pulp & Paper. The top of a tall hemlock which Crawford was felling broke off and struck him. He was instantly killed.

The body was brought from the camp at the northern tip of Vancouver Island to this city. The widow, with the help of friends, began arrangements for the funeral. It was her wish that her husband be buried in the beautiful hillside grounds of a mainland cemetery. She and her friends journeyed there and were shown available plots by a salesman.

The salesman led Mrs. Crawford and her friends directly to a part of the cemetery where the purchase price of the plots is \$60. Mrs. Crawford was not satisfied with this location. She asked to be shown the \$120 plots. They are on the hillside in the sun. The salesman with some reluctance, escorted Mrs. Crawford and her friends to this area.

When the party had returned to the cemetery office, Mrs. Crawford said that she had decided on the \$120 plot. The salesman was embarrassed. He excused himself for a consultation with a superior and returned shortly to say, with regret, that it would not be possible.

Frank Crawford would have to be buried in the segregated section. He was a Negro.

saw contractor who had employed Frank Crawford and another Negro for several months. Mrs. Crawford phoned Custer. She told him of her difficulties. Custer had to choose between a compromise with his conscience and doing what he knew was right. He decided to "stick his neck out".

"I knew Crawford well and respected him," Custer told me yesterday. "He was a credit to his race, a man with a great smile and spirit, whose father had been a Baptist minister. In a camp of 300 loggers there had been no hint of discrimination. Apart from all that, Mrs. Crawford's brother was killed in the Canadian Army fighting against just this kind of intolerance. I decided I'd do something about it."

Custer checked first with the undertakers. He was told that this kind of discrimination was the hard-and-fast policy of at least two cemeteries. "There's never been a case before where a Negro objected to the arrangements," Custer was assured.

"Well, there is now," Custer replied.

Custer then phoned the salesman at the cemetery involved. He found him a decent, intelligent person who was simply carrying out he said, a policy of several years' standing. This policy, passed by a board of directors, affected both Negroes and Orientals.

Custer asked to speak to the cemetery head. He was not then available. "Tell him I won't be responsible for the actions of 300 loggers when they hear about this," Custer said.

SELECT CLIENTELE OBJECTION

Custer advised Mrs. Crawford of his action and waited for word from the manager of the cemetery. "I'm prepared to deviate from our policy," he said. "Mrs. Crawford may have any plot available."

Custer asked what steps could be taken to prevent such incidents in the future.

The manager's reply Custer said, was that the cemetery had "a very select clientele" who would object to being buried in the same section as colored people.

Later, Custer attended Crawford's funeral. He discussed the incident with several Negroes, as this writer subsequently did. They were aware of the segregation. They saw it as just one more petty humiliation to be accepted patiently. "Protest by people of our own race is pointless." This was the general view.

But Custer's action, the action of a man brought into a situation purely by accident, is wonderful proof that protest does, indeed, bear fruit. Proof, too, that the fight against discrimination is a fight that courage and sincerity can eventually win.

Old Custom

TORONTO, Ontario (Canada), July 28—A Chinese, who appeared in a county court recently to apply for naturalization, told the judge that he had been living in Canada for ten years but his wife to whom he has been married seven years was still in Canton, China.

Asked to explain how he could have married a woman living in another country at the time, the applicant replied:

"It is an old Chinese custom that if a woman enters your house, she automatically becomes your wife."

Said the judge: "We don't do that here."
