Today's Editorial:

See You at the Polls Sept. 14

Tuesday, Sept. 14, is the date of our primary election. On that day, candidates for state, county, legislative and judicial offices will be named.

"The citizen who fails to vote contributes as much to the election of bad officials as the citizen who votes unwisely," notes the Seattle Municipal News.

And the News adds this worthy suggestion: study the candidates.

Yes, as the News states, "a good citizen not only votes, he votes intelligently, and with forethought".

Oriental Americans should join their fellow Americans in the march to the polls this Tuesday, Sept. 14, and vote for good candidates to assure good government.

Jackson St. Area Picks Heads For '49 Community Chest Push

The 1949 Community Chest Campaign in the Jackson St. area got off to a flying start this week with a lieutenant general, a colonel, four lieutenant colonels and eight captains selected so far to head the soliciting organization. One more lieutenant colonel, a score or more captains, and approximately 100 solicitors, all of whom will be named within ten days, will complete the local organization for the campaign to solicit funds for the 40 Red Feather agencies which begins on September 30.

J. R. Adams, assistant director of the Seattle Housing Authority, will head the campaign program in this area as Lt. General. This position was held last year by T. A. Allasina, principal of Bailey-Gatzert School. Adams is assisted this year by R. A. Paine, principal of Washington Jr. high school, who is serving as colonel.

Seiichi Hara, Charles F. Hadd, Walter Rudley, and Nicol Bacolov, are acting as lieutenant colonels. Arthur T. King, registered as a captain, is serving as liaison for Chinese solicitation. Other captains already chosen include: Eng Cheung, C. W. Jackman, Mrs. C. W. Jackman, Mar Dong, Henry Wong, Chin Han, and Frank Louie.

Last year, the area which these men and women will cover made an amazing record: 243% of its quota—144% of it by the first report luncheon.

"We definitely have a high goal to aim at," Adams said, "but we are confident that with a continuation of the splendid cooperation we've already had, we are going to make this year's campaign equally successful. We are determined to make it "The Best Thing We Do".

SENDS PACKAGE TO JAPAN

Japanese Methodist church's WSCS (Women's Society of Christian Service) has wrapped twenty food packages which were sent to Japan last Sept. 1.

Women's Society of Christian Service (WSCS) of the Japanese Methodist church will meet at 8 p.m. next Friday, Sept. 17, in the home of Mrs. Aya Shimomura, 946 34th Ave. S.

Mrs. Hatsu Yorozu will give her second flower arrangement lesson.

Judge Neergaard Seeks Election

Municipal Judge John H. Neergaard is campaigning for election to King County Superior Court Department No. 4. He has been a resident of King county for thirty years and is the son of R. J. Neergaard, pioneer Washington attorney.

Judge Neergaard received his legal education at the University of Washington. He served in the legal department of the Veterans' Administration for six years and as a deputy prosecuting attorney here for also six years. He was appointed justice of the peace, Seattle precinct, in January, 1945, and named municipal judge of the city's police court in the same year.

Judge Neergaard has made certain changes in municipal court procedure, including probationary system for suspended sentences for both men and women, and he also secured the designation of two police women to assist in probationary work involving women. In 1946 he was appointed chairman of the subcommittee on legislation for the improvement of practice and procedure in justice and city courts by the Washington State Bar Association.

Labor Needs Profits

By GEORGE S. BENSON
President of Harding College
Searcy, Arkansas

Looking Ahead

HAVE YOU ever heard talk about "fair" and "reasonable" profits? The suggestion is that any amount of profit higher than "reasonable," whatever that is, would be unwholesome and bad for everybody. If you have ever fallen for that old line, repent at once. This may shock you back to reality, but I say it sincerely: What America needs is big profits, the largest profits that can be earned honestly! I say this with the welfare of the worker clearly in mind.

Once a great labor leader wisely said: "The worst crime against working people is a company which fails to operate at a profit." A survey has shown that people agree with this, in principle. Yet, they think profits much higher than they are today. The survey showed that most people thought profits to be more than four times what they actually are. Most people said that 10 per cent of the sales dollar would be about right. The fact is that last year corporate earnings averaged less than 6 per cent of sales.

Don't Cut Profits
THEN there are those who are always trying to kill the goose that lays golden eggs, by calling for more wages to be paid out of "increased" profits. Except for taxes, the biggest portion of last year's profits went for better plants and tools. If every dollar of the profit which went to stockholders last year had been turned over to workers, it would have brought a wage increase of only 6.8 per cent. It is false to assume that industry could make wages higher and prices lower by cutting down on profits. That way, profits would no longer be the incentive for healthy competition. Government would have to step in and control

the whole economy. This would mean the end of free enterprise and the high standard of living we enjoy.

See Our Danger!
TO SOME people, it may seem like a good thing to soak the "rich" or lambast capital at every opportunity. But they will stop doing that when they begin to realize how much it hurts the worker. Our workers are depending upon the profits of capital to supply the tools that mean so much to them and to every consumer. How can we have tools and plants, unless we have jobs and prosperity, then, unless we encourage profits?

We have gone through a long period of danger, but we're not out of it completely. The period of 1930 to 1940 was the first decade in our history during which our stock of tools did not increase. We allowed 25 per cent of them to wear out. They were not replaced. In 1930, America's stock of tools amounted to \$1,646 per person. By 1940, this was down to \$1,302. To get back to the 1930 level at once, we would have to spend perhaps 75 billion dollars.

Do you see our danger? Modern man is completely dependent upon good tools. We cannot afford to eliminate profits, and do away with the rewards that come from taking risks. If we do, the American workers will have to bear the brunt of a dangerous mistake. We need more Henry Fords and Thomas Edisons. Did they make profits? Yes, and they built America. With profits, they made it possible for millions to enjoy a more productive America.

Keep America strong...enlist today in the United States Army.

Hood River to Honor Sgt. Hachiya, Hero Killed on Leyte; Civilian, Military Dignitaries to Attend Rites Today

HOOD RIVER, Ore., Sept. 11—Sgt. Frank Hachiya, who died Jan. 3, 1945 from wounds received while on a volunteer scouting mission in the Battle for Leyte, will be laid to rest Saturday in Hood River where wartime discrimination resulted in the removal of the names of 16 Nisei from the county honor roll.

Ray Yasui of the Mid-Columbia chapter of the JACL declared that Junkichi Hachiya, father of the Nisei war dead now living in Chicago, wanted -Sgt. Hachiya's body buried in the Hood River valley.

"I assured Mr. Hachiya that we here in Hood River felt very keenly that Frank should be buried here and that so far as we were concerned it would be a triumphant return for one of our Nisei heroes," Yasui stated.

High civilian and military dignitaries will attend the reburial rites. Sgt. Hachiya's body was returned from an army cemetery in the Philippines. It was disclosed that leaders of veterans organizations, civic and religious groups will participate in the ceremonies.

Before the date of the funeral has been definitely set, plans were made for a military funeral with the Hood River valley units of the Veterans of Foreign Wars, Spanish American War Vets and the American Legion participating in the rites.

The services will be held in the Ashury Methodist church with the Rev. A. E. Place and the Rev. Francis Hayashi of Portland officiating.

Among those who are expected to speak at the services are Mrs. Archie McKeown, regent of the Oregon Daughters of the American Revolution; Monroe Sweetland, editor of the Newport News, who knew Frank Hachiya in the Pacific while serving as a Red Cross representative; Hito Okada, national president of the JACL, and a representative from the United States Army.

Those who will probably act as honorary pallbearers are three national sponsors of the JACL, E. B. McNaughton, president of Reed College; Charles Sprague, former governor of Oregon, and Mr. Sweetland.

Sgt. Hachiya was attached to the Seventh Infantry Division on Leyte and was fatally wounded on Dec. 30. He died on Jan. 3 after most of the men of his regiment volunteered to give him blood transfusions.

Lt. Howard Moss, his commanding officer, described Sgt. Hachiya's heroism:

"Frank volunteered to cross a valley under Japanese fire to scout an enemy position. The regiment was in a tough spot. Information on enemy dispositions was essential. At the bottom of the valley

Frank worked ahead of our protecting patrol.

"A Jap sniper let Frank have it at close range. Frank emptied his gun into the sniper. Shot through the abdomen, Frank walked up the hill. Medics gave him plasma and stayed him to a hospital. He was operated on immediately but the bullet had gone through his liver and he died."

Another account of his death appeared in a dispatch from Leyte in the New York Times:

"He crept forward through the grass, now crawling, now running from cover to cover. The men behind watched him descend the slope and work into the valley. Then they saw him drop. A Japanese sniper had got him. But Sgt. Hachiya, mortally wounded though he was, couldn't lie there. The battalion wanted the information he had gathered. He must get back. So he crawled, bleeding in agony, out of the valley and up the hill, through the grass and the shrub and around the merciful protection of little hillocks. He was dying when he finally reached the lines. He made his report while they bound his wounds."

RUSSO OUTFITS TWO PIN TEAMS IN MAIN BOWL

Sponsor of two Japanese American bowling teams in Main Bowl for the '48-'49 season is Frank Russo, enterprising operator of three stores in Seattle.

The teams, named after his "Over the Top Beverage" at 414

FRANK RUSSO

Main St., are entered in the Nisei Commercial and the SNGBO (Seattle Nisei Girls' Bowling Organization).

His NCL outfit comprising of Biff Uhashi, Tommy Namba, Jack Nitta, Bill Tanaka and Tak Shibuya, is rated a strong favorite to finish first in its circuit. The SNGBO squad consists of Mary Tsuchikawa and Virginia Hirai, co-captain, and Rose Young, Sue Lew and Yo Kitayama. It is considered a dangerous quintet, very much capable of capturing the SNGBO pennant.

Kishida Rolls Perfect '300'

SALT LAKE CITY, Utah, Sept. 11 (Special)—George Kishida, one of the best Japanese American bowlers in Salt Lake City, last Friday evening rolled a perfect 300 game across four alleys in the Temple alleys. The perfect game was rolled in a sweeper event as part of the Japanese American Citizens League convention here. It was a preliminary to the JACL tournament Saturday on the same alleys. The 300 was the first perfect game Kishida has rolled. How weak a thing is gentility, if it wants virtue!—Fuller.

SNGBO, City Merchants Begin '48-'49 Bowling Season Here

O'er Top Girls Blank CIE, 4-0; Sue Lew Stars

A well-balanced Over the Top Beverage kegling five, co-captained by Mary Tsuchikawa and Virginia Hirai, made its debut in the SNGBO (Seattle Nisei Girls' Bowling Organization) in an impressive manner last Thursday night in Main Bowl. The beverage girls, led by Sue Lew, blanked China Import & Export Co., 4-0, as the fall season opened for the SNGBO teams. Miss Lew, in the anchor position, put together 146, 196 and 184 games for a thumping 526 series. Her opposition's Jean Numoto turned in a 538 series which consisted of 166, 183 and 189 games.

Joining Over the Top Beverage for the top position was Martha's Beauty Shop which whitewashed Gyokko Ken Cafe, 4-0. Miye Ishikawa's 467 series for Martha's was the best individual effort in the match.

Championship-defending Tokuda Drug had to be contented with a 3-1 decision over Takano Studio. Pat Hidaka of Tokuda's spilled the pins for a 481 series to pace her squad. YoYo Konishi was high for Takano's with 462, her second game of 175 contributing much towards the single Takano triumph.

Fumi Yoshida's 454 sparked Stop 'n Shop to a 3-1 victory over New Chinatown Cafe in the only other contest of the night.

The results follow:

Kashiwagi's, Tad's Tie for Top Position

Kashiwagi Cubs trounced O. K. Cafe, 4-0, and Tad's Gardening shellacked Richard's Jewelry, also 4-0, to tie for the number one spot as the City Merchants league started its '48-'49 season Thursday night in Main Bowl.

The Cubs were strong at two points, Ben Sugawara in the third slot and Dr. Frank Kanemori in the fifth. Sugawara banded out a 525 series, which included a 213 game, and Dr. Kanemori, a 522 series.

The gardeners' Tak Asaba posted the night's high 568 series, which consisted of 214, 189 and 165 games. Teammate Ish Aoki contributed a 506 score.

In the two other tilts, Frank Hattori Realty tripped Seventh Ave. Service, 3-1, and "No Names" trimmed Jackson Grocery, also 3-1. Five-hundred-plus keggers in these matches were Yoshito Harada (510) of "No Names", Jack Shitota (529) of Seventh Ave. Service, and Jim Kuranishi (561) of Frank Hattori Realty.

Your Home

By Frances Ainsworth

One of the clubs to which I belong held a special meeting recently on "The Art of Home Decorating", and Mrs. Hays, our chairman, told us that this program was made possible by one of the country's large paint companies. Many companies are now supplying material such as this on subjects of interest to all homemakers.

This particular program gave us the entire story on paint for home decoration, presented in four sections. The first dealt with the history of color and paint, and we were fascinated to learn about the earliest paints—where they came from and so on. The next section covered modern paint and its application. Did you know that paint not only protects our home and makes them more attractive, but actually makes them safer by pointing out spots of danger.

The third section was extremely interesting... describing various types of paints and where they should be used. Not only where, but exactly how to use them; something every homemaker should know. The fourth section was on "The Science of Color Dynamics"... how to use color to best advantage for beauty and for the psychological reaction of the members of your household.

Each talk was presented with the help of special full-color cards, a movie, and booklets for every member, which were all furnished by the Pittsburgh Plate Glass Company.

The program was very interesting and certainly constructive. Now that we know that companies will help us plan our club meetings, we're going to have several more along the same line.

Northwest Airlines to Inaugurate Credit Air Travel Plan Next Month

Northwest Airlines announced today that its patrons will be able to obtain air transportation anywhere in the world on a convenient credit plan effective October 1.

The new arrangement extends the popular "air travel card" plan which has been in effect among Northwest and other United States airlines to include many of the large foreign lines with routes to every corner of the globe.

Under the new arrangement, Northwest's patrons who wish to use the credit service, will make a deposit of \$425 or its equivalent in foreign currency and apply for issuance of the card. Settlement of credit between airlines will be made periodically through the International Air Transport Association clearing house in London and the Airlines Clearing House in Chicago.

To conform to various national exchange controls, cards will be issued in three categories: "International" cards, good for unrestricted universal air travel; "Territorial" cards, good in North America, the West Indies, the Bahamas, Bermuda, Newfoundland and the Hawaiian Islands, and "Controlled" cards, which can be used only within limitations prescribed by certain countries on expenditures for foreign travel.

The new plan is sponsored by the Air Traffic Conference of America, which serves the United States and Canada, and The International Air Transport Association, whose 66 member airlines serve more than 200 nations, colonies and dependencies.

Further information may be obtained from the local Northwest Airlines agent at 216 Third Ave. S. The phone numbers are SE. 2438, SE. 2439, SE. 2440.

The U. S. Army moved in and established order during the San Francisco fire and earthquake.
