LOCAL AREA REPORTS COLLECTING \$1,238.82 AT INITIAL '49 CHEST DRIVE LUNCHEON IN C. OF C. HALL

Community Chest volunteers in the Jackson Street area got off to an early start this week and reported collections amounting to \$1,238.82 at the first Report Luncheon held on Monday at the Seattle Chamber of Commerce. This figure represents 46.75% of the district's quota of \$2,650.

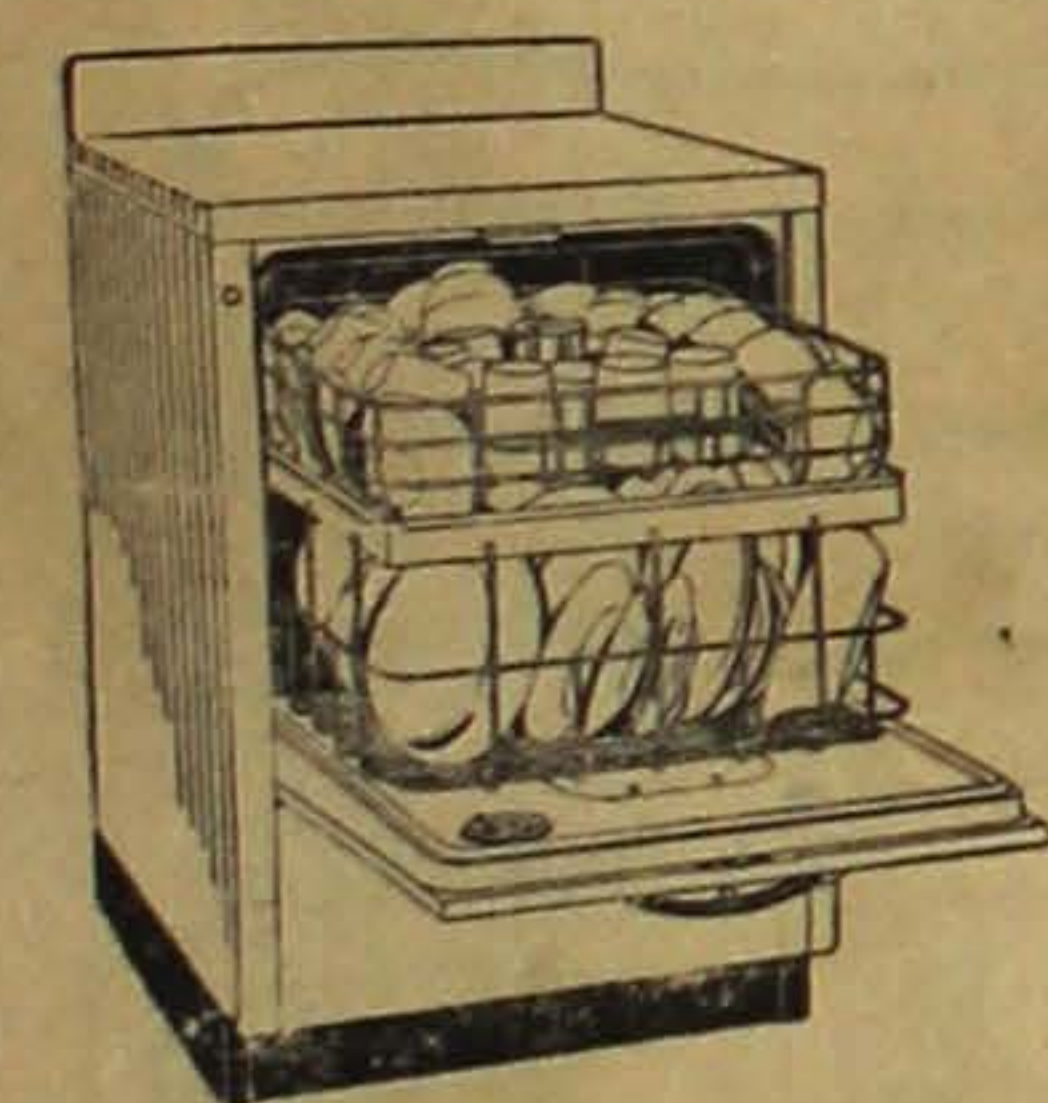

The team reporting the largest amount for the first three days of solicitation was the one headed by Lt. Col. Arthur T. King, which turned in a total of \$489. Other returns included \$373.50 from Seichi Hara's team; \$146, Mr. Nicanor Balcay's team; \$130.12, Mrs. David Luke's team; \$90.20, Charles Hadd's team.

The spirit of the Jackson Street area was exemplified over the weekend when two Red Feather agencies cooperated with a veteran's organization to make it possible for mothers and fathers with small children to put in a full day soliciting for the Chest. Girl Scouts of Troop no. 480 took care of the children of solicitors from the Cathay Post no. 186 of the American Legion and its Auxiliary at the Neighborhood House nursery on Saturday and Sunday while parents canvassed Area 3 in an all-out two-day effort. Teams in this area are headed by Mrs. David Luke, lieutenant-colonel and captain by Mrs. Calvin Fung, Mrs. Herman Foy, Jackson Pang, Wayne Locke, Dr. Henry Luke, and Arthur Solomon.

The Junior Council Committee of the Jackson Street Council is also working as a group and is covering a portion of Area 2 under Walter Rutley. The captain from the Junior Council is Hiro Hasegawa with Mrs. Mattie Mitchell, Hideo Kondo, Tae Tsubota, Joe Shoji, Lily Mukai, Joe Candiotti, Yosh Imanishi, and Margaret Baba registered as solicitors.

Mixed Marriages OK'd in Calif.

LOS ANGELES, Calif., Oct. 6—The California supreme court this week ruled that the state cannot prohibit intermarriage between members of the white, Negro or Oriental races.

In a precedent-shattering decision that nullified the state's 76-year ban on such unions, the court directed the Los Angeles county clerk to issue a marriage license to a white woman and a Negro.

It was the first time anywhere in the nation that a court had ruled unconstitutional a portion of the civil code which declared intermarriage "illegal and void". Twenty-nine states have such laws.

The ruling was in the suit filed by Andrea D. Perez who asked the court to command the Los Angeles county clerk to issue her a license to wed Sylvester S. Davis Jr., a Negro.

Seattle Observes New Speed Limits

New speed limits in the city of Seattle went into effect last Friday. The limits now being enforced by the police are 25 miles per hour as a general speed limit throughout the city, 30 miles per hour on stop streets and arterials where STOP or arterial STOP signs are indicated, and 35 miles per hour on arterials where 35-mile speed signs are posted.

These speeds have been decided upon after numerous checks of the prevailing safe speeds practiced by the average driver. Over ten thousand cars were checked on arterials, stop streets and in business districts. The prevailing speed on arterials and stop streets was found to be between 30 and 32 miles per hour. The prevailing speed through business districts was found to be between 23 and 27 miles per hour. All drivers checked were found to be operating in a safe and prudent manner.

Before such a decision was made, questionnaires were sent to and received from 35 cities throughout the United States and Canada. Information thus gleaned proved that the practice of raising speeds to the safe prevailing speed is gaining headway generally throughout the United States.

Large signs of the reflectorized type, 3 feet by 8 feet in size, will be erected around the City Limits of Seattle to inform those entering the city of these three prevailing speed limits.

ARMY RETURN OF GI DEAD HITS PEAK

WASHINGTON, D. C., Oct. 6—The peak of the war dead repatriation program has been reached, according to a Army Public Information Department news release received by the Washington JACL ADC office yesterday.

As announced by the Quartermaster General's Office, remains to be returned to the United States for final burial will be concentrated at overseas centers pending availability of shipping. By September 30, the Army will have returned to the United States, at the request of next of kin, the remains of 81,500 individuals who died overseas. By the end of the year, the figure will stand at approximately 113,000. It is expected that an approximate total of 150,000 will be returned before the program is completed.

Since the war dead are not listed by race the Washington JACL ADC was informed that there was no way by which a check could be made as to what percentage of the remaining sixty-eight thousand to be returned are Nisei.

In addition to the above, the remains of 16,087 armed forces dead are still awaiting disposition overseas, because the next of kin have not returned the final burial forms addressed to them by the Quartermaster General of the Army. American Red Cross chapters are co-operating with Army authorities in an effort to locate the next of kin. If they are not located within a reasonable time, these deceased will be interred overseas in permanent military cemeteries.

If any next of kin of Nisei war dead have not returned these forms to the War Department, they are advised to do so at once. If they have already done so, and no communication has been received from the Army since then, they are advised to wait for notification which will come when the remains reach the port of embarkation at New York or San Francisco.

SOUDERS' BAND TO PLAY AT HOMECOMING AFFAIR

Jackie Souders' orchestra which is featured at Palladium ballroom, will play at the JSC and U. W. alumni homecoming dance from 9:30 p.m. to 12:30 a.m. Friday, Oct. 22, in the Sand Point Golf & Country club. It was announced today. The cost will be ten dollars for the dinner and dance and four dollars for the dance only.

Students should contact either Ed Horuchi or Ebo Okiyama for tickets or other data on the semi-formal invitational event.

3 More GI Dead Returned to US

Three Nisei War Dead of Seattle and vicinity were brought back to the United States from temporary military cemeteries in France aboard the United States Army Transport Carroll Victory, the Department of the Army announced today.

The remains are those of Pfc. Robert T. Endo, whose next-of-kin is Kameko Endo, 1611 Yesler Way; T/Sgt. Takaaki Okazaki (Kazuo Okazaki, 819 Weller St.); and Pvt. Yohei Sagami (Fusachi Sagami, 1712 S. Tacoma Ave., Tacoma).

Pvt. Sagami served with the 2nd Battalion, Company E, of the 442nd Central Postal Directory and was awarded the Purple Heart, and Combat Infantryman Badge, while Pfc. Endo was with Company K of the 3rd Battalion.

T/Sgt. Okazaki received the Purple Heart, Distinguished Unit Badge with oak leaf cluster, and the Combat Infantryman Badge while serving with Company L of the 3rd Battalion.

The Army stated that the next of kin will be notified when the remains arrive at the regional distribution centers of the American Graves Registration Service.

N. Y. JACL Office Will be Closed

WASHINGTON, D. C., Oct. 6—Plans for curtailed operations of the New York JACL ADC office are now under consideration, according to an announcement made by national legislative director Mike Masaoka yesterday after conferring here with Sam Ishikawa, Eastern regional director. These plans are in keeping with decisions made at the national ADC meetings in Salt Lake City held in conjunction with the Tenth Biennial National JACL Convention early in September.

Ishikawa, who has been in temporary charge of the Los Angeles office, flew to New York to consult with JACL and Issei supporters there on this matter. At the Convention in Salt Lake City the recommendation was made that most of the activities of the Eastern Regional Office, particularly in the way of contacts and public relations, be continued from the Washington office.

Ishikawa's eventual assignment will be the Washington office where he will assist Masaoka with the legislative program. In the meanwhile, until a permanent director can be found for the Pacific Southwest area, Ishikawa will continue his services as temporary representative in Los Angeles, at least until Congress convenes in January.

Nothing can constitute good breeding which has not good nature for its foundation.—Bulwer.

MUSIC IN THE AIR—NWA publicity men in New York sent for their Webster's Unabridged when they were advised by Tokyo traffic officials that Northwest would carry a Koto to a New York address. Said Webster: a koto is a long Japanese zither with thirteen silk strings. The New York address turned out to be that of an opera singer's wife who is interested in Japanese music and dancing.

Let's keep our community a healthy, happy place in which to work and live. Give-Give Enough to your Community Chest.

77 years ago this week one of the most devastating fires in history destroyed the then young and bustling city of Chicago. For more than three months a drought had gripped Chicago, and an endless succession of fires had been quelled successfully until the evening of October 6. On that day a gale-like wind churned another small fire into the raging giant that chased Chicago's populace to the shores of Lake Michigan. By October 9, all that was left of the city was ash and rubble, the loss: 17,000 buildings destroyed; 300 persons dead; \$200,000,000 property damage.
