LEADERSHIP TRAINING PROGRAM TO BEGIN MONDAY, OCTOBER 25; INVITATIONS GO TO AREA CLUBS

A Leadership Training program, designed to assist officers and members of all young people's organizations in the area, will be sponsored by the Junior Council Committee of the Jackson Street Community Council, a local Red Feather agency, and has been scheduled for Monday, Oct. 25, in Neighborhood House.

The program will begin with a dinner at 6:30 p.m. at which time Frank L. Wright, Jr., executive secretary of the University of Washington YMCA, will outline the various factors which make for successful leadership in organizations. Following the dinner, there will be a problem clinic, also led by Wright, at which the people attending the meeting will have an opportunity to raise questions regarding specific problems encountered in their own organization.

Subjects already suggested by organizations include Program Planning, What Makes for Good Participation, and How to Get Members to Accept Responsibility. All organizations are invited to send in other subjects which they would like to have discussed.

Jim Lew has been appointed chairman of the program committee and is assisted by Hideo Kondo and Tae Tsubota.

Invitations have been sent to King's Club, Neighborhood House, Risho Youth Group, Nichiren Buddhist Church, Knight's Club, Neighborhood House, Young Women's Mission, Progressive Baptist Church, Filipino Catholic Youth, Maryknoll Mission, Lotus Y.B.A., Baptist Youth Fellowship, Japanese Baptist Church, Young People's Group, Japanese Congregational Church, Young People's Fellowship, Japanese St. Peter's Mission, Phalanx Club, E. Plans Concerts for Children

A greater opportunity for more school children of this community to attend student concerts, is announced by the Seattle Symphony Orchestra, Inc.

Eight student programs, planned with the cooperation of the music department of the Seattle public schools will be available to 14,000 pupils of city and county public, parochial and private schools.

Four will be held in Meany Hall in the University of Washington campus for North End pupils; four at the Metropolitan Theatre, Seattle, for the South End.

Especially designed for school children, the student series will be conducted by Stanley Chapple, new director of the University of Washington school of music, pioneer and leader in the development of youth concerts, and an internationally famous conductor.

The concerts, at nominal prices, will be presented during the winter and spring. They are sponsored by a special division of the women's committee of the Seattle Symphony Orchestra, Inc. Chairman is Mrs. John Graham, Jr.

Sunday, Nov. 7—Dr. Robert Rutherford, prominent Seattle doctor, will give a frank discussion on "Sex and Marriage".

Free Beer at Berlin Communist Rally

BERLIN—So anxious were the Soviets to make their communist rally a success, they set up soup kitchens, hot dog stands and free beer recently in the Lustgarten expecting to attract 400,000.

The rally, ostensibly in memory of concentration camp victims, was actually to be a resounding answer to the anti-communist demonstration that ended in shooting a few days before. It was a flop—only 100,000 showed up and many of those were delegations from satellite countries. Above is one of the free beer stands.

'Tokyo Rose' Hearing Postponed; Jury Bickers over Indictment

(Special from Nishi Bei Times) SAN FRANCISCO, Calif., Oct. 9 —Mrs. Iva Toguri D'Aquino, Los Angeles-born Nisei accused of making treasonous wartime broadcasts as "Tokyo Rose" last Thursday had her pre-trial treason hearing before U. C. Commissioner Francis St. J. Fox postponed for a week.

The postponement was asked by U. S. Attorney Frank J. Hennessy, Wayne M. Collins, Mrs. D'Aquino's

attorney, agreed it best to postpone the hearing until a federal grand jury, currently considering a treason indictment against her, complete its deliberations.

Fox granted the government's plea and set the hearing over until next Thursday, Oct. 14.

The government has charged Mrs. D'Aquino with treason for her wartime broadcasts of "sweet words and music" over Radio Tokyo.

Mrs. D'Aquino, according to the San Francisco Chronicle, has repeated the claim her radio scripts were written for her by an Australian Major Charles Cousins and an American Captain Ted Wallace Inc., both prisoners of war at the time.

Harry Brundage, associate editor of Cosmopolitan magazine, and Clark Lee, former International News Service correspondent, both testified that they had interviewed Mrs. D'Aquino and that she had told them she had willingly broadcast defeatist propaganda to U. S. and Allied troops.

The Japanese American woman, who was educated at UCLA, is being held in the county jail.

Nisei GI Story Due in Film

HOLLYWOOD, Calif., Oct. 9 —The story of a Nisei GI is expected to play an important part when Dore Schary produces "Battle-ground" for MGM, it was learned today.

Schary, formerly with RKO, had been working on a picture tentatively titled "Honored Glory" for RKO which was to feature five GI's with different racial backgrounds who came together in the battle of Bastogne in World War II.

Assured the United States army's cooperation, Schary has expanded his plans for the film which he indicates will be the "Big Parade" of the recent war. The cast will be headed by Van Johnson, John Hodiak and Keenan Wynn.

HOLLYWOOD, Calif., Oct. 9 —Clark Gable famed screen star, is planning to visit Japan after he finishes his next picture, according to Harrison Carroll, syndicated film columnist.

WASHINGTON, D. C., Oct. 9 —The first batch of the official printed application forms for Evacuation Claims released by the Department of Justice was received this week by the Washington Office of the JACL Anti-Discrimination Committee.

The initial forms have been designated CI-1 of the Department of Justice, and consist of two sheets printed on both sides. The forms have been approved by the Bureau of Budget, and give January 2, 1950 as the expiration date for filing of claims under provisions of Public Law 886, which was H. R. 3999, the JACL-sponsored Evacuation Claims bill.

There are seventeen questions in all, worded in simple language, with space for answers. The first twelve deal with matters such as name, address, and birthplace, pertaining to establishment of the claimant's qualifications under this Act, and the remaining with the nature of the claim, or claims.

Following question 12, there is an unnumbered instruction to the claimant to "use this space for statement of your claim".

Although the form calls for a description of any document which the claimant may have to prove ownership of the property involved, its value, or the extent of damage or loss claimed, it does not require the claimant to file such documents with his application.

The Washington JACL ADC is making prompt distribution of an initial number of forms to all regional offices and chapters.

JACL Straw Poll Discloses Dewey As Favorite of Chicago Nisei

CHICAGO, Ill., Oct. 9—A straw poll of more than a hundred Nisei attending the Chicago JACL meeting last Sept. 22 gave some indication of how the Nisei, at least the Nisei in Chicago, may vote in the November elections.

Half of the Nisei will vote for Dewey, according to the poll which was conducted by Franklin Chino, co-chairman of the legislative information committee. Only a quarter will vote for Truman. Wallace received 18% of the Nisei vote.

Compared with a recent Gallup poll, the Chicago Nisei favor Wallace considerably more than the general public while the reverse is true for Truman. Following are the percentages of the JACL poll, the Gallup poll being shown in parentheses: Dewey 50 per cent (48.2%), Truman 25 per cent (36.5%), Wallace 18 per cent (5%), "undecided" and "others" 7 per cent (10.3%). The Nisei vote in

the latter included 3.5% for Thomas but none for Dixiecrat J. Strom Thurmond.

Shig Wakamatsu and Harold R. Gordon, Chicago JACL's official delegates to the recent national convention, gave their report to the membership.

Oriental Council Books Program

Would America Collapse?

By GEORGE S. BENSON
President of Harding College
Searcy, Arkansas

Looking Ahead

SOME WAG once said that if we should suddenly do away with all advertising in the United States, our civilization would immediately collapse. This statement contains more truth than is at first apparent. There are those who refuse to see the importance of advertising in the economic life of the nation. Moreover, there are those who have singled out this phase of trade and industry for strong criticism.

Civilization today would collapse if it were not bolstered up by American advertising. Today the rest of the world depends upon American production. Yet, too few people recognize that this nation's capacity could not have been built up without advertising. Again, there are too few people who correctly see advertising as the bulwark of American economic freedom. Advertising is the golden key that has unlocked the door to plenty for us all.

Greatest Users

OUR WORLD - RENOWNED standards of living were achieved because we found out how to produce in volume; bath-tubs, cars, radios, clothing, food. We learned how to make wise use of the human resources of work and brain-power. We learned to harness water-power, steam, oil, gas, and all the others. We created machinery to do most of our hard work. We learned the value of tools. In brief, we have made our factories hum.

But is that all? By no means. The Socialist schemers have failed to evaluate their old slogan, "production for use", in the light of America's vast economy. Not only did we learn to produce, we have learned to use. Americans are the world's greatest producers, and also the world's greatest users.

Wake Up to Facts

THERE'S MORE to it than just production. Ask any manufacturer, and he'll tell you that the heart of his outfit is his sales force. The fellows who sell and distribute goods represent the other half of our great mass production system. Your high production is fine, but it

would do no good unless the goods are placed in the hands of consumers. Continued high output lowers the price. Get the picture?

Selling and distribution simply could not do the job without advertising. Advertising not only sells goods, it always helps measurably to lower prices and to increase quality. When electric refrigerators were first sold only a few thousand were made, and it took \$600 or more to buy one. But during fifteen years of advertising millions were sold, the price came down to a fourth of the original price, and the quality was improved greatly.

Socialists and Communists have had some success in attacking this part of American economic life. A few years ago a survey of 5,000 consumers found that 72 per cent of those interviewed believed advertising increased costs to the consumer. Among high school teachers, this figure reached 82 per cent. Another survey, answered by 3,174 students in 33 colleges, revealed that 12 per cent considered advertising an economic waste.

It is high time we woke up to the economic facts-of-life! Good and wise advertising is a vital part of free competitive enterprise. Naturally, advertising would be unnecessary in a dictatorship. The dictator could simply tell the people what to eat, wear, and enjoy. He would also tell them what they could not have. Under a system that permits no advertising, we would have two choices: a lower standard of living or a dictatorship.

OCTOBER DATES

Folks, the month is now October, and two dates during the month we'd like to have you remember are October 22nd, for the JSC-UW Alumni Homecoming Dance, and October 24th, for the big NVC Cracker Derby.

The dance will be held from 9:30 p.m. at the Sand Point Golf & Country Club, and reservations may be made for an accompanying dinner. As for the NVC Cracker Derby, this is nothing more or less than the feature salmon fishing event of the season for the Nihon-machi. Although sponsored by the Nisei Vets, the derby is open to all comers, with an entry fee of only one dollar. Top prize in the derby will be an outboard motor, but many additional prizes will be offered, making the derby a highly attractive proposition for old-timers and "crackers" alike.

MORE NISEI WAR DEAD

Among the 7,000 American War Dead returned from Europe aboard the transport Carroll Victory were three Nisei from this vicinity. They are: Technical Sergeant Takaaki Okazaki and Private First Class Robert T. Endo of Seattle, and Private Yohel Sagami of Tacoma. All three men served with the 442nd Infantry Regiment, Okazaki

being a member of Company L, Endo a member of Company K, while Sagami served with Company E.

YOUR GI INSURANCE

Veterans—if you are still keeping up your National Service Life Insurance, have you brought it up to date and in line with your present family circumstances? Or are you among the many who haven't done much about it since taking out the insurance in the first place?

Many veterans, unmarried during the war, have married in the postwar period but have not changed their insurance beneficiaries. Other veterans, married at the time they applied for insurance, have severed their marital ties by divorce, but still carry their former wives as beneficiaries. These veterans, and others whose original choice of beneficiaries no longer reflect their present desires, should remember that the Veterans Administration cannot take changed family relationships into account in making insurance settlements. The Veterans Administration is compelled by law to pay the insurance to the person or persons designated by the veteran himself.

All veterans carrying GI insurance are therefore urged by the Veterans Administration to "overhaul" their policies and to bring them up to date by executing new beneficiary designations from time to time as circumstances may require. If you are not sure who the

original beneficiaries were, a new beneficiary designation will take care of the situation. The latest designation in point of time will, of course, be given effect at time of settlement.

It should also be remembered that a lump sum settlement will be permitted only where the insured veteran stipulates, in writing, that settlement may be made in that manner. Veterans desiring to make that mode of settlement available to their beneficiaries should therefore notify the Veterans Administration to that effect, either on the new beneficiary designation or otherwise.

Sideline Topics

Portland is all hepped up to give out-of-towners a whopping time when its tenpin loop sponsors a tournament on Dec. 4 and 5: Fred Takagi of Main Bowl says at least six—perhaps more—teams will motor across the Columbia this time... lack of sports items from Ontario and Hood River? Well, the boys and girls are in the midst of their harvesting season... for sure, seven hundred persons (total of Japanese population in Cleveland) are happily strutting up and down Euclid avenue in that metropolis and pulling for Lou Boudreau's fighting Indians in the big World Series... and here at home, "Chick" Uno and his wife at Chick's Ice Creamery are hoping for the Braves of Boston to come through... as in our town, basketball is off to a plodding start in Portland; the maple court sport, however, should become a lively topic about the middle of November or early December... free advice: the basketball teams in the NVC leagues this season had better cooperate in every instance as Henry Yorozu, the head man, means business...

Unpredictable Northwest Times became the first team to gain a decision from league-leading Puget Sound Laundry of Tacoma last Tuesday night in a Nisei Commercial league match in Main Bowl.

The Nisei newspaper outfit defeated the Tacoma lads, 2-1, to move closer to the top rung of the NCL.

The Timesmen almost had a shutout but lost to the Tacomans in a playoff for the third contest.

The Tacomans' Hank Tanabe and Kaz Yamane doubled while Kaz Yamasaki, who is rapidly finding his bowling eyes, knocked out a turkey for the Northwest Times.

In the Times-Tacoma struggle, the Times' George Tanagi (530), Yamasaki (555) and Yukio Kuniyuki (527) and Tacoma's Yamane (602) and Frank Hidaka (503) were the powerhouses. Yamane posted 177, 211 and 214 games.

Thanks to the Timesmen, Puget Sound Vegetable Growers' Association advanced to a first-place tie with Yamane's dangerous Tacoma's squad. PSVGA, fired up by Morrie Yamaguchi (566), George Ota (536) and Willie Maebori (502), trimmed

City Produce, 2-1. Nobu Suyama (513) and Isao Nakashima (508) were high men for the producers.

Over the Top Beverage, the team picked by fans and players alike to win the NCL pennant, crushed Higashi's Mobile Service 3-0, as Bill Tanaka (611), Tak Shibuya (594) and Tommy Namba (530) put on the pressure for the winning five. Tomio Hamasaki of Mobile had a 504 series.

Highly-touted Main Drug topped International Realty, 2-1, to climb within striking distance of the leaders. The stars were Nobu Takahashi (541) and Tuk Tada (534) for the druggists and Fred Takagi (541), Frank Yokoyama (519) and Brownie Nomura (502) for the realtors.

In the other two matches, Shanty Inn downed Sakahara Insurance, 2-1, and Cathay Post bested 12th Ave. Service, 2-1. The nearest performers were Rick Tanagi (525), Roy Tanagi (521) and Ken Oyama (502) for Sakahara's, Pruney Tsuji (577), Jnn Kuranishi (543) and Shig Urakawa (508) for Shanty Inn, John Chinn (541) and Ed Yaplee (510) for Cathay Post, and Taiji Takayoshi (568) for 12th Ave. Service.

If you're Tall

If you're Heavy

If you're tall and stately, a flat top page boy rather on the longish side will lend you glamour, mini-mize your height. The basis of this coiffure is a soft natural looking home permanent just on the ends of the hair. And for the heavier woman, an upsweep with winged rolls on the side, gives a clean, sophisticated look which slenderizes the neck and figure.

Fellowship Slates Methodist Meet

Cargo Bin-Bits

TROPICAL BUYERS FISHING FOR SPEED—Delicate tropical fish originating in Hawaii are arriving in New York healthy and frisky after shipment by Northwest Airlines from Seattle along NWA's fast, short northern transcontinental route. Packed in special boxes the fish hardly know they've left home before they join their new owners.

PUBLIC BELIEVES IN AIR CARGO, QUERY INDICATES—The shipping public has been well sold on the ability of air cargo to handle shipments of any kind or size, an inquiry to Northwest Airlines cargo officials in Seattle indicates. The question, from a San Francisco concern, concerned possibility of shipping a ship's tail shaft from Seattle to Tokyo by NWA air cargo. Weight of the shaft; 21,000 pounds. Measurements; 10 1/2 inches by 23 feet.

MANUFACTURER USES AIR CARGO FOR FAST ACTION—A New York brick manufacturer was toying with the idea of setting up a branch plant in Japan. Only question in his mind: was Japanese sand suitable for brick-making? So Northwest Airlines carried a carefully wrapped 25 pound box of ordinary river sand all the way from the Orient to permit the manufacturer to analyze the sand, have facts as a basis for his decision.

MORE ORIENT FLOWERS TO GET IN SEATTLE ACT—The University of Nanking will join Japanese flower specialists in competition for honors at Seattle's famous Chrysanthemum Show, October 30-31, and like the Japanese growers will ship their prize blossoms by NWA air cargo—assuring fresh and perfect condition of the Mums when they arrive in Seattle.
