

TRUMAN SHOWS INTEREST IN RIGHTS BILL

WASHINGTON, D. C., Jan. 5.—A member of the White House secretariat this week advised the JACL Anti-Discrimination Committee Washington Office that the president is "sympathetic to and interested in" the bill for Equality in Naturalization and Immigration.

Because of the president's interest, it is considered likely he will again ask approval of the measure when he delivers his civil rights message to the new Congress.

The president urged approval of the bill during the Eightieth Congress.

The White House secretariat informed JACL ADC of the president's position at a meeting between a staff member, Robert M. Cullum, secretary, Committee for Equality in Naturalization, and Mike Masaoka JACL ADC National Legislative Director.

The secretariat pointed out that President's Committee on Civil Rights recommended both a measure for equality in naturalization and an evacuation claims in its 1947 report.

Early in 1948, President Truman recommended to Congress passage of the naturalization and immigration program, as well as evacuation claims. The Evacuation Claims act subsequently approved by the Eightieth Congress was the only phase of President Truman's Civil rights program to be adopted during that session.

Masaoka said the White House is "hopeful the new Congress will pass an act erasing racial discrimination in our naturalization and immigration laws".

Pa. Solon Vows to Present Measure For Equality in Naturalization

WASHINGTON D. C., Jan. 5.—Congressman Francis E. Walter (D., Pa.), said today he would introduce a bill for equality in naturalization and immigration during the next Congress at the request of the JACL Anti-Discrimination Committee.

As ranking member of the House Judiciary Committee in the Eighty-first Congress, Rep. Walter will occupy a position of significant importance in matters pertaining to immigration and naturalization.

Mike Masaoka, national JACL ADC legislative director, said Rep. Walter's support "should prove to be a major factor in the reception of the equality in naturalization and immigration bill during the next Congress."

"Congressman Walter," he pointed out, "is one of the best friends that Americans of Japanese ancestry have had in Congress."

"It was Rep. Walter who actively supported the Evacuation Claims act in both the Seventy-ninth and Eightieth Congresses." "He also introduced the amendment to the Soldier Brides Act which permitted native Japanese brides of U.S. soldiers to enter the United States, as well as a number of other measures of importance to Japanese Americans," Mr. Masaoka added.

Congressman Walter is the third Representative to announce that he would introduce a bill for equality in naturalization and immigration. Previously, Rep. George P. Miller (D., Calif.), and Rep. Walter H. Judd (R., Minn.), said they also would introduce identical bills.

Having three Congressmen introduce the same bill represents a procedural change compared to the Eightieth Congress when only Rep. Judd introduced the measure. Mr. Masaoka said the policy of having both Democrats and a Republican introduce the bill is "indicative of the bi-partisan support behind the proposed law."

It is expected the Congressmen will introduce the bills within a day or two after Congress convenes.

A native of Easton, Pa., Rep. Walter is a graduate of Georgetown University. From 1928-33 he served as Northampton County Solicitor and was first elected to the Seventy-third Congress. He has been reelected to each succeeding Congress. He is a veteran of both World Wars.

5 Savants Return From Japan Tour

Five distinguished American scientists who have been in Japan the past month reviewing Japanese progress in developing national scientific organizations arrived in Seattle aboard a Northwest Airlines plane from Tokyo recently, in route to their homes.

The group, who visited Sendai, Sapporo, Kyoto, Hiroshima and Tokyo, discussed reorganization of Japan's national scientific bodies with occupation personnel and Japanese scientists. They were all selected for the mission by the National Academy of Sciences.

Included in the group were Dr. Detlev W. Bronk, National Research Council, foreign secretary of the National Academy of Sciences and president-elect of Johns Hopkins University. Bronk was chairman of the mission. Dr. E. C. Stakman, chief of the division of plant pathology and botany at the University of Minnesota and president-elect of the American Association for the Advancement of Sciences.

Others were Dr. Zay Jeffries, vice president of General Electric Company and general manager of its chemical department; Dr. I. I. Rabi, professor of physics at Columbia University, consultant with the Research and Development board and winner of the 1944 Nobel Prize in physics; Dr. R. Adams, head of the department of chemistry at the University of Illinois and chairman of a similar scientific advisory group that visited Japan in 1947.

C. F. R. E. UNIT GOES ON RECORD AS OPPOSED TO DEVELOPMENT OF NEW INTERRACIAL CEMETERY

C.F.R.E. (Christian Friends for Racial Equality) whose offices are in 4144 Arcade Building, Seattle, has gone on record as opposed to the development of a new interracial cemetery in Seattle, it was announced today by Mary Lund of that group.

The CFRE's official statement follows:

"Whereas, there has been recently developed by the Evergreen, Washelli & Pacific Lutheran Cemetery Corporation a new plot granting burial to all people; and

"Whereas, further, since the new cemetery is under the same ownership as the above-mentioned restricted cemeteries, it thus constitutes in essence a segregated plot; and

"Whereas, in view of the recent Supreme Court decision that racial restrictive covenants in real estate property are legally unenforceable, being against the public policy, our organization maintains that the same principle applies to cemeteries and that cemetery owners would not be legally bound by the courts to abide by such unfair agreements in the sale of cemetery lots particularly inasmuch as cemetery owners have been known to set aside these restrictions in "special" cases, without prosecution; and

"Therefore, be it resolved, that the Christian Friends for Racial Equality go on record as not favoring the development of the new Resthaven Cemetery, and that we invite other civic groups to join with us in our opposition."

DAYTON Ohio, Jan. 5.—Meeting recently in the home of Mrs. Shimoda, whose residence is better known as "the co-op" to Japanese Americans in Dayton, a representative group of Nisei met with Tats Kushiida, Midwest regional representative, to discuss possibilities of organizing a JACL chapter in that city. A minimum of 25 members is required to start a new chapter. Kushiida was given assurance that the minimum would easily be met.

When organized, Dayton will be the 8th chapter in the Midwest District Council whose members at present include chapters from Chicago, Cincinnati, Cleveland, Detroit, Milwaukee, St. Louis and Twin Cities.

Have You Any Unwanted Broken Toys? If So, Rush Them to Our Council

Those worn-out toys that are sure to be discarded in favor of the shiny new ones Santa Claus left under the tree can make some little youngster very happy next year even though they are broken now. Save them and call the Jackson St. Council, SE 3073, to have them picked up. They will be taken to Santa Claus' assistant, H. G. Mooney who makes a hobby of repairing broken play things so they look like new.

This program was started by the council late in October this year for the first time and in spite of the short time, almost 30 toys were put in number one condition in time for distribution to children who otherwise have had no gifts. Included in this list, in addition to a large number of small trucks, cars, and other wheel toys, were a tricycle, scooter, pedal car, and a small size bicycle. All of them were in first class condition with shiny paint which made them look like new.

Besides the toys which had been repaired, the WVG Club of the Japanese Baptist Church all on their own initiative purchased and wrapped 20 new gifts for needy children. These presents saved many a child from disappointment on Christmas Day since the supply of the other toys was more limited than had been expected.

"This project is one of the most satisfying things we have done all year," Mrs. Ruth Mascha, executive of the council, said. "The stories of little girls who have never had a doll and children in large families who did not expect to receive a single present this year, are heart-breaking. One little girl, the oldest of 5 children whose mother and father were both ill had a birthday on Christmas also. It was wonderful to be able to see that she got not only a Christmas present but a birthday present as well."

Mooney has asked the council to begin its toy collection immediately for the next Christmas season so that many more children can be made happy next year. He should like to keep a supply of broken toys on hand all through the next 12 months. This will only be possible if everyone remembers to call the council when he has broken play things that he is ready to discard.

Labor Statesmanship

By GEORGE S. BENSON
President of Harding College
Searcy, Arkansas

Looking Ahead

ONE BRANCH of America's organized labor, the Congress of Industrial Organizations, has made a move that puts it in the same class with great statesmen. You might not expect these large groups, organized for wage bargaining with industry, to enter the field of international relations. Yet the CIO, meeting recently in its yearly convention, did much to strengthen the hand of our government for the growing struggle in Europe.

When Phil Murray raged forth against the Communists who had managed to get in under the CIO banner, he was not simply delivering a private opinion. Mr. Murray, himself a stalwart statesman within labor's councils, knew he was speaking with labor's whole voice. His strong condemnation of Communist infiltration in American labor brought cheers and amens from almost all the nation's wage earners.

Against SAID MR. MUR- the Enemy RAY: "I'm not going to protect small cliques of men whose interests are promoted and propagated by the Daily Worker and the Communist party." As if in answer, the CIO gave its leaders the power to clean out those few leftists who give "slavish adherence" to Communist dictates.

For years, Communist Russia has worked for undercover power in all countries. Also, it has been the Russian policy to stir up trouble between labor and management, wherever and whenever this could be done. Along with this, the drums of propaganda pound out the command to "revolt." There are aroused strong class feelings and hates that

cloud up the issues. Nobody then, is able to think things out around the conference table. Organized labor is dead, whenever Communism gets hold.

Labor is THE CIO has deliv- No Tool ered an ultimatum to Russia. The CIO has let it be known that America is doing all right without any "dictatorship of the proletariat." It has served notice that American labor will not permit itself to be used as a tool to accomplish Russian conquest of the world. It has said to the Communist party: You can't camp here while waiting for the revolution and turmoil that you hope will give you a chance to take over!

My thanks to Mr. Murray and the CIO convention! All of us know that Communism can bring nothing but ill to this troubled world, that so much needs peace. We know that our own American way is already delivering the goods to an extent that puts to shame all the Communistic promises, false as they are. When you think of it, it is amazing that any American would be a part in any scheme or plot to force upon us a way of life that adds up to nothing but slavery.

I have confidence that the American people will not be fooled by anything the Communist propaganda mill can turn out. When we recognize the fruits of American enterprise that we enjoy, amidst all the freedoms and liberties that are ours daily, a man would seem like an utter fool to think of changing our system for something else. I am thankful that our labor unions are awake to their responsibilities along these lines. They must keep eternal watch!

HERO of the Month

AS SELECTED BY THE D.A.V.

A veteran who is partially paralyzed—a paraplegic—has more than his share of obstacles to overcome in order to regain even a limited use of hands, arms or legs.

But Bert Kopperl, 31 year old World War II veteran of Sherman Oaks, California, has overcome most of these obstacles, and is today one of the nation's few wheel-chair professional photographers.

BERT KOPPERL

And because of his outstanding achievement, Kopperl has been selected as the "Hero of the Month" by the Disabled American Veterans.

The selection is part of a national program to honor each month a seriously disabled veteran who has successfully rehabilitated himself.

Kopperl built a successful career in Hollywood where photographic competition is keen. In less than two years after being discharged from a veterans hospital, although rated totally disabled, he has become one of the film colony's best known portrait photographers. Spencer Tracy, Cary Grant, Rita

Hayworth, Ida Lupino, Cornel Wilde, Alan Ladd, Humphrey Bogart, Gregory Peck and Clark Gable are satisfied customers.

Before the war Kopperl was just another Los Angeles photographer. He closed his business and enlisted in the Army in 1942 as a private. The Army didn't capitalize on his experience but made him an anti-aircraft artilleryman assigned to the thick of battle in the South Pacific. Kopperl went up fast in rank, wearing the bars of a Captain.

On Luzon in the Philippines in 1945 he was stricken with infantile paralysis. The next two years were spent in hospitals and Kopperl returned home semi-paralyzed and confined to a wheel-chair.

But Kopperl made up his mind that, somehow, he would learn to develop new photographic techniques, despite his disability. He found encouragement from his buddies who were members of the Birmingham Hospital Chapter, Disabled American Veterans.

Today, with a gadget holding his camera rigidly to the wheel-chair, leaving both hands free to take pictures, and with about one-third normal movement in his arms, Bert Kopperl has a full day's schedule of business. He wheels himself in and out of Hollywood star's homes and even found time to take a 25,000 mile cruise around the world on a freighter.

Youth Will Shine in '49

This year—1949—should bring forth a bundle of joy in youth to the sports world.

The younger crop of athletes who should shine:

BASKETBALL

Ray Otani—Give this smoothie a couple of more seasons and he'll give us the type of basketball which we spectators love to watch.

Frank Hori—Coming from a family with an impressive line of athletes, Frank has not failed to live up to expectations as he is the sparkplug of the White River outfit.

Art Yoshioka—Without exception, Art is a desirable comer. His floor work, ball handling and backboard skill make Mercury always a dangerous aggregation.

Gaylord Iwasaki—Third member of the Mercury five to land on our list, Gaylord is the most spectacular among the three.

BOWLING

Roy Kawaguchi—As anchor man for Richard's Jewelry in the City Merchants league, he is a steady number.

George Naito—A football hero turned bowler is George. His determination and his knack of picking up pointers will, in time, boost his kegling average before long for Hattori's.

BASEBALL

Blotz Suyama—Mercury's hard-slugging infielder, Blotz is growing physically and mentally. Shortly, he should surpass the all-star heights reached by his brother, Shoichi.

Kay Saito—Kay's single fault is his tendency to rear back with his mighty bat just before he swings at the ball.

GOLF

Kuni Nakamura—Kuni will be right in the money with the "A" flighters. He is improving rapidly, and what holds him back, as is the case of all youngsters, is experience.

Double Dribble on All-Oriental Cage Tourney

Why Johnny Oshida of the Berkeley Nisseis didn't make first string on the all-star team, is bothering many fans . . . and how about Frank Chin and Percy Chu of St. Mary Saints earning only "honorable mention"?

AUTO DEALER WINS WATCH IN CONTEST

Taro Takizaki of 2752 Main St., Seattle, was first place winner in the fans' tournament all-star selection contest held in the second annual All-Oriental basketball tournament here, it was announced today by Dick Setsuda of the Nisei Veterans Committee.

Takizaki was one of six who turned in identical all-star teams, but his predictions on the third quarter and final scores of the championship game between St. Mary's Saints and Berkeley Nisseis were the closest.

Second prize, which was a table model radio donated by Jim Takizaki of Jim's Used Cars & Superior Used Cars, went to H. Nakagawa of 7432 So. 131st, Seattle.

Three other entries had the same all-star selections and positions but failed to fill in score predictions, thus eliminating themselves from prize consideration.

Takizaki, who earned first prize, predicted the final period score—Berkeley 45, Saints 49 on the nose on another entry form but his all-star selections did not correspond with the official team.

Two girls missed the right final count by one point. They were Chiyo Sakai—Berkeley 45, Saints 48 and Kimi Fujinoto of Tacoma—Berkeley 45, Saints 50.

How weak a thing is gentility, if it wants virtue!—Fuller.

Nisei from 'Oklahoma' City Earns Nod in Grappling Match Here

The agile "Oklahoman" displayed the usual offensive punch—the flying tackles, the head scissors and the wrist locks.

Pantoleon Manlapig, billed as the Philippine champion, used his version of the sleeper hold to flatten Rufus Jones, a Negro "hard head" from Boston, Mass.

In the special feature match Monday night in Eagles auditorium, was Sugy Hayamaka a 189-pounder from Oklahoma City—so it read on the program.

Hayamaka, who strangely resembles Don Sugal, former Salem, Ore., Nisei football star, defeated Jack Kiser, 187, of Portland, Ore., with a Japanese sleeper hold after the two had mauled each other around the mat for some twenty minutes.

Once, two emotionally-upset women marched close to ringside to accuse Mister Jones of "unsportsmanlike play."

And so it goes . . . the rassin' game hasn't changed a bit since evacuation days.

CHICAGO, Ill., Jan. 5—The translator and interpreter service of GHQ, Far East Command, represented by Thomas L. Rowe, is desirous of locating and examining as many Japanese linguists as possible to establish a list of qualified translators to fill vacancies as they occur in the T.I.S., reported the Midwest Regional office recently. with annual salaries between \$2,900 and \$3,700, plus allowances. Applicants must sign for 2-year contracts. When appointed, the translator will be employed in old NYK Building opposite the Imperial Palace in the Marunouchi district in Tokyo, according to Rowe. Dependents may not accompany the appointee.

Applicants should fill out Standard Form 57, directing it to the Overseas Affairs Branch, Room 149, Office of the Secretary of the Army, 1660 East Hyde Park Blvd., Chicago 15, attention Mrs. Jean C. Nelson. Examinations in Chicago will be administered by Jack Yasutake of the Chicago Resettlers Committee.

When you choose something to give to a friend or a neighbor for any occasion, make it something that will bring everlasting pleasure. Such a gift is an attractive basket placed with a variety of cheese spreads.

Choose some fruit flavored, some smoky, some with a tangy flavor, and some with pickle relish. The spreads will be welcomed for use in tasty sandwiches, salads and salad dressing, and as snacks. The glasses will be an attractive addition to the family's tableware, and the basket can have dozens of uses.

Intelligence is a luxury, sometimes useless, sometimes fatal. It is a torch of firebrand according to the use one makes of it.—Caballero.

CANDLELIGHT CEREMONY
PORTLAND, Oreg., Jan. 5—Before a candle-lit altar banked with pale yellow chrysanthemums and potted palms, Miss Helen Shizue Tsugawa became the bride of Mr. Michael Mineo Fujishin, eldest son of Mr. and Mrs. M. Fujishin of Caldwell, Idaho, on Dec. 27 in the Highland Congregational Church. Dr. Robert James Allen officiated at the double-ring, candlelight ceremony.

The bride, given in marriage by her brother, Mr. Henry T. Tsugawa, wore a white duchess satin gown with a full court train inset with two rows of imported Brussels lace. Her full illusion finger-tip veil fell from a sweetheart Mary Stuart cap. She carried a bouquet of white Ophelia rose buds and white carnations centered with a white orchid. A single strand of Mikimoto pearls was the bride's only accessory.

Miss Pollie Minamoto, maid of honor, wore an aqua satin tafetta off-the-shoulder gown complimented by a Rose-point, hand crocheted lace bustle and matching mitts. Her headband was of small white chrysanthemums and she carried a cascade bouquet of Talsman rose buds.

The bridesmaids, Miss Aya Iwasaki and Miss Helen Fujishin, the bridegroom's sister, wore similar off-the-shoulder satin tafetta gowns in pale yellow and pale lavender with matching mitts respectively. They wore headbands of small white chrysanthemums and carried cascade bouquets of pink rose buds.

The flower girls, little Patsy and Linda Ogura, nieces of the bride, wore Peter Pan collared frocks of white net over pale pink satin tafetta with matching headbands of pale pink ribbon trimmed with white net tied into single bows on either side of the head. They carried nosegays of yellow chrysanthemums centered with a pink carnation.

Best men were Mr. Atsushi "Toots" Shintani, of Boise Idaho, and the ushers were Messrs. Tio Kiyokawa and Ikey Tsugawa, brother of the bride. Mrs. Mary Evelyn Speakman sang "Because" and "Oh Promise Me" accompanied on the organ by Mrs. Arthur T. Dungan. Assisting at the reception in the

church parlor were Mrs. Ikey Tsugawa, sister-in-law of the bride; Mrs. Tom Ogura of Vale, Oreg., sister of the bride; Mrs. Henry Tsugawa, sister-in-law of the bride; and Miss Julia Tateishi. Miss Dorothy Iwasaki presided over the guest book.

The newlyweds left immediately after the reception for a trip to California. They will be at home in Caldwell, Idaho. For the trip, the bride wore a softly fitted beige suit with palomino brown accessories and a white orchid.
