MEXICANS SEEK BRISK TRADING WITH JAPANESE

MEXICO CITY, July 25—Mexico is including Japan in her post-war plans for expanded world trade, but economists say exchange between the two will be less than pre-war for many years.

Even discounting Japan's ravaged industrial plants and her shortages, they predict Mexico's own industrial development will need many raw materials formerly available for many years.

Home production of simple consumer goods also should go far for the kinds of machine-made goods toward stimulating the demand goods the island empire formerly shipped here.

Moreover, authorities have promised tariff protection for the budding industries encouraged by President Aleman's administration in its six-year plan to remake Mexico, preventing foreigners from underselling native products.

Mexico's trade with Japan in the best years never passed 2 per cent of the total value of her foreign trade. In 1936, one of Japan's biggest trade years with Latin America and her peak with Mexico, she took \$5,132,000 worth of Mexican products, 24 per cent of total Mexican exports of that year. Mexicans bought 2,033,000 worth of Japanese goods, 16 per cent of total imports.

Exports to Japan in 1936 were 61 per cent cotton, 28 per cent zinc and 10 per cent refined lead, or 99 per cent of export value according to government statistics.

By 1939 cotton had dropped to 9 per cent, zinc was 57 per cent and lead 22 per cent, the three items again representing 83 per cent of total exports to Japan.

The trend of imports was steadier, showing increase from \$207,000 in 1932 to a peak of \$2,938,000 in 1937, and then declining to \$1,452,000 in 1939.

They were led by rayon, silk paper and paper products, and included a huge selection of cheap manufactures from games, toys, rubber items and ornaments to simple tools, hardware, watches, cameras, light bulbs and electrical goods.

The Mexican foreign office first hinted interest in renewed commercial relations with Japan in announcing that the U. S. government had relaxed restrictions on direct correspondence with Japanese businessmen. Mexicans may now write to the island for information, but may not yet close deals.

VFW Measure Urges Naturalization Of Japanese 'Gold Star' Parents

The Veterans of Foreign Wars has introduced legislation to authorize naturalization of Japanese "Gold Star" mothers and fathers, Robert A. Yothers, State Senior Vice Comdr. of the V. F. W., announced today.

Chances for passage of this legislation, H. R. 3555, have been greatly increased by the favorable report of the House Immigration Sub-Committee, Yothers said.

Originating as a personal recommendation two years ago in V. F. W. Post No. 8 of Los Angeles, Calif., the resolution was drafted into a bill by the Legislative Section of the Veterans of Foreign Wars and presented to the first session of the 80th Congress for early consideration.

The Immigration Sub-Committee has amended the V. F. W. bill to include all alien "Gold Star" parents who would otherwise be ineligible for American Citizenship, Commander Yothers said.

"More than 1,200 Japanese 'Gold Star' parents and an undetermined number of other foreign nationals will qualify for American citizenship, if the V. F. W. legislation is enacted," Yothers concluded.

STRESS HOTEL CONVENIENCE IN PARLEY BID

Seattle's bid to hold the Japanese peace conference was pressed further today when a large batch of data, supplementing Mayor William F. Devin's official invitation, was sent to Washington, D. C.

Prepared by the tourist and convention department of the Seattle Chamber of Commerce, and directed to Dr. Walter Kelchner, chief of the State Department Division of International Conferences, the material reports on accommodations available in 34 hotels.

It lists as available for meeting places the Metropolitan Theatre, 11 Olympic Hotel assembly rooms with capacities ranging from 30 to 700 persons, the Civic auditorium with a maximum capacity of 7,000, and 15 rooms at the Field Artillery Armory with capacities ranging from 50 to 300 persons.

The report says there is every reason to believe that the Seattle Transit System would provide special bus service between downtown hotels and the Civic Auditorium and Armory, if desired.

The report also discusses in detail the handling of last year's International Labor Organization Conference, when hotel problems were more difficult than at present.

Recently, she accepted an invitation to become a member of the New York City staff of the World Council of Churches and will take her post on Sept. 1.

Japan 'Advances' Toward U.S.

TOKYO, July 25—The Japanese mainland is "advancing toward America" as much as six feet a year in some places, the newspaper Yomiuri reported today.

While the west coast of the main island has been retreating under the assault of the Japan Sea with many acres a year becoming submerged, the coasts on the Pacific side are gaining in land area, Yomiuri said.

Local residents claim approximately 700 acres under water a few years ago are now being cultivated.

war, she was active in Portland Christian youth councils and also was a member of the Girl Reserve department staff in the YWCA.

After spending about half a year in Minidoka relocation center in Idaho, she left for Boston on Oct., 1942, to work in the Congressional national headquarters.

Seattle Progressive Citizens League's Anti-Discrimination Committee this week received a telegram from the national JACL-ADC in Washington, D. C., stating that H. R. 3999, the evacuation claims bill, was passed by the House of Representatives without a single dissenting vote last Wednesday. H. R. 3999 is now in the Senate.

This measure passed the Senate last year, but was defeated by one vote in the House, according to George Minato, local JACL chapter president and one of ADC members here.

Besides Minato, others on the Seattle ADC are Frank Miyamoto, temporary chairman, and Rev. E. Andrews, temporary treasurer.

H. R. 3999 grants the Attorney General authority to adjudicate claims for losses arising out of the evacuation of persons of Japanese ancestry, American citizens as well as nationals, from coastal areas by military order soon after the outbreak of the war.

Call for End of Race Curb in Nationality Act

WASHINGTON, D. C., July 25—In a move to eliminate race restrictions from the Nationality Act and to provide for the naturalization of persons legally in the United States, Senators James Howard McGrath and Theodore Francis Green, both of Rhode Island, have introduced a bill, S. 1655, into the United States Senate, the Washington office of the JACL Anti-Discrimination Committee disclosed today.

The bill would amend Section 303 of the Nationality Act of 1940 to read as follows:

"The right to become a naturalized citizen under the provisions of this chapter shall not be denied or abridged because of race."

Introduced jointly by the Rhode Island senators, both Democrats, the naturalization bill is supported by the National Committee for Equality in Naturalization, with which the JACL Anti-Discrimination Committee has been cooperating closely, according to the Washington office.

The bill is based on drafts submitted by the ADC in conjunction with Edward J. Ennis, acting chairman of the National Committee for Equality in Naturalization, it was reported.

Now a New York attorney, Ennis formerly served as wartime director of the Enemy Alien Control unit of the Justice department.

He disclosed that a companion naturalization bill will be introduced in the House of Representatives before adjournment, the ADC office reported.

Commenting on S. 1655, Mike Masaoka, national ADC legislative director, declared: "This is the major naturalization bill advocated by the JACL Anti-Discrimination Committee."

"Under the provisions of S. 1655, all persons of Japanese ancestry, now ineligible because of race, would be given the right to become naturalized citizens of the United States, providing they can meet other provisions of citizenship."

zanship. "More extreme in scope than H. R. 3555 (the bill now pending in the Senate to provide for naturalization privileges for parents of Gold Star and Purple Heart veterans), the new Senate naturalization bill would open the way for all our parents to become citizens."

"If passed, S. 1655 will represent the attainment of one of the major goals set forth by the Anti-Discrimination Committee."

The joint sponsors of the Senate bill are both former governors of Rhode Island, according to Congressional records.

Local Resolves to Stabilize Gardeners' Pay in Area

In an effort to stabilize wages and working conditions of gardeners in this area, Local 302-D which has membership consisting of Caucasian, Filipino and Japanese gardeners passed the following resolution at its last meeting held in its hall at 1035 Jackson Street:

WHEREAS, it has become increasingly evident that the entrance of new gardening outfits has increased competition; and

WHEREAS, this competition has tended to lower price in order to keep customers; and

WHEREAS, this lowering of prices has worked to the detriment of those who had established a fair standard scale; and

WHEREAS, because of this condition we foresee the contracting of the coming season's work will start with a lower quotation than that which has been prevailing this past season; and

WHEREAS, a lowering of prices will force a downward scaling of employees' wages contrary to the present general trend of high wages in other industries; and

All gardeners are invited to participate in a Local 302-D meeting slated for 8 p.m., Monday, August 4, at 1035 Jackson Street.

A policy committee will be elected from the employer group to map out a program for stabilizing the gardening business, it was announced. The employers also will set the date new conditions will go into effect.

For a fair representation in the policy committee, all groups—Caucasian, Filipino and Japanese—are urged to attend the meeting.

WHEREAS, this trend to lower prices and wages in the gardening industry is detrimental and reflects upon this industry the stigma of breaking and tearing down our American standard of living; and

WHEREAS, all attending gardeners shall affix their signatures to an agreement stabilizing wages

Senator McGrath, 44, was elected governor in 1940 and resigned in 1945 to become Solicitor General of the United States. He resigned from this position one year later to accept the nomination for senator and was elected in 1946.

Senator Green, 79, is the senior senator from Rhode Island, having served since 1936. He was elected governor of his state for two terms prior to his election to the Senate. A graduate of Brown university and Harvard Law school, Senator Green is a member of Phi Beta Kappa.

Hydroponic Farm Is 50 Acres

TOKYO, July 25—The Eighth Army's hydroponic farm of about 50 acres near Tokyo is one of the largest—if not the largest—in the world. It has the largest greenhouse—five acres under a single roof—in the world.

The farm is at present still in the experimental stage and production costs are high. Experts in the field feel that hydroponic farming on a nation-wide basis is as yet not feasible.

Among the products raised at this special farm are lettuce, corn, cucumbers, peppers, onions and radishes.

It is hoped that the crops developed on the farm will be sufficient to supply Allied personnel with fresh vegetable rations every other day.

Editorial

Every Japanese American and his parents will with keen interest that the House of Representatives has passed H. R. 3999. This measure, known as the evacuation claims bill, would grant to the Attorney General authority to adjudicate claims for losses arising out of the mass evacuation of Japanese Americans and their parents from the West Coast as a "military necessity" shortly after the outbreak of World War II.

The final action awaits only Senate consideration, and that body's approval is sure to come.

The Congress of the United States cannot do otherwise if they are to state honestly and sincerely that American principles stand for fairness and justice to all.

But persons of Japanese ancestry, Americans and nationals who were whisked into relocation centers, should remember that although the bill states plainly that they will be paid off accordingly, they must, in reporting their claims, have concrete evidence of their losses.

And that brings us to these pertinent questions:

How many of us will go through tiresome boring court sessions to retrieve our losses?

How many of us have recorded on paper the actual losses incurred during the evacuation period?

A close scrutiny of H. R. 3999 which is printed in full elsewhere on this page gives us very little hope for any monetary returns.

Instead of doing any more wishful thinking, we believe it would be better for our soul if we started life anew.

Weigh Your Evacuation Claims Bill, H. R. 3999

(Editor's note: To refresh the memory of Americans of Japanese ancestry who should be very much interested in the Evacuation Claims Bill, H. R. 3999, The Northwest Times today reprints it in full as it was passed by the House last Wednesday. The measure is now in the Senate.)

H. R. 3999 IN THE HOUSE OF REPRESENTATIVES

Mr. Michener (by request) introduced the following bill, which was referred to the Committee on the Judiciary:

A BILL

To authorize the Attorney General to adjudicate certain claims resulting from evacuations of certain persons of Japanese ancestry under military orders.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

That the Attorney General shall have jurisdiction to adjudicate any claim by a person of Japanese ancestry against the United States arising on or after December 7, 1941, when such claim is not compensated for by insurance or otherwise and is substantiated in such manner as the Attorney General may prescribe, for damage to or loss of real or personal property (including without limitation damage to or loss of personal property held to or in the custody of the Government or any agent thereof, that is a reasonable and natural consequence of the evacuation or exclusion of such person by the appropriate military commander from a military area in Arizona, California, Oregon, or Washington; or from the Territory of Alaska, or the Territory of Hawaii, under authority of Executive Order Numbered 9066, dated February 19, 1942 (3 CFR Cum. Supp., 1092), section 67 of the Act

of April 30, 1900 (48 U. S. C. 532), or Executive Order Numbered 9489 dated October 18, 1944 (3 CFR, 1944 Supp., 45). As used herein "evacuation" shall include voluntary departure from a military area prior to but in anticipation of an order of exclusion therefrom. Existence or intervention of other causes affecting the damage or loss, including action or non-action by the claimant or his representatives, shall be considered by the Attorney General in determining the amount of relief that will be fair and equitable according to the facts as they appear in each case.

LIMITATION: CLAIMS NOT TO BE CONSIDERED

SEC. 2. (a) The Attorney General shall receive claims for a period of eighteen months from the date of enactment of this Act. All claims not presented within that time shall be forever barred.

(b) The Attorney General shall not consider any claim—

(1) by or on behalf of any person who after December 7, 1947, was voluntarily or involuntarily deported from the United States to Japan or who is otherwise resident in a foreign country;

(2) for damage or loss arising out of action taken by any Federal agency pursuant to sections 4067, 4068, 4069, and 4070 (relating to alien enemies) of the Revised Statutes, as amended (50 U. S. C. 21-24), or pursuant to the Trading With the Enemy Act, as amended (50 U. S. C. App., and Supp., 1-31, 616);

(3) for damage or loss to any property or interest therein, vested in the United States pursuant to said Trading With the Enemy Act, as amended; and

(4) for damage or loss on account of death or personal injury, personal inconvenience, physical hardship, or mental suffering.

HEARINGS: EVIDENCE: RECORDS

SEC. 3. (a) The Attorney General shall give reasonable notice to the interested parties and an opportunity for them to be heard and to present evidence before making a final determination upon any claim.

(b) Any relevant evidence having probative value shall be considered by the Attorney General in his inquiries. For the purpose of any hearing or investigation authorized under this Act, the provisions of section 9 and 10 (relating to examination of documentary evidence, attendance of witnesses, and production of books, papers, and documents) of the Federal Trade Commission Act of September 26, 1914, as amended (15 U. S. C. 49, 50), are hereby made applicable to the jurisdiction, powers, and duties of the Attorney General. Any person appointed to examine witnesses may be authorized by the Attorney General to issue subpoenas to procure attendance of witnesses or production of documents, and to appoint an officer to serve the same. Subpoenas may be served personally, by registered mail, by telegraph, or by leaving a copy thereof at the residence or principal place of business of the person required to be served. A verified return by the individual so serving the same, setting forth the manner of service, shall be proof of service, as shall be the return receipt or telegraph receipt when

(c) A written record shall be kept of all hearings and proceedings under this Act and shall be open to public inspection.

ADJUDICATIONS: PAYMENT OF AWARDS: EFFECT OF ADJUDICATIONS

SEC. 4. (a) The Attorney General shall dispose of all claims filed under this Act by award or order of dismissal, as the case may be, upon written findings of fact and reasons for the decision. A copy of each such adjudication shall be mailed to the claimant or his attorney.

(b) The Attorney General may make payment of any award not exceeding \$2,500 in amount out of such funds as may be made available for this purpose by Congress.

(c) On the first day of each regular session of Congress the Attorney General shall transmit to Congress a full and complete statement of all adjudications rendered under this Act during the previous year, stating the name of each claimant, the amount claimed, the amount awarded, the amount paid, and a brief synopsis of the facts in the case. All awards not paid under subsection (b) hereof shall be paid in like manner as are final judgments of the Court of Claims.

(d) The payment of award shall be final and conclusive for all purposes, notwithstanding any other provision of law to the contrary, and shall be a full discharge of

the United States and all of its officers, servants, and employees with respect to all claims arising out of the same subject matter. An order of dismissal against a claimant, unless set aside by the Attorney General, shall thereafter bar any further claim against the United States or any officer, agent, servant, or employee thereof arising out of the same subject matter.

Yonamine Hits Mainland Via Plane To Practice with Pro Forty-Niners

SAN FRANCISCO, Calif., July 25—(Nichi Bei Times Dispatch)—Wally Yonamine, Honolulu Nisei halfback star, arrived in San Francisco Monday by air from the Islands and immediately left for Menlo Park where the S. E. Forty-Niners pro gridder was holding their initial practice session of the 1947 season at the Menlo J. C. field.

Yonamine was accompanied by Henry Hosea, another Hawaiian, who is a center candidate. The Nisei gridder has been given a big buildup and is expected to be one of the key improvements in the local team designed to bring the league championship to the Forty-Niners.

"Just as good as Wedemeyer," is the way Dan McGuire, former Bay area sports writer, now in Honolulu and who saw them both, describes Yonamine. "I'll endorse him and stand by it. He can't miss."

Reading and conversation may furnish us with many ideas of men and things, yet it is our own meditation that must form our judgment.—Watts.

McGuire is not alone in his high estimate of Yonamine, a sturdy right halfback of 175 pounds on a compact chassis, who punts and passes left-handed.

Jimmy Bradshaw of Fresno saw him in Hawaii and came home singing the lad's praises, according to Will Connolly, local sports writer.

Yonamine played with the Honolulu All-Stars against Portland university up north last year and Bobby Grayson, ex-Stanford fullback who is now a radio sports broadcaster, took time out from his radio job to exhort his chum Lawrence "Buck" Shaw, Forty-Niners' coach, to acquire Yonamine right away quick.

WILDER, Idaho, July 25—Boise Valley A. C. Nisei defeated Kuna, 4-2, to win the first-half championship in their section of the Intermountain Baseball League last Sunday.

ASHURAS PLAY TRAVELERS IN RAINIER GAME

Two crucial games in the Northwest Times Baseball League are scheduled for this Sunday, as the pace-setting Lotus M's and Travelers streak down the home stretch in the final pennant chase.

The M's, Lotus' pride and joy, still run into some stiff competition when they tangle with the hard-hitting Eastern Fuel nine from 10 a.m. at Garfield No. 2 field.

In all probability, the M's will have Richard Tsuji, their diamond whiz kid, on the mound. Eastern Fuel, tutored by Tommy Sakai, is expected to use either George Fujimoto, the lazy-loss veteran, or George Iwasaki, the speedballer.

A brief look at the two teams gives the M's the edge on pitching and Eastern Fuel a comfortable margin at the plate.

Mako Yanagimachi's Travelers will try to avenge an early season defeat when they meet the hot and cold Lotus Ashuras from 10 a.m. at Rainier No. 2 ground. Hurling duties for the Travelers will rest on Southpaw Pancho Nakashima or Righthander Saibo Fujii. The Ashuras will depend on Noboru Shimizu who twirled the first-round game against the Travelers and beat them, 9 to 8.

In the other Northwest Times League tilt, the South End Merchants, who still are a definite threat in the title picture, will entertain Valley from 12 noon at South Park. Coach-player Yoshito Mizuta may start himself or Isamu Aoki against the Valley men. Valley of course, will have Joe Asahara on the hillcock.

A man of meditation is happy, not for an hour or a day, but quite round the circle of all his years.—Issac Taylor.
