### NW JACL Council To Meet Nov. 14-15

#### Shimomura Named To Head UW Alumni Again

Eddie Shimomura was retained as president of the Japanese Alumni Association of the University of Washington when the group held its Homecoming Banquet in conjunction with the Japanese Students Club's annual Homecoming Dance in the Rainier Golf & Country Club last Friday night.

Other officers elected to serve on the cabinet for the coming term are Stan Karikomi, vice president; Mrs. Nobu Suzuki, recording secretary; Mrs. Lily Fujii, corresponding secretary; Ed Natori, treasurer; and Min Masuda, historian.

Board members are William Minbu, Professors Frank Miyamoto and Henry Tatum, Toru Sakahara.

#### A. F. of L. Chief Reaffirms Union Race Policy

SAN FRANCISCO, Calif., Oct. 28.—William Green, president of American Federation of Labor, reaffirmed the stand of the national AFL non-discrimination policy in his letter to Joe Grant Masaka, regional representative of the Japanese American Citizens League.

The letter was in reply to Masaka's protests that there were certain instances of AFL union local discrimination of Nisei workers on racial grounds. The letter follows:

"I acknowledge receipt of your letter dated October 9th. Please accept my thanks for the greetings which you extended to the officers and delegates in attendance at the convention of the American Federation of Labor."

"Be assured that this convention will declare in very positive terms its opposition to racial discrimination of any kind whatsoever. Conventions of the American Federation of Labor which were previously held all declared in positive terms their opposition to discrimination because of race, creed or color."

"That definite position of the

#### DATES MOVED - AS MASAOKA EYES DC TRIP

The Northwest District Council of the Japanese American Citizens League will meet on Friday, Nov. 14, and Saturday, Nov. 15, instead of on Nov. 22 and Nov. 23 as previously announced because Mike Masaoka national legislative director of the JACL Anti-Discrimination Committee, has changed his plans. It was learned today by THE NORTHWEST TIMES from Co-chairman Alice Kawanishi.

Miss Kawanishi received from Masao Satow, acting executive secretary of the national JACL, last Saturday morning a telegram which explained that Masaoka must attend a special session of Congress in Washington, D. C., on Sunday, Nov. 16.

Masaoka plans to fly to the nation's capital immediately after he meets with Northwest District officers and delegates in Seattle. He will visit Portland on Thursday, Nov. 13, before coming here, it was understood.

Due to lack of time, the gathering in Seattle probably will consist only of several meetings, social and installation of officers, indicated Co-chairman Alice Kawanishi and Takako Yoda.

Council officers who will be installed are: Charles Shimomura of Portland, chairman; George Minato of Seattle, vice chairman; Jack Koyama of Spokane, treasurer; and Mits Takasumi of Mid-Columbia, historian.

#### Central Cal. YBA To Meet Nov. 9

FRESNO, Calif., Oct. 28.—The annual Central California Young Buddhists Association's fall conference will be held Sunday, Nov. 9, in Fresno. Co-chairmen for the affair will be Fred Nishida of Reedley and Willy Suda of Fresno.

American Federation of Labor will be rededicated and reaffirmed at this convention."

### ACHESON HITS CAL. LAND LAW AS 'UNEQUAL'

WASHINGTON, D. C., Oct. 28.—Former Undersecretary of State Dean Acheson last week said California's alien land law patently denies Japanese American children the "equal protection" enjoyed by other native American children.

Acheson appeared before the U. S. Supreme court on behalf of Kajiro Oyama, a Japanese alien resident, and his American-born son, Fred, who had been ordered to surrender two tracts of land in San Diego county to the State.

The State law forbids any alien not eligible for American citizenship to own land. The elder Oyama in 1934, when the boy was 7, paid for the land and gave the deed to the son as a gift.

The State brought action in 1944 to seize the land, charging Oyama with evading the law. It said the land was intended for the father's use and that the transfer of title to the son, who was a citizen, was a subterfuge.

"Were it not for this law," Acheson said, "the State would insist that the title was in the boy and it would protect it for him until he was 21."

"But in Fred's case, the law not only didn't protect him—the State actually took the land from him."

"This could not happen to any other boy in California, except Fred or some other Japanese. In the case of all others, the law says exactly the opposite."

#### Japan to Export Masamune Sake

HONOLULU, Hawaii, Oct. 28.—Three thousand Japanese cembrellas from Hiroshima and 26,000 gallons of the famous Kiku-Masamune and Sakura-Masamune brands of sake from Nada, Japan, will be among the first Japanese products to arrive here with the resumption of private trade relations between the United States and Japan.

Your giving a reason for it will not make it right. You may have a reason why two and two should make five, but they will still make four.—Johnson.

## Japanese Canadian Citizens Back Bill for Fair Employment Practices

TORONTO, Canada, Oct. 28 (New Canadian Dispatch)—The National Japanese Canadian Citizens' Association is supporting the Canadian Jewish Congress in promoting a Fair Employment Practices Legislation for Canada. The resolution on fair employment practices which was passed at the JCCA national conference in the beginning of September has been submitted to the Jewish Congress.

The JCCA resolution states in part:

"Whereas unequal employment opportunity has had a vicious effect upon our communities—leading to inter-racial tension and conflict, causing occupational segregation of minority groups, denying the right of free vocational competition, preventing full development of abilities, and causing a disproportionate distribution of some groups in certain industry and commerce, thus adversely affecting the economic and moral health of the community; and

"Whereas fair employment will gain for us a more efficient utilization of skills, greater productive capacity, increased purchasing power and expanded markets, thus contributing to the well-being of our country—

"Therefore, be it resolved that

### Anti-Tuberculosis League Plans To Eradicate Disease Here

Members of the Anti-Tuberculosis League of King County, gathering for their annual meeting last week in the Roosevelt Hotel here, elected Wayne Dick, director of adult education in the Seattle Public Schools as their new president.

Other new officers chosen by the group are Dr. Donald G. Evans, first vice president; James Hodson, second vice president; Miss Ruth Walker, treasurer; and Dr. F. B. Exner, secretary.

Elected for a three-year term as board members were Morrison Campbell, Miss Grace Ferguson, Dr. Austin Friend, Joseph T. McKnight, William F. Muehe, Dr. Harold E. Nichols and Mrs. B. E. Tompkins.

Theme of the dinner meeting, which drew attendance of 200 persons was the high cost of tuberculosis. TB is a luxury item in dollars and cents for both patient and community, according to George D. Anderson, who presided at the meeting.

"Less people die of TB today, because of the good work of all health and welfare agencies," he said, "but there are still far too many deaths from this disease considering that

it is preventable." Anderson pointed out that the league through its health education, case-finding, rehabilitation, and other essential activities in TB control is dedicated to the goal of eradication of TB.

"Eradication costs money," he said. "But it is money spent that pays high dividends in public health, security and happiness. Money spent on eradication is NOT a luxury."

Unanimously agreeing that with the wholehearted support of the public TB can be wiped out in each community, other speakers at the meeting voiced warm praise of the league's program.

Human reason is like a drunken man on horseback; set it up on one side, and it tumbles over on the other.—Luther.

When we contribute to the Community Chest we are not merely "giving"; we are buying services for ourselves and our neighbors, just as we buy police and fire protection when we pay taxes.

### THIRD GROUP GETS JAPAN TRADE PERMIT

TOKYO, Oct. 28.—The third group of American business firms to which permission was granted by General Douglas MacArthur was announced recently by the Department of Commerce.

The representatives of the companies, which are located in 10 cities in the United States, Hawaii and the Philippines, must enter Japan before October 30 and thereafter. If necessary, they may obtain a two weeks' extension in their stay in Japan.

Among the firms authorized to carry on private trade with Japan were the following Japanese-American firms and their representatives:

San Francisco: Pacific Drygoods Co., by Yukichi Sakai.

Los Angeles: The American National Mercantile Co., by Yoshio Tsuruda; the Mar Canning Co., by Hiroshi Kenneth Sato; the Enbun Co., by Taro Kawai or Sotichi Sugimoto; the Golden Nursery, by Kanichi Yamane; the Los Angeles Mercantile Co., by Jutaro Narumi; the Saji Trading Co., by Yasuo Shimizu; the Shochiku Corporation by George H. Nakaki or Kenneth K. Hirose; and the Taniguchi & Co., by Takezo Taniguchi.

New York City: Yoneo Arai by himself; Vogue Mercantile Co., Inc. and Vogue China and Glass Co., Inc., both by Akira Hayashi.

Chicago: Oriental Trading Co., by Teruo Muroyama.

Denver: Richards Nelson, Ltd. and Rocky Mountain Export Company, both by Noboru Tashiro.

Honolulu: The Beach Center by Kizo Fujikawa; the Izuo Brothers; the Kodomo Variety Store; by Tadashi Hatakenaka and Zenkichi Hatakenaka; the Royal Trading Company, by Fumio Uejima; the Sasaki Bamboo Furniture Store, by Suyeichi Saki; the T. Sumida and Co., the Honolulu Sake Brewery and Ice Company, and the Kyoai Shokwa, Ltd. by Daizo Sumida; and the Sanyodo, by Ralph N. Taki.

### RAIN FORCES CONTINUATION OF CAMPAIGN; JACKSON ST. DISTRICT NEARS \$2,000 MARK

Confident that the Jackson Street Community Council will hit the \$2,000 mark as its "over-the-top" effort after the extended Community Chest drive ends this Friday, Mrs. Ruth Manca, executive secretary of the council, today reported that the council's volunteers collected \$1,989.25 as of late yesterday (Monday). The collections show 240% of its given quota of \$867.

Hampered by the worst two weeks of rain in the last ten years, Community Chest volunteer workers this week decided to stay on the job until every home, office and plant in the city had been covered, and the \$1,587,744 campaign goal reached.

As the campaign passed its scheduled closing date, the campaign leaders revealed that while three-quarters of the goal had been raised, fifty per cent of the people in Seattle and King County have not yet contributed to the community drive.

This week's mopping-up period to enable the campaign volunteers to reach every potential

contributor will be capped by a report meeting on Friday, October 31. "At that time," Irving S. Smith, campaign chairman, stated, "I hope to be able to announce that Seattle and King County have once more gone over the top in this vital community undertaking."

Mayor William F. Devin told the campaign workers: "If we can make the people who are asked to contribute realize that when they give one or two dollars that amount divided by 37 is what they are giving to support one of these agencies for an entire year—they would dig down deeper."

"The people who will really suffer if this campaign does not succeed," Smith pointed out, "are the thousands of people in our community who will be in need of the services provided by the 37 Red Feather agencies throughout 1948. It is not the Community Chest, nor the volunteer Chest campaign workers who will be hurt. The innocent victims of our failure will be children with inadequate recreation opportunities, homeless babies, frightened families, the sick and the aged."

"The campaign workers believe so deeply in this cause that we will

### Beautiful Gals May Sing 'em To Health

TOKYO, Oct. 28.—Under the auspices of Allied headquarters public health and welfare section, the Japanese public will soon be entertained and instructed by a traveling "medicine show" complete with beautiful girls entertaining and movies depicting health lectures.

The addition of a "beautiful singing girl" was suggested during the conference by a representative of Akahata (Communist newspaper) who said he believed "it would take troubles off the minds of irritated people at railway stations" and the suggestion was eagerly adopted by the medical campaigners.

Creation of a three-car health train containing models, pictures, pamphlets and quarters for a staff of four Japanese medical lecturers was announced at a press conference by Col. Crawford F. Sams, chief of the public health section, and Dr. C. M. Wheeler who originated the project.

The train will set forth under Imperial auspices and will be dedicated Nov. 1 at ceremonies to be attended by the Emperor.

The first tour is expected to last until Jan. 16, covering the Kanto area.

### Chicago Slates Far East Revue

CHICAGO, Ill., Oct. 28.—A Japanese parlor dance, a judo exhibition, Korean songs and "Filipiniana," a series of sketches incorporating music, songs and folk dances to portray the history of the Philippines, are but samples of what are being booked by the Chicago Oriental Council for its Far Eastern Revue at 8 p.m. Saturday, Nov. 8, in the Central Masonic Temple, 912 N. La Salle St.

Admission will be \$1.20 including tax.

not cease our efforts until we can say with good conscience that everyone has been provided with an opportunity to share in this campaign.

"If everyone in Seattle and King County searches his soul, decides on what his fair share should be, and gives as generously as possible, we will go over the top."

Neighborhood and County Division leaders urged all those who for some reason had not been contacted by a Chest volunteer by the week's end to mail their contributions to local headquarters in their own community.

### Sebald Sees No World Peace Threat In Rising Economy of Japan

TOKYO, Oct. 28.—Japan's rising economy will be no threat to the peace of the world because the broad basis of her present system is in the hands of the people, according to William J. Sebald newly-appointed chairman of the Allied Council for Japan.

Sebald told the United Press there is a vast difference between Japan's present economic setup and the old Zaitatsu empires which played into the hands of the Japanese militarists.

Basing his judgment on observations in Japan before the war as navy officer and later as a private attorney and in the post-war Japan under occupation, Sebald said the old economic-military threat is gone.

"Today Japan is an oasis of orderliness in the Orient," he said. "With their economy in their own hands, the Japanese people are dis-

playing a willingness to work and are making an effort to pay their own way."

"America always looks to see what the people are doing to help themselves when they are crying for help from the outside. The Japanese certainly have the willingness to work and their government is making an honest effort to get their economy in order," Sebald declared.

He said there has been progress in restoring Japan's economy, but said the problems ahead must not be minimized. However, there is no longer any danger of imminent economic collapse in Japan as "few prophets of despair" predicted.

Sebald stated that MacArthur's actions have done much to inspire the Japanese. He said the supreme commander's insistence on pushing economic reconstruction has been an incentive.

the members of the National Conference of Japanese Canadians go on record as urging the various levels of government to enact fair employment practices legislation aimed at outlawing

discrimination in employment and thus establishing the democratic principles of equality of opportunity."

### Canadian Editor Asserts Citizens Need Wide Rights in Democracy

WINNIPEG, Canada, Oct. 28.—A truly democratic society in which the people actually control the government is not possible without the individual citizens having wide rights. B. K. Sandwell, editor of Toronto Saturday Night, told the Canadian Club of Winnipeg recently.

There is no question that Canada desired and is capable of becoming a democratic nation, he said. But with the spread of authoritarian ideas in the world there is some question whether the necessary independence of the citizens could be maintained without the provisions of some constitutional safeguard to prohibit the government from exercising certain powers which it could otherwise

exercise. The Privy Council made clear that the government of Canada could by order-in-council, without any judicial procedure, exile Canadian citizens from their country if parliament voted it power to do so, said Mr. Sandwell.

"It seems highly probable that parliament on the same terms could order Canadian citizens to be executed," he continued. "It is useless to say parliament would never grant such powers, because the power to exile had already been made under it, though they had not been carried out."

It is high time Canadians faced the problems of devising a means of amending their own constitution, said Sandwell, since the present method, under which amendments are made on nothing more than a joint resolution of the two houses of the dominion parliament, could not possibly be employed for amendments abridging the powers of the provinces.

meeting of the Toronto Community Welfare Committee of the Toronto Reconstruction Council recently, which was held to discuss the brief on Fair Employment Practices Legislation prepared by the Canadian Jewish Congress.

Attending the meeting were representatives of the Canadian Jewish Congress, Home Service League, Chinese Canadians and Japanese Canadians. Also present were Rabbi A. L. Feinberg, Professor Finkelman of the University of Toronto, and the general manager of Canadian Steel Wares, representing the Canadian Manufacturers' Association.

The racial minority representatives were of the opinion that a joint program of education and legislation is needed to combat employment discrimination which is based on race.

The CMA representative disagreed, however, and stated that a program of education should be carried out for many years before legislation on fair employment practices is enforced.

He added that in his firm, a Jew would not be employed in such public relations employment as receptionist, since the customers may be displeased and thus his business would be harmed.

The Community Chest campaign this fall has as its goal, \$1,587,744. This money will be devoted to maintaining Seattle and King County health and welfare services throughout 1948. Everybody benefits—Everybody gives.

Figures show that three out of every four families benefit directly from the use of the Community Chest-supported Red Feather Welfare and health services. Contribute now to your Community Chest.

### Our Navy Day...

The nation paused on Monday to observe Navy Day—an occasion set aside to honor the valor and acknowledge and review the accomplishments of the United States fleet.

Navy Day this year was a day of special significance to all Japanese Americans. For, Americans of Japanese ancestry are now serving in the United States Navy along with other American citizens.

Today, the United States has the only remaining fighting navy of the world. The British have actually reduced their fleet until it amounts to almost nothing. Russia has no fleet. Japan, which before the war was the third greatest naval power, had her navy smashed by the Allied fleet.

The navy's tradition of great ships includes such names as the Bon Homme Richard, the Constitution, the Enterprise and many others. The Second World War added such other fighting ships as Yorktown, Hornet, and Franklin.

The Japanese attack on Pearl Harbor crippled our Navy so much that we were not able to take an offensive in the Pacific until the Battle of Coral Sea. From then on, the combined efforts of the Navy, the Army and the Air Forces pushed the Japanese out of their South Pacific strongholds until our Navy roamed at will along the Japanese homeland waters. The records of the American Fifth and Seventh Fleets in the Pacific campaign speak for themselves.

Admiral Nimitz, who commanded the war-time fleet, has offered a prayer which is an inspiration, particularly for the parents of boys who have served. His prayer is as follows:

"...This will be a fitting occasion to offer at divine services on ships and stations gratitude to God for His blessings and especially for the love of our families which is so vitally related to our happiness and the quality of our services and achievements. It is hoped that all of us will renew our pledge of fidelity to our religion, our sense of moral values, our duty to our families, and our loyalty to our country, with a united prayer that peace shall cover the earth 'as the waters cover the sea.'"

## National Basketball Tournament

Elsewhere in this paper, the estimable edition of the NW Times will undoubtedly have some noteworthy remarks of its own with reference to the NATIONAL ALL ORIENTAL BASKETBALL TOURNAMENT. However, and be that as it may, your correspondent will hold forth upon the subject and supply such details from time to time as may not be strictly news, but may prove of interest to our readers.

In case you haven't already heard, the tournament will be an invitational affair, co-sponsored by the Nisei Veterans Committee and the Cathay Post 186, American Legion. Four Chinese and four Nisei teams from all over the country will compete, and of course will include a Chinese and a Nisei entry from the fair city of Seattle. Tournament dates: December 26, 27, and 28. Place: Seattle College Gymnasium, capable of accommodating 3,000 fans, we understand.

A tournament of this size means a tremendous amount of work, and committee members are already hard at it, under the energetic leadership of Shiro Kashino and Phil Mar Hing. On the Nisei side, committee members include Su Kashiwagi, Ed Kiyohara, Joe Nakatsu, Hiro Nishimura, Howard Minato, Tatsumi Goto, Dick Settsuda, Harry Takagi, Bud Fukel, Lefty Ichihara, and H. A. R. Y. Yanagimachi. Other members will undoubtedly be added to the various committees as time goes on, since there is plenty of work to go around.

The main problem involved in

sponsoring the tournament is the usual one—finances, that is. To help the visiting teams, some guarantee of expenses must be made. Floor rental, referee's fees, and prizes will also require large amount of good old coin of the realm. Some of this money will be raised by tournament dances, and the rest will have to come from ticket sales. The tournament committee is pretty optimistic about being able to raise the necessary funds and being able to finish in the black, so in spite of the finance problem, it is going right ahead.

Aside from the athletic spectacle of eight crack teams participating in a big basketball jamboree, the tournament will also prove that Chinese and Japanese can work together and put over a big project to the credit of both nationalities. Since this is the first time a tournament of this kind has been tried, the Seattle tourney will be closely watched by other sections of the U. S. With the necessary cooperation from the general public, it should be a great success and put

Seattle on the map as a town where the axe is buried so deep, you can't even see the handle sticking out!

## Directory Service

The "Stroller" in the Seattle Times states that the University of Washington library carries a file of U. S. telephone directories, which might help ex-GI's locate that buddy who has temporarily dropped from sight. We might mention that this service is entirely free and available to the public.

## MOVIE REVIEW DEPARTMENT

Yes, we give you all the news. If you are a lover of corry movie fare, we heartily recommend "Spirits of West Point" to you, since it is very good and corny. Being based on a military theme, it should particularly appeal to our veteran readers, who will probably burst into tears when they discover what a rugged life the Kaydets lived during 1942-1946. Man, it was rough, to get up early enough to be able to play football. A lump rose in our throat, and we had to brush away suspicious moisture from our eyes, as we watched the emotional tragedy of the Army football player who, having deserted the team for the pro ranks, sat in the stands to see his former teammates go on to victory without him. What grip-

## PERSONALS

Blowing into town for the JSC homecoming dance was FLOYD YAMAMOTO, resident of the Island Empire. Incidentally, we understand that the dance was an enjoyable affair, with the liquid refreshments not being conspicuous by their absence. JOE HAYASHI drove back from Detroit with a brand-new 1947 Dodge Sedan; we hope he keeps the car shined up like his shoes and golf clubs—with Simoniz, that is. Enterprising furniture peddlers TAK and SHIG MOMODA, who are among the more eligible men about town, promise that they will give us the word when they are ready to take the vows. Ex-GI Joe trusts he will not have to wait too long...

No Build-Up to a Letdown, Please...

The hot all-Oriental national basketball tournament dish being cooked up by the Chinese Cathay Post 186 of American Legion and the Nisei Veterans Committee is still in the preparatory stage, but from this small corner it smells as if the stuff will be just the thing to keep local fans from starving due to improper basketball ingredients.

Four Chinese and four Japanese American quintets—the best in the land, so we publicity men have been sternly instructed to write—will be selected to engage in maple court battle in Seattle College on Dec. 26, 27 and 28.

Neither the Cathay Post 186 nor the NVC is sure which teams will be tossed into the cage hash for the coveted honors.

One can count on the NVC trying to get possibly San Francisco's All-Stars, reputedly the number one five down California way, Hawaii, and the Seattle Huskies (Chicago, Ill.). The NVC, we understand, will put up an all-star team in the tourney—and that's about all, is our private opinion.

Chicago, Frisco and Hawaii quintets, if they enter, will be terrific title possibilities. Cathay Post 186 of Seattle, led by the peerless-shooting Al Mar and Phil Mar Hing, may very well dominate tourney play.

But, for the present, let's skip predictions and work towards making our plans and dreams come true so that come tourney time the fans will not be disillusioned like overenthusiastic boys and girls on "blind dates".

## Sideline Topics

...up in Montreal, Canada, baseball fans speak highly of Kaz Suga, the former Vancouver Asahi star who last season played left field for the semi-pro championship St. John's in the Quebec Provincial league; a Boston, Braves scout was quoted as saying the slugging Nisei is the only real major league prospect on St. John's nine... instead of the top Nisei team in town, the Nisei Veterans Committee plans to pick up an assortment of stars as the NVC choice to represent Seattle in the all-Oriental basketball tournament... when asked by one of the kegling boys if he would "spot" Sumio Nagamatsu, golfer-bowler, some twenty-odd pins in a folding-money game, Morrie Yamaguchi and his sweeping right-handed tosses replied curtly, "Are you out of your mind?"... along with the meatless, poultryless and drinkless days, Americans should be asked to observe "discrimination-less" days as a reminder that prejudice has no place in American sports... Jim Morita, formerly of Seattle's Garfield high, is a first-string guard on the Iowa Wesleyan football eleven, it says here... Kallio Suguro who recently blew in from windy Chicago warned us that the Seattle Huskies there are mighty peeved over this columnist's slighting the Huskies' chances of whipping Tokuda Drug last season; the Huskies, according to Kallio, want to enter the all-Oriental national basketball championships here very badly...

## Chicago ADC Reports Push Nets \$9,152

CHICAGO, Ill., Oct. 28 — The Chicago ADC at its recent general meeting held in the CYO Center, voted to continue the organization, retaining its present officers until such time as another may be necessary.

The treasurer's report on the ADC drive showed that as of that date, \$9,152.50 had been received in donations. The final report and list of contributors will be mailed to every contributor, according to Richard H. Yamada who served as executive secretary for the drive.

Mike M. Masaoka, legislative director of the JACL-ADC, gave a report on the activities of the Washington office of the ADC during the first session of the 80th Congress, speaking at length on some of the important aspects of the various bills which were passed or are pending. His statements were summarized in Japanese by Jack Yatsutake.

Hito Okada, national president of the JACL, expressed his gratitude for the efforts made by the Chicago ADC in its successful drive and spoke briefly on JACL-ADC matters. Okada accepted a suggestion from the floor that the JACL national board, when it meets in Idaho Falls in November, consider the possibility of arranging a meeting of representatives from various Issei supporting groups throughout the country, such as the Chicago ADC, the Kika Kisei Domei of San Francisco and similar groups.

A unanimous vote was made to approve and confirm the recent shift of JACL regional representatives to the ADC.

Officers of the Chicago ADC are: T. Matsunaga, chairman; J. Fukuda and Jack Nakagawa, vice-chairmen; K. Sugimoto and Tom Masuda, treasurers; Torao Hidaka and Mike Hagiwara, auditors; K. Masumaka and Roxie Takehara, secretaries.

The Community Chest campaign is not ordered, it is not compelled—it is voluntary. It appeals neither to pride nor to fear, but solely and exclusively to good will.

## Academy Seeks Nisei Linguists For Medical Work in Japan

WASHINGTON, D. C., Oct. 28—The National Academy of Sciences is seeking a number of Japanese Americans, specialists with a working ability of the Japanese language to assist in an important medical research project which will be carried out soon largely in Japan, the Washington office of the JACL A n t i-Discrimination Committee learned today. Physicians (M.D.s) trained in internal medicine, hematology, radiology and pediatrics, chemists with advanced training in biochemistry, medical laboratory technicians, and a fiscal and administrative officer are sought for the urgent work.

In communication to Mike Masaoka, G. D. Meld, the Academy's business manager, urgently requested that the JACL secure its regional offices the names and personnel data of individuals who are interested in and appear to be qualified for the various positions which the scientific body has to fill. "I cannot over-emphasize to you the urgency of our needs for this work," Meld wrote, adding: "time is of essence and we shall appreciate very much any effort you can make to furnish us with rosters of individuals who may be qualified to participate in this important undertaking."

The position of fiscal and administrative officer requires a Japanese American with a high degree of administrative ability and a good knowledge of accounting. This person will eventually have responsibility for the accounting function payrolls, procurement of supplies and equipment, maintenance and operation of facilities, property accountability, and other business matters relating to the operations in Japan.

Nisei who are interested in the above named positions are requested to communicate with JACL-ADC offices at 501 B Street, N. E., Washington 2, D. C. stating their age, education, experience in detail and past earnings, references, ability to speak and write Japanese, publications if any, dependency status, and length of appointment that would be acceptable. Non-citizens of Japanese ancestry are not eligible to qualify.

## SHADOWS OF NISEI SCOUTS PLAY HOSTS IN HONOR COURT

Three Nisei boy scouts from Troop 53 were among those receiving honors at the District Court of Honors held last Friday evening in the Japanese Baptist Church.

Hiroshi Hasegawa, assistant scoutmaster of Troop 53, received merit badge award in swimming and first aid, while George Hirano and Bobby Namba were recipients of the second class awards.

Troops 53, the only Nisei scout organization in the city, was the host to various neighborhood boy scouts, which included Negro and Caucasian troops.

The Rev. Emery Andrews of Japanese Baptist Church is the scoutmaster, with Clarence Arai serving as chairman of the troop committee. Others on the troop committee are Grant Beppu, Dave Hirahara and Joe Hirabayashi.

All troops present at the Court of Honors received Circus Awards for participating in the annual Boy Scouts Circus held last April.
