

BULLETIN
UNIVERSITY OF WASHINGTON

UNDERGRADUATE SCHOLARSHIP
HONORS, 1941-1942

GENERAL SERIES

OCTOBER 3, 1942

No. 705

Published weekly at Seattle, Washington, by the University of Washington from October to July, inclusive. No issues in August and September. Entered as second-class matter at Seattle, Washington, under the Act of August 24, 1912.

UNDERGRADUATE SCHOLARSHIP HONORS

1941-1942

The University of Washington recognizes excellence in scholarship by:

- (1) The issuance of scholarship lists at the close of each quarter.
- (2) The award of Certificates of High Scholarship and Faculty Medals at the President's Annual Address in the autumn.
- (3) The bestowal of honors and the President's Medal at Commencement.

The quarterly scholarship lists include the names of students who have attained a grade point average or score of 3.5, i.e., a grade of "A" in at least 50 per cent of their registered academic hours during the quarter.

Certificates of High Scholarship are awarded to the students in the freshman, sophomore, and junior classes who have made the highest scholarship records for the year. Faculty Medals are awarded to students of the sophomore and junior classes who have made the best scholastic records in their respective classes during their freshman-sophomore and freshman-sophomore-junior college years respectively. Transfer students who enter with advanced standing are not eligible for any medal, but they are eligible for certificates.

Baccalaureate honors are based on the entire scholastic record. In recent years the distinction of *summa cum laude* has signified a minimum grade point average of 3.9, *magna cum laude* an average of 3.6, and *cum laude* an average of 3.35. The honor *summa cum laude* is awarded only to students who have completed four full years at the University of Washington. *Magna cum laude* and *cum laude* may be awarded to students who have completed not less than ninety hours at the University of Washington together with a record of distinction at institutions previously attended. The President's Medal is conferred at Commencement upon the graduating senior who has maintained the highest record over the four years of his undergraduate course.

This bulletin also contains the names of undergraduates who have appeared on two-thirds or more of the quarterly scholarship lists during their attendance at the University as well as two-thirds of the quarters of the preceding year. Students who have maintained the high score of 3.9 for two-thirds of their quarters in residence as well as two-thirds of the quarters of the preceding year are denoted by an asterisk.

A copy of this bulletin is being sent to the parents of the students in the several honor groups.
