Mr. Harry K. Honda, Editor  
Pacific Citizen  
125 Weller St.  
Los Angeles, California 90012

Dear Mr. Honda:

A very dear friend of mine is looking for a publisher for an article she felt compelled to write when she retired. Miss Frances Haglund was a science teacher at Minidoka Relocation Camp at Hunt, Idaho throughout the war. She has written a story of her experiences. I feel that the readers of Pacific Citizen would appreciate her views of those most trying days. I have read it and have sensed an urge to make people aware so that such episode should never be repeated.

If you are interested, please write either to me or directly to Miss Haglund at the following address.

Miss Frances Haglund

Sincerely yours,

Mrs. Yoshio Sato
