## COMPLETE RELOCATION AND CLOSING PROGRAM IS OUTLINED IN NOTICE

The formal Administrative Notice outlining the program for the closing of Tule Lake Center has been received from Dillon Myer, national director in Washington.

The Notice brings into full operation at this center every facility of WRA in the relocation of eligible persons, and it also is the official order for termination of all WRA services to evacuees at Tule Lake Center on or before Feb. 1, 1946.

Under this order, Tule Lake becomes a relocation center operating in high gear, said R. R. Best, project director, with every assistance WRA has developed through its experience in planning and carrying out the liquidation of other centers being made available to persons who are eligible to relocate. Eligible persons who have not done so, said Best, should begin their relocation planning now, while there yet is time to make arrangements most suitable and agreeable to them, because the closing order is final. WRA, he said, seeks to avoid all possible inconvenience to the people who must leave, and this can be brought about only by cooperation of the people whose relocation must be completed before Feb. 1.

The essential portions of the Administrative Notice, as applicable to the evacuee population of Tule Lake centers, follow:

### ADMINISTRATIVE NOTICE NO. 319

This notice will outline the program to be followed at Tule Lake Center. It will provide for two main objectives--(1) the relocation of all persons at Tule Lake Center who are eligible to relocate, and (2) the termination of all WRA services to evacuees at the center by Feb. 1, 1946.

### THE PROGRAM

The general program to be followed at Tule Lake Center, in order to realize the objectives stated above, is as follows:

1. The War Relocation Authority will carry through to completion a relocation program for all persons at Tule Lake Center who are eligible to relocate. The persons eligible to relocate are: All persons resident in the center whose names do not appear on the detention lists supplied to the War Relocation Authority by the Department of Justice.

2. Persons whose names appear on the detention lists supplied by the Department of Justice are not eligible to relocate, and will remain in the custody of the Department of Justice pending final decision regarding their deportation or continued internment.

3. The relocation program that will be carried on at Tule Lake Center for all persons eligible to relocate will be exactly the same program, with the same types of assistance to evacuees, that is in effect at the relocation centers.

4. The relocation program and all other WRA services to evacuees at the Tule Lake Center will be terminated on or before Feb. 1, 1946. Those who are eligible to relocate, and who wish to do so with WRA assistance, should formulate their plans by Dec. 15, 1945, at the latest, in order to allow adequate time for the final scheduling of transportation facilities and the orderly movement of personal property.

### PERSONS ON THE DETENTION LISTS

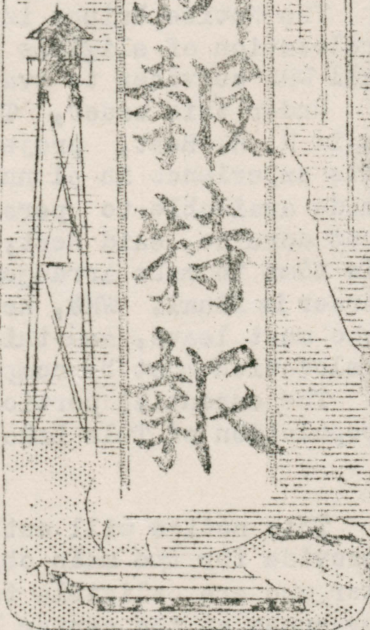

The Department of Justice has complete and exclusive responsibility for all interviewing and processing of detainees that may be necessary in effectuating whatever policy may be made applicable to them by the Department of Justice. When the Department of Justice is ready to interview and process the detainees, the War Relocation Authority will make suitable space and facilities available to that Department for this purpose.

All inquiries received by WRA personnel concerning the future status of the detainees--or of family members who may wish to remain with them--shall be referred to the Department of Justice. Persons so inquiring may be informed that their inquiries should be addressed to: The War Division, Department of Justice, Washington 25, D.C.

### PERSONS ELIGIBLE FOR RELOCATION

All persons in Tule Lake Center who are eligible to relocate shall be processed for relocation in accordance with the established procedure of the War Relocation Authority. They shall be provided the same services, and shall be given the same types of financial and other assistance as are available to the residents of the relocation centers.
