Dear Mr. Terasaki:

Thank you for your letter of August 9 with regard to my order of "ohashi" and "sake".

In your letter you stated that although you do not carry "ohashi" in stock, you will ship the "sake" immediately in care of the Granada Fish Market, Granada, Colorado.

To date the "sake" has not been delivered.

Therefore, we were unable to hold the party on Saturday, August 14th. Will you please investigate and let me know as soon as possible just what has happened to this shipment? We are very anxious to

have this 'saki' as soon as possible.

Your usual prompt reply will be greatly appreciated.

Very truly yours,
Ryoki Nakayama
