Dear Friend Tommy:

Herewith is a new fire insurance policy, designed to take the place of one you already have, the expiration date of which will soon be at hand. many thanks for this business, which is very greatly appreciated.

Trusting that YOUR business may be holding up well and that you are in good health, I am, with best wishes,

Yours very truly,

*Chas. J. Clayton*

P. S.

Many of my friends have asked me at times why I did not take on the sale of other insurance, in addition to that pertaining to fire loss, and after thinking it over, I have obtained an Insurance BROKER'S License, under the provisions of which I am now privileged to sell any or ALL other kinds. Thus far however, I really have not SOLICITED such business, but have merely held myself in readiness to TALK it to any who might express themselves as interested. Never-the-less, I HAVE SOLD SOME, but could sell a lot more.

I am especially interested in such varieties as Accident, Automobile, Burglary, Druggists' Liability, Health, Hold-up, Public Liability, the Store-keeper's Policy, War Damage, Workmen's Compensation, and the so-called Extended Coverage, which protects against loss by Hail, Explosion, Smoke, Windstorm, etc. The War Damage Insurance is sponsored by the U. S. Government while all the others are in the best of companies in their respective fields. If, at any time, you should be interested in any of these or in any other types, and care to let me know, I shall be glad to tell you just what they will cost and what they may be expected to do for you, without any cost whatever upon you.

Yours, C. J. C.
