With the strengthening faith of Buddhism set in their souls, bodies strong in health and courage, our Bussei fighting men went to serve so well in the European and Pacific theaters of World War II. Their valor and unflinching spirits will long be remembered.

It was they who created a broader understanding among the American public and won the respect and admiration of their fellow Niseis.

It is to these Bussei veterans--in recognition and in memory of their outstanding services in the U.S. Army--the Ogden YBA gratefully dedicates this "Book of Memories".

Thank you Veterans!

NIRVANA'S BLISS

Immortal bliss is not attained
By faith in gods on high,
Nor may perfection here be gained
By prayer or fervent sigh.

The ego born of sense desire
Discard and thou shalt see,
Thy higher self revealed within
In power and purity.

On this true self with faith rely
And ever watchful be:
From sin and ev'ry evil trend
Thy mind and heart to free.

Then love and wisdom, joy and light
Into thine heart shall flow
Nirvana's bliss thou here shalt taste
And full perfection know.

May this first souvenir album of the Ogden YBA serve its purpose in stimulating interest by our members in our organization and its activities.

Through such activities such as these, closer ties can be created among our members, thereby working together and learning the principles of our religion; thus attaining closer harmony. With the accomplishment of the above-mentioned principles, we can truthfully say this album project has been a great success.

Our thanks go to the chairman and her committee members for the splendid job of creating this album.

President

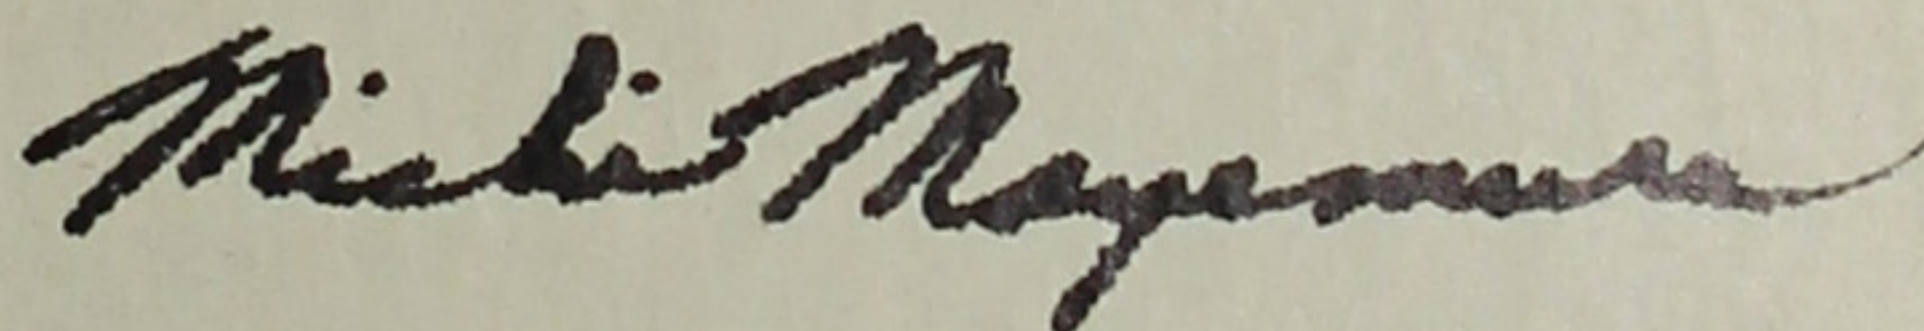

At last, the project which was undertaken sometime ago has materialized into actual being. The Committee Members are happy to bring to their fellow Buddhists this "Book of Memories" which was compiled with the efforts of the Bussei members.

Because of the lack of much needed supplies and other circumstances beyond our control, such as the war, strikes, etc., the date of availability has been extended a great deal, however, we are happy to bring you at this time the long promised annual.

In behalf of the committee I wish to take this opportunity to thank Fellow Bussei's for their untiring efforts and much needed assistance in completing the project.

May this Album bring back to you memories of many happy occasions and recollection of friends of far and near.

Sincerely with Gassho
