

RUTH F. WILSON

10/22/81

Dear Sam -

The chrysanthemums are brightening our home these chilly days - thank you for bringing them - I'm wondering if they can go in the garden - later - or should I winter them in the home?

I'd like to take them to Orient -

we'll be back late afternoon of the 30th (Fri.) and I'll call you, or Rich will, when we arrive at 56 Poplar. In the meantime, if something important comes up for you we'll understand.
