Dear Rau -

Your letter was
very welcome but
I've taken a long
time answering you.
It was a surprise to
hear from you from
Maryland. I hope
you've found a
good job by now -
you certainly must
have gone through
a lot when first
reaching there. Did
you ever get your

Clearance from the Provost
Marshal - that is certainly
a lot of red tape especially
when you have a job wait-
ing for you or are waiting
to get into some college or
university. If the WRA can't
do much for you, the only
way is to go organized your-
self, I figure. I hope every-
thing has turned out for
the best and you have
found the right ^{place} now. Are
Dolly & your children with
you now?

I think Tommie & Keech
both heard from you & Alak
and they were heading for
Philadelphia and Boston. I
hope they both were able
to relocate and get jobs that
they like. As for me, I didn't
get into what I wanted
but I was getting desperate,
I guess and I didn't do so
good. Our son is a battl-
er - otherwise the job
isn't too bad.

Mo has been reclaimed
I-A and is waiting to

he called now - His
job may be an essential
I don't know but his over
to so may be deferred.

Jim hasn't gotten his as
yet - how about you?

There are new fellows
always coming up here
to Sabage - they seem
to struggle along at first
but seem to get along
O.K. later.

Jamie has written a
letter to you so will
enclose it now.

Hope all's well - Regards
to Sally if she is with
you.

Sincerely -

Tayy -
