

mar. 22/81

Dear Kam.

It has been impossible for me to reach you by phone many times, & probably called always at the wrong time.

I wanted to thank you for trying to arrange an appointment with Louis Goodman about some drafting work. We did not get together on it because he wanted someone to be in his office at all times which did not fit into my set-up. I had hoped that I could do it at home on a free lance basis. Well, I hope he found the right person.

In the meantime you had that tragic fire and it was even more difficult to find you until we heard that you found temporary shelter with Kitty Lockwood. I hope that you are able to recover from it, at least mentally. I can very well imagine what a loss it is for you. Is there anyway that I can be of help to you?

Please call me and best regards

Gunder
