Dear Kan -

Surprised to hear from
us? This is a ③ yrs. old
Christmas card and note -
which we are trying to catch
up - We do not want to forget
friends - It's over 2 yrs since
Dolly left us - Guess you
still miss her - So many
dear friends and relatives
have gone on ahead of us -

Our Bob and family in
Chicago have bought and moved
in their new home - They
told us that they talked to
you or your nephew who
said that you will be in
Chicago to design and head

the Japanese Garden in
Chicago - That sounds
fabulous - Their new address
is: [redacted]

They would be glad to see
you. He was voted The Best
Prof. and will be given an Award
Dinner, plus \$10,000.00 Tax Free
~~Award~~ plus plaque - He's been
teaching actually all over the
world and lecturing - We
spend last year Easter for
two weeks with them in Italy
since he was stationed in
London for a year - This year
Singapore -

We went to Livingston
70th Reunion (Church) last
November - and was so glad
to see so many dear old
friends - (350) attended -
We went to dinner together
with Min and your sister Toki

one night together with a group of "old-timers" - They looked good in spite of few ailments - Were so glad to see them -

We got a letter from Mike Tsukada saying he lives in Bothel(?), Wash (not too far from us) - Hope that he could make it to see us - We've been trying to contact your sister Yuri (even called her from Airport Kennedy). Hope she's all right Please tell her we are still waiting for her to visit us. This is really a Beautiful

Valley we are living in .
-- where we are kept very
active in so many ways -
Lovely people - and we do
lots of traveling too -

Hope to see you -
and love to all your
children if they remember
us -

Lovingly -
