Dear Sally & Han,

After the party at the Hotel
where I battered your ears
in Han, I determined I
wasn't going to inflict my
self on anybody this trip.

I have ~~drunk~~ cherries only
& have bananas milk &
mild as a mouse. They

do have gorgeous stones at
the Victoria & Albert in
London however. But what
sent me this trip was the
Scottish Highlands - it
was like going to fairy
land. Best from us both
