

Sept. 28^E

Dear Ken

Your red and pink arrangement of gladiolas are still spectacularly beautiful.

I've taken pictures of them with the new camera I bought - a Nikon "Tele Touch", which I hope will be as easy as it promises to be for a stupid mind as mine. Will send if they come out reasonably decent.

Have set date to Salt Lake City - Tuesday Sept 30th when I

to Thurs. Sept 9^E

will be met at the airport by
a Miss MacKen or some other
host. Am now thinking of renting
a car instead of depending
on others for transportation.

Last last night, received a call
for a Commercial photo ad job
which will bungle my plans, maybe.
However, since it's still tentative,
I'm mailing the Morse Cunningham
tickets back to you so you can
make other plans.

Will talk to you again

Tom MacKen.
