Dear Kim:

Delighted to have a souvenir photo
of you and me at your Darden Tour.
It was a wonderful beautiful day
of interest and many things I remember.
Everything goes into my file. Thank
you very much. (The photo has your Japanese
Home so very nice.)

I also appreciate the cut-out card
of a monkey. It's a unique Talent and
well done.

I have no idea what happened to
Mrs. Schur. She saw my work &
asked me my background if she liked
what I do - (It's a specialized commercial
job involving the fit & work), she may use photos.

I am tentatively busy as I'm putting
together into one 45 years of research
& study. I chose a hall road and I'm
with my mother -

a Happy Summer!
Keep up the good work! My best
Wine -
