Dear Mrs. Domoto:

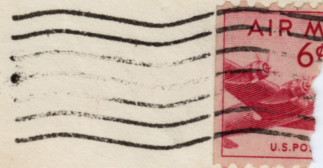

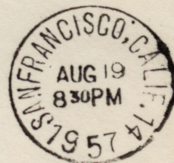

The Department of Justice is asking each claimant to make an election either to proceed by formal hearing before a hearing examiner or to waive formal hearing and proceed with informal conferences with the Department. It has been my experience, on the basis of claims disposed of to date, that the informal conference is more desirable and adequately protects the claimant. I have advised the Department, therefore, that I am waiving formal hearing on all claims. The Department informed me today that the waivers must be signed by the claimants. Will you, therefore, sign the enclosed waiver and return it to me immediately.

Yours truly,

JOHN A. GORFINKEL
