

I seem to be running out of paper - excuse brevity
but might as well use a lot of this up.

Tuesday note -

I've some glasses - you probably think I've had only one.

Tonight I went to a farewell party given by the
67 Frig for Mrs. Kamin - it was quite nice -
a lot of impromptu Japanese music - ~~canon~~ -
~~and~~ koto etc. - which, if you don't know yet, I love.

Mrs. Hikiido was chairman & a very able & clever
one - I haven't heard of music - & seen it
played - for so long that I almost cried.

Today was awful - hot as hell - dusty & windy -
when we have this kind of weather I feel we can't
wait too long to get out - both of heads get
asthmatic from the dust.

Goely - its real quiet tonight after that wind
this aft. - but its real warm too - hope
tomorrow is better.

The rat in bks. came - but you never sent me
the catalogue or whatever it was to an exhibit at
the Baltimore Museum.

Your friends have all been swell - hope to meet
them some day - I havent written to Mrs.

Simon yet but will when I get a bit
of time. Do the Zaima boy you mentioned
a brother of Bill?

Its 11:30 - & Im waiting for KD III to wake up - he's
drinking fresh milk now - still has to eat in the
middle of the night or bawl his head off -
I've asked several people what to do & the answer
is Feed him - he's a boy, uses a lot of energy
& is just plain hungry - his stomach sure
growls at that time - sooh, he's 10 months old & this

should stop soon.

Hana Uas is back in camp - or maybe you don't know that she & May left & went to Shelby ~~town~~ soon after their mother went to Crystal City Texas. They stayed in Mississippi until May's husband left for overseas - May is having a baby at the end of August so they're staying here until it's born & then are planning to relocate to Minneapolis. Did I tell you that my sister wrote & said Fred Osburn is overseas now. -

A.P.O. New York - so it's Italy Express

about your camera - Mr. Fisher at the property office - said even though he sends in the info. you send there's no guarantee that you'll get your camera - in fact he was so sure you wouldn't get it that I got sort of mad - Then before I could say anything he said the thing that would have to be done is to wait until the war is over & then file claims with the gov. - Guess a lot of the stuff has been stolen. Sure is

annoying though.

Oh - How much did it cost to read that box?

Oh - Mrs. Sasano is taking Mrs. Harumi's place
as Baby Food lady.

guess I'd better get this off tomorrow -

If the printing on the envelopes are a sample of
what you do in the office - they're pretty
bad!

lots of luck anyway
