

Thank You

Dec 26, 1981

Dear Ken,

My daughters and I want to thank you for all your efforts, time and presentation of Bob's art. I appreciate very much what you said about Bob, and as soon as I can organize all the equipment I brought home from the office, I would like you to have the architectural supplies, if you can use them.

Thanks again for this and any other exhibit you may plan to have in the future.

Sincerely,  
Aune
