TALLIESIN

Dear Sally:

I shall leave here at least by tomorrow so that I shall be in Minneapolis Monday some time. I'm just cutting my visit short here so the Minn. trip would not extend the date. This is no place to bring a family. . . . More later.

I received your letter yesterday and I do wish I could hurry home now but I will take longer in the Carolines because I'm really going to get located down there. Probably I can cut the N.Y. visit down. There is some one here who has a home in N.C. and I'm asking more information. But it is just about like I thought it would be. Right now I'm wondering if I should accept a higher paying job in N.Y. or try for something less but in the Carolines. It would have worked out if I had reversed my route. Well something will turn up just right.

Please open any letter of mine and let me know about it. I'm not sure just what my address

would be in N. Y. But if you have
to get in touch with me at about the
3 or 4 of Sept., send the mail % General
Delivery, Flushing P.O., N.Y. City, N.Y.

I will pick up any letters there sometimes
the next week. I will send an airmail letter
to you on where I am staying at N.Y.

Have you picked up my eye glasses yet?
I will be sure to get something for Thais
and also try to get an iron. I may buy
a second hand baby crib. It was in
a shop in Chicago, very close to where
Min is living. Springs & mattress too.
I wonder how much it would be. You
know I think I will buy it anyhow
because that can be sold again.

I will have a little more time
today to write to other people. I'm pretty
busy talking to people. One thing the trains
are so crowded I don't get a chance to
write like I did before.

Good Bye until the next time

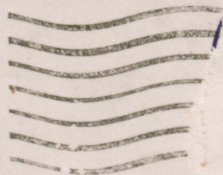

Love
