on train

Dear Sally:

I sent the birthday gifts for I-hais to you. Beside a cut out, there are two paste up boards — 1. Bambi. 2. Skunk. One of them is for Spike. I found a few more illustrated books for Miki. I saw some of the other ones too at 10¢ but they were duplicates. I also saw a set of 8 glasses all colored differently for \$3.00 but didn't get it at all.

I staid at Lazy's place at Minneapolis. She is living with Jiro and Keek. Minn. is a very beautiful place.

My uncle wasn't feeling well.
He is up and around under
a doctor's care.

Please tell Mr. Dloucka
that I saw Mr. Vennum
at Minneapolis as well as
his daughter. She was
looking very well.

I shall be in Chicago
for a day --- tomorrow --- Thurs.
Then to Lansing probably
Anne Arbor & then N.Y.
I'm trying to get into N.Y.
before the week end.

The country is very
green + beautiful here.

I hope Mike is all
right. How is Spike.
Jiro Omata suggested calling
him Pat. Pat + Mike.

This Hiawatha train is one
of the best I've ridden.

I haven't found an iron
yet. They all smile at
me when I ask them.

I was trying to get Dick
some Ping Pong balls but
I haven't been able to either.

Maybe I will find an iron
some place yet

Four shirts are pretty
hard to keep going easy. One
must make a study of it.

Well some more later
Love

Kon
