DEAR SALLY:

How are you Honey? Are you all right?
Gee! it does worry me to have you all by yourself
there.

I had a letter from Hideo Nishijama from
Salt Lake City. He is doing all right but is classified
as 1-A. so doesn't know exactly what to do yet. He
really is going to town on his life insurance business.
He is or may be promoted. Good for him.

I saw Reridge last night. He is working on his
old job again. Most of them are back and were
very well received. They are all happy to be back
working. Saw Augy - my his is large. Takiko
said that the first shoes she bought for him
were 4½ and required a coupon. He has big
feet and very fine proportion. How is KIII.
I guess he is pretty big too. Too heavy to carry
around isn't he. This is another short note but
will write at length tomorrow night after I have
made some more inquiries about housing.

Mr. Mitchell of Merced is leaving town tonight
and Jimmy and I are going to see him off.

Love, Kon
