DEAR SALLY:

Josh! how are you? Have you heard from anybody? Before I go too far, send your glasses to me, if you haven't sent them elsewhere, I'll see that they are fixed. By the way, my spare one is there isn't it?

This weather here is pretty stuffy and humid. Not so pleasant. It's better out on Long Island. There seems to be more circulation of air.

So far I haven't got a job yet but I have an appointment to see the firm of Owens, Skidmore, + Merrill. I sure would like to work for them. I made a set of drawings to show them. I hope it's OK. Another large prefab. wall Company in Cleveland wrote me and said that a represent. will be in town next week for an interview. I'm going to see more arch. today. This is just a short note before I go out.

Hope everything is all right with you.
Thanks so much for the pictures.

Love,

Kon
