Dear Ken:

I was very happy to receive your cordial note. I, too, regret not having had an opportunity to see you in May when I was East. I hope there'll be another chance this year, but that is very doubtful.

Do you have Jimmy Tanji's address? I've lost contact with him. I'd appreciate your sending it to me if and when you can.

We will try to see your brother. We've sold our car so transportation is our problem. I wish you were here as I've lots of questions to ask and I'd rely on your answers. We want to buy an acre or two (when we get the money) where we can raise fruit, berries, vegetables — and Richard II. But there never were two greater novices at land-buying than we.

My best to Yori. Ask her to write sometime. We send all our best to you and yours —

D. Mitchell,
Dick
