

Dear Kaer -

Just a card to let you know
I'm now at S.F. County Hosp.
Since the county took over at Hill-
crest, all outside patients are
being returned to their counties.
Seems WRA is determined to close
camps by Dec. It's just as well.
This isn't a happy place, but I
guess I'll have to stick it out.
I'll be glad when I get out of here.
Sure would like to travel around &
see the country when war is over, or
spend 6 mos. in the north woods.
Seems like great things are coming.
Great things to be alive. How are
things with you, and what are
your post war plans? Come west,
I think East is firm. They are
talking big things here. Steel mills,
auto building, air terminal, foreign
trade. Stop by at Zahiesen & get all
you can out of F.I.W., then start
building in the West. We need
some one to get things going out here.

Sincerely,

Winn
