DEAR SALLY:

Well, at last I may be able to give you a home for your birthday. This house has quite a bit of ground attached to it. It is a two family unit but the individual rooms are small. It has six rooms on each floor. The heating isn't modern but we can fix that up. It is a good buy at \$3,900. I'm trying to get terms arranged. Bus passed right in front and shopping district about 3 blocks away and a garage in the opposite direction a little further.

I should have bought you something for your birthday Friday because Sat. I went out of town to New Rochelle again. I think on Sept 5, the Real Estate agent will let me know if we have the house. — I thought I would buy you a black ring like the one you had. I saw one for about \$50.00. I can make it up thruout the year. Let us hope that Sept. 5, is our lucky day as well as yours.

I visited Mrs. Shinn yesterday on the way home from the house finding trip and had supper with Togo & his wife. Pidge came over for a while later. He makes it a point on seeing his mother once a week.

Just think I'm going church again today, got to pray hard for the house.

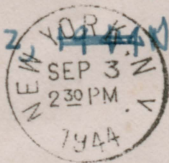

Love,

Ken
