Dear Kaku -

Never say a Fiji doesn't
do things in the right way.
There's fighting words & I'll
have pieces of you piece.

Of course that might be
taking unfair advantage
of you since games will
be much good. But wauua
fight? - I still got the
old spirit even in this

deerp deump never mistake.
Well, what in the name
of heaven is all this squabbling
about?

in any individuals, do you suppose
that that is why the Trappist monks
wear hair shirts? I'm sure mine do
in order that they may be impressed by the
presence of Jesus. You know as sort
fetish or symbol. Right! I'm still pretty
delirious I suffer yet from the trauma
of birth. I swear I have a soft spot
on my skull.

And how is the notorious Remoto clan?
Any new babies, new weddings? Let
anything I note at all for the love of god
does anything happen in Hayward
either?

My present job is translating into
Japanese - directions for using Kotex. A
nice dequered job for a lady! I hope
I get paid. But I'm really terribly
busy & am planning to take my
master's exam in May. Then I shall have
to take back all the speculations I have
made about the dietes created by the
diabolic mind of man & pray. The prayers
of seers are more frequently answered so I am
bold. All sacred & - Beauty unknown

P.P.S also I think Corin is lousy. It is
too obvious & just too refined.
