

Dear Kan -

Just a note to acknowledge  
your letters. I will answer  
all of them when I get out  
of here. I'm still here at  
L.A. General. One surgeon  
says operation not indicated.  
So switched to Dr. Tool. He  
operates. What can you do  
when they can't agree, and that  
on what one Dr. sees in X-ray  
and another doesn't. It's a crime.  
I wish I could bowl some of these Drs.  
out. Trouble with anesthesia so I  
was brought back. Now Tool hesitates  
& calls in another physician. I'm the  
victim. What's the idea sending those  
stamps (25¢)? Can't say much about Dr.  
Thompson of W.R.A. He stinks. Glad to  
hear of N.Y. Com. for Resettlement. What's  
the legal basis for keeping Japs. in  
camps? That library book I sent; it's  
pd. for. Put it from circulating library  
in N.Y. Don't worry. Say, if there are  
too many girls, I can accommodate a  
few. Send their add. - blondes, brunettes  
etc.

Sincerely,

Wiansin
