Dear Sal, [somewhere in ~~California~~]  
How are you? Kan and the family? I hope  
you're all fine. I imagine you must have gone  
out of the center, haven't you? George wrote from  
home and he says Kan is in Michigan and she  
is way out in Vermont. What kind of school is she  
going to? May Kawata is out in Washington D.C.  
I sure, Iii, and Jojo are in Akron, Ohio now. Gee!  
all of our neighbors are scattering all over the  
place. It seems to be awfully hot in Tokyo now,  
but I guess Colorado must be just as bad, isn't it?  
Boy 105 is hot enough I don't get that hot out  
here even. Aahh it's plenty sultry and plenty of  
rain. It's not so bad out here tho. at least I'm  
still kicking. Yukie is doing alright. She sent me  
a picture of Donna, who's 15 months old and she's  
really growing up. I won't know her when I see her,  
not that I have yet. Goshito Shibata is out this  
way, but not with me. Also, Fudama and Shi-  
saka - the younger brothers. What's doing out there  
Sally? If you're not too busy you're always welcome  
to write to a neighbor. Best wishes doesn't it  
Chicago, Max
