By the time you get this Japan  
Day will be over. Gosh I wonder if the  
"Hino-maru" is shining as golden there  
as it is this a.m. Bonsai!! for the  
Bonsai. I told pa about the Domoto  
thing a la  
technique of <sup>thing a la</sup> ~~Japanese~~ and he enjoyed  
it all, putting his bet on you against  
anyone there for the "bending and  
twisting".

I wanted to get this note off sooner  
so that you'd get it today but first of  
all "money" is the first and our dear  
clients are first with their mails.

to say only after reading your letter  
I felt like saying cheerio! Good going

Well since I last wrote, we  
did go down to Livingston the next day—  
the day which has been the beginning  
of the warmer days. Poor Yui! She's  
had more bad luck with flats! Honestly  
while I was in the hospital, she had  
two in one day—coming and going—  
after delay in starting for the trip for  
new springs—rear one too much weight—  
and on the starter—we left sing-  
ing merrily until Delhi. Then Pop went  
to slow out. Lucky we had  
a spare. As yours truly sisters, we felt  
that we could have done a quicker  
job than the old man whose garage  
was right there at the site of the  
puncture. He put two jacks to lift  
the car, and kept turning the

handle the wrong way, when he was there.  
Lucky his young help arrived soon after.  
Tok came home with us that day and  
has been busy visiting the dentist and  
friends and etc. She & Yuri will probably  
take in the train this aft. Tok says  
she doesn't know where you are - She  
says you have been lost in the Southern  
swamps.

Yuri says ① Gold meeting last night -  
reports of later. Shimai says his garden  
looks like a pile of junk just now.

② Confirmation of rumor. Wm Enomoto  
& Ritsun Nakashima announced their  
engagement last evening. ③ If you want  
to see a fellow Californian, get in touch  
with the "Zuka" girls secretary - Kiyo  
Kitano, U.C. P.F. girl traveling with them.  
Hotel Sutton - E. 56<sup>th</sup> St. N.Y. last address.  
Yuri puts her "stamp of approval" on

...and now it seems, you know the whole  
...the young girl named Rose  
...and she had a letter to the  
...the letter to the picture part. and  
...and she will give it to the  
...the letter to the picture part. and  
...the letter to the picture part. and  
...the letter to the picture part. and

- After that picture...  
...the letter to the picture part. and  
...the letter to the picture part. and  
...the letter to the picture part. and  
...the letter to the picture part. and  
...the letter to the picture part. and  
...the letter to the picture part. and  
...the letter to the picture part. and

her - I don't know if she is a lamb  
or a beef. Not a steer though. (Gosh  
isn't that terrible)

Did you send a picture of a  
Camellia to me from South. I think  
of a reticulata. He says he didn't know  
whether you or maybe Boardman  
sent it.

It looks as though you had a  
swell time at the fair with the group.  
At least, you're a damn good writer  
if you didn't. Combies are moving  
to Ceres for the next monthes I hear.  
and Taki Tomoto Jr and family (wife &  
daughter) sailed yesterday for Japan.  
Going to run for the mails box so  
again - Best wishes and cheers!  
Fred? I betcha!

wah.
