Dear Sam,

It certainly was a surprise & a great pleasure to us last week when we received such a nice long & interesting letter from you.

Thank you - but I won't be able to last long enough to write that much -

I'm glad to hear that you are still loyal to our little Fair out here. Remember Mayor Rolph's slogan always was, "San Francisco Knows How"

Your Brother & I just had dinner together down Fruitvale Ave - we had been to the Auditorium to see Howard Gilkey about space in the Flower Show. They are well advanced with the construction work & many gardens are pretty well planted in the outdoor sections. I'm going to be outdoors this year, & take a chance on getting rained on.

I suppose you will be seeing such wonderful
& inspiring sights this summer & our little Flower
Show out here will seem insignificant, but
I think its going to be pretty swell this year -

Mr Cronkies Father passed away last week.

So we have been disorganized, running back
& forth to Modesto.

We dont know for sure yet what we will
do. perhaps we may have to sell out and
move down home to live -

Business has been swell this past month.

Sunday was a dandy day - lots of bedding plants
Rose bushes & flowering fruits, Cherries & Crab-apples
are about at their best right now.

of roses are coming into bloom fast. looks
like a good Easter weekend. Can you

had better go to church Sunday morning.
a little religion will help to counteract the
effects of that visit to Harlem.

We are certainly glad that you got a foot
hold back there. & when you get ready to
come home, you can tell that son of a gun
what you think of him - Lot of Luck

Jim
