Dear Kau -

This is a fair time to be thanking
you for Christmas & New Year's wishes
but that's the way it is! And I do
thank you!

I suppose this will be forwarded to
what ever new address you may have,
I hope so.

Stoop has a neat way of rationalizing
what he wants people to believe. He
had plenty of time to prove the sincerity
of his desire to do what was right
and to prove some of the gratitude
he said he felt toward mother.
Nothing happened. Words are nothing
if not backed by some kind of action,
you know that, Kau. Bankruptcy
was very cowardly and a great
disappointment to mother. But
that is that. Period.

Whenever you settle me all
wish you the greatest possible
progress and success.

Sincerely yours
Clement Cook.
