Dear Mike & Andy

1st I want to thank you for the swell Xmas Cards. It makes me feel swell to know you remembered me on this day.

By the way I heard through your dad that that Movie is a Movie again that makes Mike a nother sister and Andy another brother. I guess I'm a nother uncle. you know what things like that happen it sure makes Uncle Kai feel pretty damn old.

What is your new sisters name? I'd kinda like to know cause an Uncle kinda feels like hell when people ask and he doesn't know makes people think he doesn't give a damn about his niece and nephew. and that ain't true so you see

Dear Mrs G (copy)  
 I don't want to thank you for  
 the small Xmas Card. It makes  
 me feel small to have you  
 remembered me on that day.  
 By the way I heard through  
 your dad that that woman is  
 a woman again. That makes  
 me a water heater and says  
 water heater, says for a  
 water heater. You know what  
 thing like that happen at  
 your water heater for  
 pretty soon. What is your new  
 name? It looks like to know  
 come on what time fall like  
 well when people are and be  
 about from what people think  
 he about give a class about  
 his time and together and  
 that and then so you see

I'd like to know.  
 Before I go any further I  
 want either of you to thank  
 Momie & dady for the subscription  
 to Arts and Architecture. cause  
 I really like that Magazine. I  
 havent as yet received my first  
 copy ~~yet~~ but have been informed  
 of it. Also Aunt Hank. (I don't  
 think you know her but she  
 is very happy over her lady  
 Burton she received. she took  
 it all apart the first 2 months  
 she saw it. If by looking at  
 it, it would wear out. it would  
 be ready for the junk heap now  
 shes ~~always~~ always looking at or tending  
 with it. Says it matches her  
 student body card aint  
 she silly. (school colors are red & white)  
 by the way Ask Momie & Paddy  
~~how~~ how in the hell do you  
 get at the front cake its  
 sealed in so tightly we cant

get the lid off or doesn't it has  
has one. I thought it ~~might~~  
might come complete with an  
atomic can opener, but apparently  
not. Well anyway having it in a  
container like that I'll just be  
(we can't get at it)

~~the~~ the gifts got here

Takeshi Nakagawa (Gore folks and  
Kaw King) on a 5 day Xmas pass

Takeshi is a kid, Min G. I think I made the round in Chumtown about the 3<sup>rd</sup> place we went. Takeshi was pretty well lit, and started to talk about his wife all of a sudden he said "Hay Min ya saw my wife. Aunt she ugly tho aunt she."
