KANEJI DOMOTO

From Niece: On Saturday a letter from Mamma came & it  
certainly was a nice surprise — likewise the  
~~unexpected~~ check — I'm not sure just what to do with it  
but please thank her for me. We have just gone through  
a terrific heat wave about which you doubtless heard  
or read about in the newspapers — the hottest days went  
up to something like 118 — plain hot & humid —  
certainly made everyone feel quite hopeless — but  
it's over now & the past 2 days have been pleasantly  
~~warm~~ ~~in the excitement~~ I get bigger & bigger —  
strangest figure yet — stick out like a bullet in  
front — Can say I look like an African native —  
the best we know of about having a fat  
mommy even after the baby is born — they just  
don't like fat mothers or women. But since I've gained  
only in front I don't think they have much to

worry about. The chief concern other than the business  
of remaining forever big is that this baby must be  
a boy - which I've tried to ease up a bit -

I really don't see it in the cards for me to have a  
2nd boy though it certainly would be nice.

Vacation started last week - & we have the usual  
problem of what to do with the 3. Miki has had a  
serious infection (blonso her case just like you)  
so I haven't been able to take them down to the  
beach - Congo hates beaches & water - Nactee  
of course loves it.

Congo will be 9 in a couple of days - then  
kids are growing up so fast - they all eat  
like horses now & our grocery bill increases  
very much -

Mama was over this last weekend - looking well - had another new dress. She's gotten some good looking things for the summer.

Oh - mama asked me if there was anything I wanted - could you ask her to knit some socks for me - I prefer them to rubber pants - any number please - in a fine yarn, I guess.

Albert was in N.Y. several weeks ago - said he'd soon be around in August (end) for a Sociology Conference to be held in Atlantic City - so I guess will see a bit of them.

Well - it's late so must go to bed - I guess the J.A.C. Convention must be

over by now - hope you had a good  
time.

Heena said you wrote about the possibility of  
reading mama out here in the forest.  
might be a good idea - these kids are  
getting big (as she wrote in her letter to me) &  
she's never seen Anaya - nor Mithi  
actually except when she was so small.  
Might be a good change to our other  
grandchildren for a change.

Write sometime. Tell mama I feel okay  
most of the time but certainly feel weird  
this month of July would so long fast

Love  
Sally
