Dear Charles: The Christmas packages arrived the day before yesterday - see thanks so much for everything - the bathrobe is a bit big for Mike but the color is swell on him - I'll fix it - the sweater is wonderful - mama certainly knits well - I put some leather buttons on it - its real warm & fits very well - the push toy is real cute I don't know who likes it better - Larry or Ken - Mike plays a lot with the blackboard etc - I'd been thinking of getting her one. The basket is certainly well made - I put some branches from the Christmas tree in it & it looks swell.

How was Christmas in camp? - Is Duncie still with you - if she is - tell her we don't know whether she ever got back from the Pennington after Thanksgiving but assume she did since the school didn't contact us - tell her to write - guess you found her pretty grown up. We got a card from Ken saying he was spending New Years with you - hope you all had a swell time together -

I was glad he was going especially because of the new W.K.A. ruling - What are your plans? Are you going back right away? or what?

The point is this - New suggests all of you coming out here - not this month but in March or April - you all

could relocate to here - stay with us - the U.R.A. will
pay your fare. You might as well see the eastern
spring - as well as the high spots of New York -
& the surrounding states - if you don't come out
before you go back to California you probably never
will. We have plenty of room - & in about a
month the stuff (extra beds etc) will be here from
Calif. - we just got notice that it's on its way now -
March is apparently very windy & cold so it'll probably
be best to come at the end of March or beginning of
April. I know Mama & papa will enjoy this area -
as well as their grandchildren - frankly - I don't see
them working as hard as they did before at the
nursery - since this is Fran's idea you needn't
feel your's imposing on us - in any case,
do let us know what your plans are & don't forget -
you're welcome to come here & stay as long as
you want.

Fran has had his 1A + his physical which he
passed - but he's got an essential job
so he won't be pulled into the army - he changed

will go too - since they're all living together now.

I haven't gone anywhere - not even New York City since I came out - but I'm not in too much of a rush though there are a lot of people I'd want to see sometime soon.

Has Susie decided what she's going to do for the winter period?

Do you have another year or half year to finish high school?

Well, let me know how everyone is & how what your plans are - we're anxious to know -

The kids are growing real fast - and do they fight together! - they have to be with each other & yet they're always scuffling - mostly because Kanye is a terrible tease. Hope everyone is well - nice day - though

Kan was in bed for a few days — overwork —
8 hours at the office & about 8 hours at home —
too much — so we're letting a lot of the
renovating go for a while.

Rinabii, Waki, & Tokuko sent ~~me~~ the kids Christmas
presents — but as might be expected Yuni didn't
send anything. — She's going to school again —
probably making her husband, who's a real swell guy
too good for her, do everything around the place.

Well — enough of this letteriness —

Write soon —

Kore
