

June 2, 1930.

Dear Kan:-

Here is my long promised letter which I owe you. Yes we are always busy eating but other times I must confess and say that I have been lazy. It is always better to say I am busy than to say I am too lazy to write.

Have you got very much to bring home? Do you need the truck. If everything is all right I could call for you with Em on Wednesday June 11. Do you finish in A.M. or P.M. Perhaps Hadam will be going down that way about the time. Anyhow let us know definite what time you finish on Wednesday.

Father is still taking it easy and is in bed. We have the hardest time trying to get him out on the porch and get sunshine. You know him when we say black. He says white so best thing to do is don't say much anymore. He certainly is making good of his prolong stay in his bed. He is reading the Bible and is finished about

one half of it. He says it is great Book.
There is nothing wrong about smoking
and nothing said about it in the Bible
according to him.

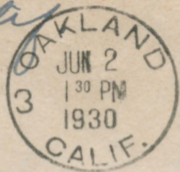

The graduation is soond again
and there isn't anyone graduating
in our family. Hideo Nishiyama and
Norman graduated Thursday already.
Owing to many Fernsters at Coaklewood
one group graduated Thursday al-
ready. The little Shin Sakada is
finishing Elmhurst Junior High.
I'm writing this to let you know
some wonderful History of Elmhurst
town.

How about next week? Send
everything back if not please specify
what you want. I didn't send the
green pajama back as it was torn
and thought you could get along
with out it till the end of semester.

OK. Boy this summer is going to
be a busy one for us. Wedding
in sight. Perhaps a Trip. for you
Harro! Anyhow Rich will have
to wear one. I'm be dying to see him
in a Trip. all about your sister
study and its luck I'll bring her
it to you.

I do not know whether to draw you a loose sheet or four leaf clover
C
Twenty more but.
