Dear Kan,

Thanks very much for your instructive letter. I took your advice about getting an availability letter from H. Incidentally, he is very helpful and sympathetic - he mentioned that he had heard from you and said he would do what he can to help you.

Hoped that this letter would be able to tell you as to the date of my arrival in Phil., but things aren't moving along as hoped.

I am going to see Mr. Narumi at N.M. Pending our conversation - I shan't be able to say when I will be out there.

Had quite a week - the fellows finally agreed to send requests to Wash. for asking for citizenship rights nominal isn't it?

Things are pretty much at a low level in spirit in camp. A bunch of fellows are going Tuesday and for physical to Denver. 6F - Tideo Wada and Hamakawa boy.

My IA hasn't come to date.

The kids are just fine. Was happy to learn that Miki was coming along fine. Dave is growing so fast that my camera can't stop his ~~growth~~ growth.

Everyone OK here

Rich
