

Dear Brother:

How are you. I am fine. Do you know what I got for Christmas. Well I will tell you. I got the American Boy for one year Oh! Boy! I got that from Lon, Hak, and Tok. I got mittens to keep my hands from getting cold. I need it especially when I go to school on the bike. I got that from Haek. I got a comb and brush from Em.

Don't be surprised 2
when you get home
and see my hair
combed. I got a Benjamin
Air Rifle from Pa.
You ought of see me
pick off birds. Pa
wants me to kill
Robin and I kill
them just for ill
his sake. If he
didn't say that
I wouldn't kill
the Robin. You ought
of see the Jack
Rabbit that came
in our nursery.
Pa said that he
would give me
five buck if I kill

him. You ought of 3
see how he scared
me once. Well
hear goes the way
he scared me. One
time I went out in
the field to kill Robin.
I saw some on
the tree by the
Box Hood Tree. I went
through the Box
Hood Tree and took
a aim at the bird.
Just as I pulled
the trigger the
Jack Rabbit jumped
away. He was right
under my nose
but I couldn't see
him because I was

aiming at the bird.⁴
You would ask
me why didn't you
pump the gun and
shoot him? Well
in the first place
I looked at him
so long (because I
didn't know what it
was), that when I
pumped my gun
well he was nowhere
around.

There isn't much
news around here
except that Fay
and some other children
are going to get double
promoted to the High
eighth, eighty second
